In exercise of the powers conferred upon him by section 101 (2) (*d*) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, the Lieutenant-Governor of Bengal is pleased to direct that a survey shall be made and a record-of-rights prepared in respect of all lands included within the boundaries of the said estate.

The particulars to be recorded in the survey and record-of-rights shall be the following:—

(*a*) the name of each tenant or occupant;
(*b*) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy-raiyat, non-occupancy-raiyat or under-raiyat; and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;
(*c*) the situation and quantity and one or more of the boundaries of the land held by each tenant or occupier;
(*d*) the name of each tenant's landlord;
(*e*) the money-rent payable at the time the record-of-rights is being prepared, or if a produce-rent, the fact that a produce-rent is paid and the customary terms according to which such rent is paid;
(*f*) the mode in which that rent has been fixed—whether by contract, by order of a Court, or otherwise;
(*g*) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;
(*h*) the special conditions and incidents, if any, of the tenancy;
(*i*) if the land is claimed to be held rent-free,—whether or not rent is actually paid; and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority;

(j) the name of each proprietor, with the character and extent of his interest, and the situation, quantity, and one or more of the boundaries of each proprietor's private lands, as defined in Chapter XI of the Act;

(k) the custom of the village regulating the methods of irrigation, and the duties and rights of both landlords and tenants with respect to the use and maintenance of the means of irrigation.

REVISED WATER-RATE RULES FOR THE MIDNAPORE CANAL.

The 4th October 1904.

No. 59.—Notification.—In exercise of the powers conferred on him by sections 99 and 78 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Midnapore Canal. These rules and rates will supersede those now in force.

D. B. HORN,
Secy. to the Govt. of Bengal.

Proposed Rules.

GENERAL CONDITIONS.

1. The Divisional Canal Officer is responsible for maintaining the canal in an efficient *condition* for the distribution of water to the lessees, *for the closing of the outlets in rotation when required,* for providing drainage channels and generally for all engineering work involved in its management. The word "canal" is here used as defined in section 3 of the Act.

2. The Deputy Collector is responsible for the assessment and collection of water-rates accruing to Government from the canal.

3. Except as provided in the Act, and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act, other than those specially provided for in Rule 19, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks *demarcated by suitable boundaries; and* in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that, as far as practicable, *one-seventh* of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer and the Deputy Collector, and shall also be recorded with its irrigable area in the registers to be kept by them.

ON APPLICATIONS.

7. Applications for leases under section 74 of the Act shall be presented to the *Deputy Collector or his subordinates.* These applications must be made in writing and may be on plain paper. The officer receiving them shall enter on the back any further data required.

8. A separate application must be presented for the lands in each village, but *tahsilalaida* or other lands lying within the village boundary at the time of survey may be included.

9. Applications for the supply of water are to be made to the Subdivisional Canal Officer or Sub-Overseer, either verbally or in writing.

Existing Rules.

NIL.

1. The Divisional Canal Officer is responsible for maintaining the canal in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word "canal" is here used as defined in section 3 of the Act.

2 The Deputy Collector is responsible for the assessment and collection of water-rates accruing to Government from the canal.

35. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer; but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any orders passed by them in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

36. In appeals to the Collector under section 91 of the Act other than those specially provided for in Rule 19, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings in the case.

NIL.

5. The Divisional Canal Officer shall map out the irrigable area into blocks in accordance with the natural features of the ground, and so determine that the whole block shall be irrigable from one outlet or from one set of outlets. So far as may be practicable, the blocks shall be separated by drainage lines.

7. III.—In order to equalize the areas to be dealt with in each year, the date of expiry of the leases in each block shall be determined by the Divisional Canal Officer in consultation with the Deputy Collector, so that, as far as practicable, one-fifth of the total area usually irrigated may fall out of lease in each year.

6. Each block determined as above shall be numbered and recorded with its irrigable area in registers to be maintained by the Divisional Canal Officers and Deputy Collector. The blocks shall also be marked on maps to be maintained by the same officers.

NIL.

11. Application for water-leases under section 74 of the Act shall be presented to the Subdivisional Officer through the zilladar in whose charge the land lies.

12. Every application for a water-lease shall contain the following particulars:—

1.—Name and residence of applicant.

2.—Name of pargana, mahal, and village in which the land to be irrigated is situated.

3.—Total area for the irrigation of which the application is made and its boundaries, and if the lands to be irrigated lie in separate *chaks*, the name of each *chak*.

4.—Names of the raiyats whose lands are to be irrigated, and the quantity of land held by each.

5.—Name of the canal and number of distributary from which water is required.

6.—Signatures of the applicants.

13. A separate application must be presented for lands in each village, but *tahsilalaiwa* or other lands lying within the village boundary at the time of survey may be included.

3. Water shall not be distributed otherwise than on the application of a lessee, or to a person in whose favour a provisional license under Rule 15 has been issued. Such application may be made verbally or in writing to any subordinate in charge of that part of the canal from which water is required.

Proposed Rules—*continued.*

ON LEASES AND PERMITS.

10. Ordinarily *7-year leases* may be granted for the whole irrigable area of a block or, subject to the provisions of Rule 8, for definite parts of a block, under the following conditions :—

(i) The whole irrigable area of a village, so far as situated within the block, must be included in the lease : *provided that a lease for less than 10 acres is not granted without the special sanction of the Divisional Canal Officer.*

(ii) No permit shall be granted when the supply of water must of necessity be delivered across an unleased area, unless in the opinion of the Subdivisional Canal Officer a village channel exists which will deliver water across the unleased area without waste.

11. *Villages, which apply for a lease less than 7 years in advance of the date of expiry fixed under Rule 5, will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 7-year leases.*

12. The following procedure is to be followed in granting leases :—

(i) Before a permit for a *long lease* is granted, the written consent of the Divisional Canal Officer shall be obtained, *and, on the date of issue, copies of these permits shall be forwarded—one to the Divisional Canal Officer and one direct to the Subdivisional Canal Officer.*

(ii) *when water is urgently required, the silladar may grant a covering lease after obtaining the consent of the Subdivisional Canal Officer, to whom copies of the permits granted are to be sent on the date of issue. This applies to new leases as well as to renewals. In the case of renewals, the area given in the previous lease may be entered in the application, until the correct area has been ascertained. A covering lease shall be current for one year only.*

13. When a lease is granted, *an agreement* shall be taken *in Appendix I or II* and a "permit" shall be given to the lessee or lessees in a form similar to that prescribed in Schedule C of the Act. (Appendix III or IV.)

14. *Except with the special sanction of the Chief Engineer* the area under long lease will be *limited* to *71,000* acres under the Midnapore weir *and 9,000* acres under the Panchkoorah weir, *making a total of 80,000 acres.*

15. Single waterings may be given *only* when water is available *over and above the quantity required to irrigate* the long leases.

16. *In the Tidal Reaches supply will only be given by single waterings.*

ON WATER-RATES.

17. Water supplied between 16th June and 30th November, whether by flow or lift, shall be charged as follows :—

(I) For water supplied on a long lease, Rs. 2 per acre per annum.

(II) For water supplied on a covering lease, when a permit for a long lease is not subsequently issued, Rs. 3 per acre.

(III) For each single watering Re. 1 per acre, the rate being payable in advance to the Subdivisional Canal Officer.

18. The rates to be charged for water supplied between the 1st December and 15th June shall be Rs. 2-8 per acre.

Existing Rules—*continued.*

4. If any lessee apply for water to the Deputy Collector or one of his subordinates verbally, he shall be directed to address himself to an irrigation officer or subordinate. If he makes such an application in writing, his petition shall be forwarded direct by the zilladar, to whom it is addressed, to the Subdivisional Canal Officer in charge of that part of the canal from which the petitioner's village is supplied.

NIL.

7. Ordinarily leases for not more than five years may be granted for the whole irrigable area of a block, or, subject to the provisions of Rule 13, for definite parts of a block under the following conditions:—

I.—Ordinarily the whole irrigable area of any village, so far as situated within the block, must be included in the lease.

II.—All leases within one block shall be granted so that they shall expire on the same date.

IV.—No permit shall be granted, when the supply of water must of necessity be delivered across an unleased area, unless a village channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

To enable the Special Deputy Collector to equalize the area which lapses each year, leases in suitable blocks may be granted under the above conditions for six or seven years with the approval of the Executive Engineer.

NIL.

14. Before a permit for a term of years is granted, the written consent of the Divisional Canal Officer shall be obtained, but permits for one year only and provisional licenses may be issued with the written assent of the Subdivisional Canal Officer. The Deputy Collector shall on the day of issue forward a copy of all permits granted to the Divisional Canal Officer.

Existing leases may, with the written consent of the Divisional Canal Officer, be extended for not more than three years, without enquiry or remeasurement, payments being made in accordance with the existing assessment.

16. On the issue of a permit or provisional license, the zilladar shall forward to the Subdivisional Canal Officer direct a requisition requesting him to supply water to the lessee on application. This requisition shall be kept by the Canal Officer till January 1st next following, and shall then be returned to the Deputy Collector. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition shall be issued on or before June 1st, and returned on or before January 1st each year, till the ease expires.

15. When a water-lease is granted, a *kabuliyat* shall be taken in a form approved by Government, and a "permit" shall be given to the lessee in a form similar to that prescribed in Schedule C of the Act. Pending the completion of a lease, the zilladar may issue a provisional license for the supply of water to an area covered by an application.

NIL.

For a term of five years—Re. 1-8 per acre for each season. (The area under long lease will, in future, as a rule, be reduced to 75,000 square acres, *i.e.*, 65,000 acres under the Midnapore weir, 8,000 under the Panchkura weir and 2,000 under the Tidal Reaches.)

If water is available after the long leases have been irrigated, leases for a single watering may be given at eight annas per acre, the rate being payable in advance.

8. The rates to be charged for water supplied between 16th June and 30th November, whether by flow or lift, to lessees on application shall be:—

For one year or for water supplied on a provisional license for which a permit for a term of years is not subsequently issued, Rs. 3 per acre.

Provided that the leases, whether new or renewals required for shorter terms than five years in order to develop the system of blocks as explained above, shall be charged Re. 1-8 per acre only.

9. For the supply of water, when available, for winter crops, a rate of Rs. 2-8 per acre per season shall be charged.

Proposed Rules—*continued.*

ON DEMAND STATEMENTS.

19. The statement of the amounts *due* for the water-rates leviable under *these* rules shall be prepared under the supervision and signature of the Deputy Collector in such form as shall from time to time, be sanctioned by the Lieutenant-Governor. Persons charged under Rule 29 shall be served, by post or otherwise, with a statement showing the amounts charged, to enable them to lodge an appeal to the Collector under section 91 of the Act, if they desire to do so.

20. The rates for water supplied from June to November shall *be payable in two equal instalments, falling* due, *respectively*, on the 1st January and *1st* February following; but all sums of *Rs. 10* and under shall become due on the 1st January and be payable in one instalment. The rates for water supplied under Rule 18 shall fall due *on the 1st April following.*

21. Water-rates imposed under Rule *29* shall fall due as soon as the assessment is made, and shall be realised at once.

ON REMISSIONS.

22. Remission of water-rates, either in whole or *in* part, shall be granted *as follows* :—

(I) By the Deputy Collector for errors in assessment of rates.

(II) By the Divisional Canal Officer for injury to a crop on a leased area caused by—

(*a*) Deficiency in the supply of water.

(*b*) *Deficiency in the drainage.*

For (*a*) and (*b*) a written application must be made at least 15 days before the crop is cut.

23. Remissions on other grounds than above require the sanction of Government.

24. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realizable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

25. Before awarding compensation under section 16 of the Act, or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

26. When a long lease is entered into, the Deputy Collector, or other officer in charge of the Revenue Division, shall select, as representative of the cultivators, a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. Mukhyas should usually be selected: or, if it is undesirable in any particular case to appoint the mukhya, the reasons for passing him over and selecting others in preference are to be noted by the Deputy Collector in the list of cultivators' representatives to be maintained by him.

27. *The person or persons so selected shall be required to give* assistance to the Canal Officers in respect of the following matters:—

(I) In the preparation of applications for leases.

(II) In the measurement of irrigated lands.

(III) In giving the names of the occupiers of the various fields.

(IV) In receiving demand statements and informing the cultivators of the demands against them.

(V) In receiving *tappas* from the zilladars and distributing them.

(VI) *In attending, when required, at enquiries and complaints.*

(VII) In reporting to the zilladars any mutations of holdings of persons who have signed a *long* lease.

(VIII) *In assisting the tahsildar in collecting rates.*

28. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Deputy Collector may disallow this free irrigation, and recover the rates, in whole or in part, from the mukhya or other representative, if the assistance specified in Rule 27 has not been efficiently rendered to the

Existing Rules—*continued.*

NIL.

19. The statements of the amounts demandable for water-rates leviable under the rules in force shall be prepared under the supervision and signature of the Deputy Collector in such form as shall from time to time be sanctioned by the Lieutenant-Governor. Persons charged under Rule 10 or 18 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act, if they desire to do so.

21. The rates for water supplied from June to November shall in each season fall due on the 1st January and 15th February following, but all sums of Rs. 5 and under shall become due on the 1st January and be payable in one instalment. The Deputy Collector may, however, require one-half of the rates due on applications filed after the 1st of September to be paid in advance, and may refuse to issue a permit for more than one year. The rates for water supplied for winter crops shall fall due on the 1st April following.

22. Water-rates imposed under Rule 10 or 18 shall fall due as soon as the assessment is made, and shall be realized at once.

NIL.

24. Remission of water-rates, either in whole or part, as the case may require shall be granted by the Deputy Collector for—

I.—Errors in the assessment of rates.

II.—Injury to the crop on a leased area caused by deficient supply of water, provided a written application for remission has been made 15 days at least before the crop is cut.

In regard to applications under II, the written opinion of the Divisional Canal Officer shall be obtained and form part of the record of the case.

25. The Deputy Collector, with the written consent of the Divisional Canal Officer may grant remissions of water-rates, either in whole or part, for injury to the crops on leased areas caused by excess of water due to deficient drainage.

27. Remissions on other grounds than the above require the sanction of Government.

28. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is non-realizable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

29. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

NIL.

NIL.

30. The *chaukidar* or *mukhya* of any village in which lands are leased for a term of years shall be entitled to a remission of water-rates for his holding either as a *jagir* or *raiyati* up to a limit of 3 acres per hundred acres of total leased area provided he gives efficient and willing assistance to the Canal Officers in respect to the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurements of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *tappas* from the zilladars and distributing them.

VI.—In being present when complaints are investigated by Canal Officers, and giving information regarding the matters under investigation.

VII.—In reporting to the zilladars any mutations in holdings of persons who have signed a lease for a term of years.

satisfaction of the Local Officers. The reasons for such disallowances are to be recorded by the Deputy Collector in the list of cultivators' representatives maintained by him.

ON UNAUTHORISED IRRIGATION.

29. For the unauthorised use of canal water a rate of *Rs. 5* per acre shall be charged: *this rate may, however, be reduced at the discretion of the Deputy Collector.*

30. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken *in an unauthorised manner*, he shall hold a local investigation, *and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down* and the *whole* record *forwarded to the Divisional Canal Officer for disposal. If the Divisional Canal Officer is of opinion that the area should be assessed he shall make a note on the case and forward the whole record* to the Deputy Collector. Separate proceedings shall be taken in the case of each village irrigated without authority.

31. On receipt of the record mentioned in *Rule 30*, and after hearing any objection that may be raised, the Deputy Collector shall determine whether the water-rates can be legally charged, and if so, he shall assess the *area* irrigated without authority, *and fix the rates allowed under Rule 29.* Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate. *These unauthorised irrigation cases must be disposed of by the Deputy Collecter within a month of the receipt of the record from the Divisional Canal Officer.*

32. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases, the persons assessed under Rule 29 shall also pay the water-rates due in respect of the lease subsequently granted. Provided that the total of these two rates shall not exceed the maximum rate chargeable under Rule 29. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under Rule 29.

ON PENALTIES AND CANCELLING OF LEASES.

33. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted, or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

34. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Deputy Collector to—

I.—Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, unless half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

II.—Cancel any *long* lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

III.—*Cancel any lease which cannot be irrigated from the canal except by passing water over an unleased area.*

MISCELLANEOUS.

35. Water may be given free of charge for filling tanks and for manufacturing or other purposes by order of the Divisional Canal Officer, *who, however, if he thinks fit,* may charge a rate of Re. 1 per 10,000 cubic feet for it. The same *rate* will be *assessed* if water is taken without authority into a tank or *otherwise* used in an unauthorised manner *for any purpose except for irrigation.*

36. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

Existing Rules—*continued.*

NIL.

10. For the unauthorised use of canal water a rate of Rs. 5 per acre, or such less rate as may be sanctioned by the Deputy Collector, shall be charged.

17. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken without authority, he shall hold a local investigation and transmit the record thereof to the Divisional Officer, who shall, if he is of opinion that the fields should be assessed, forward the case with his remarks to the Deputy Collector. Separate proceedings shall be taken in the case of each village irrigated without authority.

18. On receipt of the record mentioned in Rule 17, and after hearing any objection which may be raised, the Deputy Collector shall determine whether water-rates can be legally charged, and, if so, he shall proceed to assess, at the rate provided in Rule 10, the land irrigated without authority. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

NIL.

NIL.

20. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted, or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st of June next following.

23. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Deputy Collector to—

I.—Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realizing water-rates until all the arrears of water-rates due are paid up, and also, if specially so ordered, unless half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

II.—Cancel any five years' lease if on the 1st of June of any year water-rates to the extent of half the demand for one year are in arrears.

NIL.

NIL.

31. Tanks may be filled with canal-water without charge, wherever water can be made available without injury to the cultivation dependent on a canal under the following conditions:—

I.—No tank shall be filled unless the water is to be exclusively used for domestic purposes or for watering cattle.

II.—No tank shall be filled from which irrigation is practised.

III.—No tank shall be filled which intercepts any line of drainage or is liable to overflow from the accumulation of water from natural causes.

IV.—No tank shall be filled except on the written order of the Subdivisional Canal Officer issued on the written application of the persons concerned.

V.—No tank shall be filled unless the village channel used to convey water to it shall be shown to the satisfaction of the Subdivisional Canal Officer to be in a sound condition when the application is made.

VI.—The privilege here accorded may, by the written order of the Subdivisional Canal Officer, be suspended for 12 months for the breach of any of the above rules.

32. The Divisional Canal Officer may supply water for manufacturing or other purposes and charge for the same at the rate of one rupee for each 10,000 cubic feet or part of 10,000 cubic feet supplied. The same charge will be made if water is taken into a tank without authority or used in an unauthorized manner.

Proposed Rules—*concluded*.

37. Unless specially exempted by the Lieutenant-Governor from the operation of this rule, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

Existing Rules—*concluded.*

33. No person shall, without the permission in writing of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass on or across any of the works banks or channels of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as are provided by the Divisional Canal Officer.

34. No officer employed on the canals, unless especially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others.

APPENDIX I.

APPLICATION FOR A LONG LEASE.

(*Yearly rate 10 annas 8 pie per bigha—water to be supplied each year from the 16th June to 30th November only.*)

WE the undersigned of Mauza , Pargana , Thana , apply for water to be supplied from Distributary of the Midnapore Canal for a tern of years, commencing on the 16th June and ending 30th November. The supply of water is required for the irrigation of the block of land formed by our holdings as specified below.

2. We agree that the amounts due shall be payable to the Deputy Collector or other Officer in charge of the Revenue Division, Midnapore Canal, or to such person as he may appoint on the 1st January and 1st February, or if Rs. 10 or under on 1st of January of each year, and shall be payable independently of our requiring water in any particular year or not.

3. We also agree to be bound by the rules published in the *Calcutta Gazette* for pages Notification No.

4. We agree that this application shall not be deemed to have been completed until all the irrigable fields within the block have been signed for, and that failing such completion any covering lease which may have been granted shall be enforced.

5. We agree that the areas and amounts as given in the statement below are correct at the commencement of the lease and in token of agreement we attach our individual signature or mark.

6. Our heirs and representatives shall be bound by the terms of this agreement in case of our decease.

	Hooghly Branch ,, ...	2nd ,, ,,
6. Burdwan ,, ...	Burdwan Raj Collegiate School (with the Principal's permission).	19th December 1904.

Each private student will pay a fee of Rs. 2 to the head of the institution at which he appears for examination. The balance, after payment of expenses (stationery, etc.), will go as remuneration to the examiners. No private student will be admitted to the test examination unless accompanied, for the purpose of identification, by some person known to the Headmaster of the institution at which he appears.

3. Applications for permission to appear must be sent in time to reach *this office* not later than the 15th November, with the following information, etc. :—

(*a*) The name of the school in which the candidate last studied.

(*b*) The transfer certificate (in original) granted to the candidate by the Headmaster of the School in which he last read ; or

(*c*) in the case of a candidate who previously appeared at the Entrance Examination the Registrar's receipt (in original) for the fee paid.

(*d*) Age of the candidate.

(*e*) In the case of schoolmasters, a certificate of good conduct from the Secretary or Proprietor of the school in which the candidate is serving.

4. The Inspector on being satisfied will countersign and return the application, which will then be the candidate's passport for admission *to the test examination.*

5. The Headmaster of an institution (one of those named above) should direct private students who had satisfied the test to appear before him not later than the 12th January with their applications for admission to the Entrance Examination and to sign them in his presence. He will then grant the necessary certificates, and forward the applications to this office for countersignature, after which they will be sent by the Inspector *direct* to the candidates.

6. Expedition is necessary in carrying out all these instructions, and candidates should be *most careful* to give their names and addresses written legibly and distinctly, so that no mistake may be likely to occur.

7. *Under no circumstances should the entrance fee be sent to this office,* but it should be sent to the Registrar by the candidates themselves, together with the countersigned applications, which will be returned to the respective Headmasters for delivery to candidates.

8. Private students will understand that the test examination of any schools other than those named above will not be accepted by this office.

9. Addresses of private students should be supplied to this office.

10. The Entrance Examination in 1905 will be held on the 6th March 1905 and following days. Applications and fees for admission must reach the office of the Registrar on or before the 24th January 1905.

F.A. AND B.A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bonâ fide* masters or English schools who have served as such for the full period of two academical years, of of six months after the examination of the same class last held by the University in the case of those only who were admitted to a former examination of that class, will be admitted to the abovementioned Examinations.

2. Candidates for the F.A. and B.A. Examinations must produce certificates of character and length of service from the Secretaries of their respective schools. Candidates for the B.A. Examination must foward with their applications their F.A. certificates and those for the F.A. Examinations their Entrance certificates. Those candidates who have been admitted to the former examination must produce the Registrar's receipt in addition.

3. The printed form of application should be carefully filled up and submitted to this office *on or before the 20th January 1905*, together with other papers as mentioned in rule 2, after which no applications will be received.

4. By *bonâ fide* masters of schools are to be understood masters who hold regularly paid appointments in English schools, teaching at least the M. E. course.

5. The F.A. and B.A. Examinations in 1905 will be held on the 22nd March 1905 and following days. The applications and fees for admission must reach the office of the Registrar on or before the 7th February 1905.

No. 9153B.

NOTIFICATION.

CUSTOMS.

THE HON'BLE MR. K. G. GUPTA, I.C.S.

Dated Calcutta, the 28th September 1904.

THE following rules under sections 9 and 196 of the Sea Customs Act, VIII of 1878, have been framed with the approval of Government for regulating the remuneration of Examining Officers and of Appraisers and their peons on account of work which is done away from the Custom House premises, the jetties, or Koila Ghât, and which is carried on before or after the prescribed hours of business:—

(*i*) For any work done by the Appraisers on ordinary working days before 9 A.M. or after 6 P.M., on Saturdays before 9 A.M. or after 2 P.M., and on ordinary holidays before 11-30 A.M. or after 1-30 P.M., a fee of Rs. 8 shall be levied from the importers or the owners of the goods concerned.

When necessary, however, arrangements will be made for dealing with passengers' baggage after 2 P.M. on Saturdays without the payment of fees.

(*ii*) Subject to the conditions referred to above, a fee of eight annas shall be levied for the work of each of the Appraisers' peons.

(*iii*) When an Examining Officer is deputed away from the Custom House premises, the jetties or Koila Ghât, before or after the prescribed hours of work as mentioned above, for the inspection of goods which have been ordered to be restamped under the provisions of the Merchandise Marks Act, a fee of Rs. 4 shall be levied from the importers or the owners of the goods concerned.

2. When an Appraiser, or his peon, or an Examining Officer, is deputed to work at a place other than the Custom House premises, the jetties or Koila Ghât, the cost of his conveyance from the Custom House to the place where the work is to be done and back, shall be levied from the person for whose benefit the work is done, whether such work is done within or without the prescribed hours as referred to above.

The sum of Rs. 3-8 shall be paid to an Appraiser in lieu of the free conveyance for any work in Budge Budge.

3. These rules shall come into force from the date of their publication.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

NOTICES TO MARINERS.

GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

THE following Notices are published for general information.

D. B. HORN,
Secretary, Marine Department.

CALCUTTA, *the 7th October 1904.*

BAY OF BENGAL—HUGHLI RIVER.

Alterations and additions in the lighting of the river.

No. 338 (*first publication*).—The Port Commissioners of the Port of Calcutta has given notice, dated the 16th September 1904, that on or about the 1st December the following alterations and additions will be made in the lighting of the Hughli river.

1 The present "Long Sand" light-vessel will be replaced by an unattended gas-lit vessel exhibiting an occulting white light, visible in clear weather 10½ miles and having the following characteristics:—

Flash 4 seconds—Eclipse 4 seconds.

A bell will be sounded at intervals.

2. In place of the "Long Sand" station buoy a gas buoy will be placed in that position having the following characteristics:—

Colour white. 2 Flashes of 1½ seconds each in quick succession with a long interval of about 5½ seconds. Superstructure Can-shaped. Colour of buoy—Black.

3. In place of the Apex buoy a gas buoy will occupy that position with the following characteristics:—

Colour white. Flash 4 seconds. Eclipse 2 seconds. Superstructure Conical shaped. Colour of buoy—Black and white horizontal stripes.

4. In place of the Upper Western Jellingham buoy a gas buoy will occupy that position with the following characteristics:—

Colour white. Flash 4 seconds. Eclipse 2 seconds. Superstructure Can shaped. Colour of buoy-black.

5. In place of the Kulpi anchoring buoy a gas buoy will occupy that position with the following characteristics.—

Colour white. 2 Flashes of 1½ seconds each in quick succession with a long interval of about 5½ seconds. Superstructure Conical shaped Colour of buoy—Black and white horizontal stripes.

6. In place of the "G" Buoy in the Western Channel a gas buoy will occupy that position with the following characteristics:—

Colour white. Flash of 6 seconds. Eclipse of 6 seconds. Flash of 1½ seconds. Eclipse of 1½ seconds. Superstructure Can shaped Colour of buoy—Black

CHINA SEA—GULF OF SIAM, EASTERN SHORE.

Bulua islands—Dangers off—.

No. 339 (first publication).—The British Admiralty has given notice (No. 780 of 1904) of the existence of the undermentioned dangers in the vicinity of the Bulua islands on the eastern shore of the gulf of Siam:—

(1) A rock, with a depth of one fathom over it at lowest water, situated at a distance of 2½ miles N. 14° W. from the northern extremity of Hon Heo, the northernmost large island of the Bulua group.

(2) A rock, with a least depth of 3 feet over it, situated at a distance of 1$\frac{1}{10}$ miles S. 83° W. from the northern extremity of Hon Heo.

(3) A rock, which dries 2 feet at lowest tide, situated at a distance of 2 cables S. 47° E. from Saddle rocks, which are about 7½ miles to the southward of Hon Heo.

Vessels in the neighbourhood of these islands should navigate with caution.

Approximate position, Hon Heo, north point, lat. 10° 10¾′ N., long. 104° 30¼′ E.

AUSTRALIA—Queensland—Gulf of Carpentaria.

Norman river—A new channel dredged at entrance—Old channel closed.

No. 319 (third publication).—The British Admiralty has given notice (746 of 1904) that a new channel, with a depth in it of 10 feet at low water springs, has been dredged at the entrance to Norman river, the passage over the old bar being now closed.

The new channel is situated about 2 miles north-eastward of the old bar, and is marked on the northern side by three black buoys, and two black beacons, and by one red beacon on the southern side; leading marks, with lights bearing S. 62° E., have also been established. The exact position, however, of the new channel is not stated, but further Notice will be given when this has been ascertained.

INDIA, WEST—MALABAR COAST.

Alleppey Roads—Buoys marking the entrance, placed in position.

No. 320 (third publication).—The Acting Master Attendant, Alleppey, has given notice, dated the 12th September, that the Buoys marking the entrance to the Alleppey Roads have been placed in position as given below:—

RED (NORTHERN) BUOY.

Bearing to Light House E. ¼ N.
Depth of water 4½ fathoms.

BLACK (SOUTHERN) BUOY.

Bearing to Light House N. E. ¾ E.
Depth of water 4 fathoms.

N.B.—Ordinarily the proper anchorage will be between the Buoys; but as the Mud Bank shifts frequently and rapidly, the depth of water given is not reliable, and so the lead must be used when approaching the anchorage.

AUSTRALIA—WIDE BAY BAR.

Alteration of leading lights and beacons.

No. 321 (third publication).—The Port Master, Brisbane, has given notice (No. 11 of 1904) that on and after Friday, the 9th of September, the following alterations in the navigation marks of Wide Bay will be effected:—

(1) The square white leading beacons on Hook Point, which heretofore had to be kept open owing to the channel having made to the Northward, will be shifted so that when kept in line on a bearing S. 85° W. they will lead through the centre of the channel.

(2) The Inskip Point leading beacons will be moved to the Eastward of the cottages on the Point, and the front light will be made white instead of red as at present.

On and after the above-mentioned date vessels entering will keep the Hook Point Lead until the Inskip Point beacons (white lights by night) are in line; then keep the latter in line bearing S. 56° W. until well past the red buoy, whence proceed as hitherto.

Charts affected, Nos. 1030 and 1068; Australia Directory, vol. II.

AUSTRALIA—TORRES STRAIT, NORTH-EAST CHANNEL.

The Beacon on Bramble Cay entrance is down.

No. 322 (third publication).—The Port Master, Brisbane, has given notice (No. 12 of 1904) that it having been reported that the Beacon on Bramble Cay entrance to North-East Channel, Torres Strait, is down, steps will be taken to re-erect same as soon as practicable.

The highest temperature in the month	93·4	18th	
The lowest temperature in the month	74·9	10th	
The range of temperature during the month	18·5		
The mean daily range of temperature	11 7		
The greatest range of temperature in one day	14·7	20th & 29th	
	Per cent.		
The mean humidity of the month	85		
The average humidity of September from 20 years' registers ...	86		
	Inches.		
The mean vapour tension of the month	0·948		
The average vapour tension of September from 20 years' registers	0·943		
The mean cloud proportion of the month	6·27		
The average cloud proportion of September from 27 years' registers	7·00		
	Inches.		
The total rainfall of the month	5·72		
The total rainfall indicated by a Beckley's self-registering rain-gauge (mouth of the gauge about 52 feet above the ground)	5 17		
The average fall of September from 24 years' registers ...	10·40		
The greatest fall in 24 hours	1·10	5th	
	Days.		
The number of rainy days in the month	12		
The average number of rainy days in September from 24 years' registers	13		
	°		
The mean maximum equilibrium temperature of solar radiation during the month	146·9		
The mean difference of sun and air temperatures	57·7		
The greatest sun temperature	161·2	13th	
The greatest excess of sun over air temperature	70·9	13th	
The mean temperature of the nocturnal radiation thermometer on woollen cloth	74·6		
The mean depression of the nocturnal radiation thermometer below the minimum air temperature at 4 feet above the ground	3·2		
The greatest depression of the nocturnal radiation thermometer below the minimum air temperature	4·7	26th	
	Miles.		
The mean movement of the wind per day	61·1		
The greatest movement of the wind in one day	153·0	11th	
The greatest movement of the wind in one hour	13·0	11th noon to 1 P.M.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-guage is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

△, dew ; d, drizzling rain ; t, thunder.

No. 3269J.D.—The 10th October 1904.—Mr. F. Olford, Officiating 1st Engineer and Shipwright-Surveyor to Government, is appointed to act as a member of the Boiler Commission for the purpose of carrying out the provisions of Act III (B.C.) of 1879 (an Act to provide for the periodical inspection of steam-boilers and prime-movers attached thereto in the town and suburbs of Calcutta and in Howrah), *vice* Mr. G. Robertson, on leave.

Ranchi.

No. 3384J.D.—The 15th October 1904.—It is hereby notified that, under the provisions of section 641 of the Code of Civil Procedure (Act XIV of 1882), the Lieutenant-Governor is pleased to exempt Bara Lall Nawal Kishore Nath Sahi Deo of Palkot, in the district of Ranchi, from personal attendance in the Civil Courts.

No. 3385J.D.—The 14th October 1904.—It is hereby notified for general information that a question having arisen whether a rifle taking the Government Martini cartridge, which is not of one of the bores mentioned in the note to rule VI-5 of the rules issued under the Indian Arms Act, 1878 (XI of 1878), and which is fitted and sighted for sporting purposes, should be considered as coming within the exception as to sporting purposes, the Government of India have decided that in the case of such rifles the Maritime Local Governments are to interpret the words "reasonably be held" in the rule above referred to, and to determine in each case whether the weapons imported are intended for *bonâ fide* sporting purposes and may therefore be licensed under rule VI-6.

The importation into Bengal of rifles of the above description intended for *bonâ fide* sporting purposes will accordingly be authorised by this Government in future.

Monghyr.

No. 3455J.D.—The 17th October 1904.—It is hereby notified for general information that the Lieutenant-Governor is pleased to appoint, under section 58 of Act VI (B.C.) of 1870, Babu Uma Prasanna Guha, Deputy Magistrate and Deputy Collector, Monghyr, to be a Commissioner for ascertaining and determining the chaukidari chakran lands within the Sadar subdivision of that district, *vice* Maulvi Muhammad Shams-uz-zoha, transferred.

No. 3351J.D.—The 14th October 1904.—Under section 2, Act XII of 1880 (an Act for the appointment of persons to the office of Kazi), the Lieutenant-Governor has been pleased to grant a sanad (license) to Maulvi Muhammad Amjad Ali appointing him Kazi at Chaudagram with jurisdiction over the undermentioned villages in thana Chaudagram, in the district of Tippera, for the celebration of marriages and the performance of other rites and ceremonies, when application is made to him to perform any such functions:—

REVISED WATER-RATE RULES FOR THE MIDNAPORE CANAL.

The 4th October 1904.

No. 59.—Notification.—In exercise of the powers conferred on him by sections 99 and 78 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Midnapore Canal. These rules and rates will supersede those now in force.

D. B. HORN,
Secy. to the Govt. of Bengal.

Proposed Rules.

GENERAL CONDITIONS.

1. The Divisional Canal Officer is responsible for maintaining the canal in an efficient *condition* for the distribution of water to the lessees, *for the closing of the outlets in rotation when required*, for providing drainage channels and generally for all engineering work involved in its management. The word "canal" is here used as defined in section 3 of the Act.

2. The Deputy Collector is responsible for the assessment and collection of water-rates accruing to Government from the canal.

3. Except as provided in the Act, and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act, other than those specially provided for in Rule 19, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks *demarcated by suitable boundaries; and* in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that, as far as practicable, *one-seventh* of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer and the Deputy Collector, and shall also be recorded with its irrigable area in the registers to be kept by them.

ON APPLICATIONS.

7. Applications for leases under section 74 of the Act shall be presented to the *Deputy Collector or his subordinates.* These applications must be made in writing and may be on plain paper. The officer receiving them shall enter on the back any further data required.

8. A separate application must be presented for the lands in each village, but *tahsilalaida* or other lands lying within the village boundary at the time of survey may be included.

9. Applications for the supply of water are to be made to the Subdivisional Canal Officer or Sub-Overseer, either verbally or in writing.

Existing Rules.

NIL.

1. The Divisional Canal Officer is responsible for maintaining the canal in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word "canal" is here used as defined in section 3 of the Act.

2 The Deputy Collector is responsible for the assessment and collection of water-rates accruing to Government from the canal.

35. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer; but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any orders passed by them in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

36. In appeals to the Collector under section 91 of the Act other than those specially provided for in Rule 19, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings in the case.

NIL.

5. The Divisional Canal Officer shall map out the irrigable area into blocks in accordance with the natural features of the ground, and so determine that the whole block shall be irrigable from one outlet or from one set of outlets. So far as may be practicable, the blocks shall be separated by drainage lines.

7. III.—In order to equalize the areas to be dealt with in each year, the date of expiry of the leases in each block shall be determined by the Divisional Canal Officer in consultation with the Deputy Collector, so that, as far as practicable, one-fifth of the total area usually irrigated may fall out of lease in each year.

6. Each block determined as above shall be numbered and recorded with its irrigable area in registers to be maintained by the Divisional Canal Officers and Deputy Collector. The blocks shall also be marked on maps to be maintained by the same officers.

NIL.

11. Application for water-leases under section 74 of the Act shall be presented to the Subdivisional Officer through the zilladar in whose charge the land lies.

12. Every application for a water-lease shall contain the following particulars:—

1.—Name and residence of applicant.

2.—Name of pargana, mahal, and village in which the land to be irrigated is situated.

3.—Total area for the irrigation of which the application is made and its boundaries, and if the lands to be irrigated lie in separate *chaks*, the name of each *chak*.

4.—Names of the raiyats whose lands are to be irrigated, and the quantity of land held by each.

5.—Name of the canal and number of distributary from which water is required.

6.—Signatures of the applicants.

13. A separate application must be presented for lands in each village, but *tahsilalaida* or other lands lying within the village boundary at the time of survey may be included.

3. Water shall not be distributed otherwise than on the application of a lessee, or to a person in whose favour a provisional license under Rule 15 has been issued. Such application may be made verbally or in writing to any subordinate in charge of that part of the canal from which water is required.

Proposed Rules—*continued.*

ON LEASES AND PERMITS.

10. Ordinarily *7-year leases* may be granted for the whole irrigable area of a block or, subject to the provisions of Rule 8, for definite parts of a block, under the following conditions:—

(i) The whole irrigable area of a village, so far as situated within the block, must be included in the lease: *provided that a lease for less than 10 acres is not granted without the special sanction of the Divisional Canal Officer.*

(ii) No permit shall be granted when the supply of water must of necessity be delivered across an unleased area, unless in the opinion of the Subdivisional Canal Officer a village channel exists which will deliver water across the unleased area without waste.

11. *Villages, which apply for a lease less than 7 years in advance of the date of expiry fixed under Rule 5, will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 7-year leases.*

12. The following procedure is to be followed in granting leases:—

(i) Before a permit for a *long lease* is granted, the written consent of the Divisional Canal Officer shall be obtained, *and, on the date of issue, copies of these permits shall be forwarded—one to the Divisional Canal Officer and one direct to the Subdivisional Canal Officer.*

(ii) *when water is urgently required, the silladar may grant a covering lease after obtaining the consent of the Subdivisional Canal Officer, to whom copies of the permits granted are to be sent on the date of issue. This applies to new leases as well as to renewals. In the case of renewals, the area given in the previous lease may be entered in the application, until the correct area has been ascertained. A covering lease shall be current for one year only.*

13. When a lease is granted, *an agreement* shall be taken *in Appendix I or II* and a "permit" shall be given to the lessee or lessees in a form similar to that prescribed in Schedule C of the Act. (Appendix III or IV.)

14. *Except with the special sanction of the Chief Engineer* the area under long lease will be *limited* to *71,000* acres under the Midnapore weir *and 9,000* acres under the Panchkoorah weir, *making a total of 80,000 acres.*

15. Single waterings may be given *only* when water is available *over and above the quantity required to irrigate* the long leases.

16. *In the Tidal Reaches supply will only be given by single waterings.*

ON WATER-RATES.

17. Water supplied between 16th June and 30th November, whether by flow or lift, shall be charged as follows:—

(I) For water supplied on a long lease, Rs. 2 per acre per annum.

(II) For water supplied on a covering lease, when a permit for a long lease is not subsequently issued, Rs. 3 per acre.

(III) For each single watering Re. 1 per acre, the rate being payable in advance to the Subdivisional Canal Officer.

18. The rates to be charged for water supplied between the 1st December and 15th June shall be Rs. 2-8 per acre.

Existing Rules—*continued.*

4. If any lessee apply for water to the Deputy Collector or one of his subordinates verbally, he shall be directed to address himself to an irrigation officer or subordinate. If he makes such an application in writing, his petition shall be forwarded direct by the zilladar, to whom it is addressed, to the Subdivisional Canal Officer in charge of that part of the canal from which the petitioner's village is supplied.

NIL.

7. Ordinarily leases for not more than five years may be granted for the whole irrigable area of a block, or, subject to the provisions of Rule 13, for definite parts of a block under the following conditions:—

I.—Ordinarily the whole irrigable area of any village, so far as situated within the block, must be included in the lease.

II.—All leases within one block shall be granted so that they shall expire on the same date.

IV.—No permit shall be granted, when the supply of water must of necessity be delivered across an unleased area, unless a village channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

To enable the Special Deputy Collector to equalize the area which lapses each year, leases in suitable blocks may be granted under the above conditions for six or seven years with the approval of the Executive Engineer.

NIL.

14. Before a permit for a term of years is granted, the written consent of the Divisional Canal Officer shall be obtained, but permits for one year only and provisional licenses may be issued with the written assent of the Subdivisional Canal Officer. The Deputy Collector shall on the day of issue forward a copy of all permits granted to the Divisional Canal Officer.

Existing leases may, with the written consent of the Divisional Canal Officer, be extended for not more than three years, without enquiry or remeasurement, payments being made in accordance with the existing assessment.

16. On the issue of a permit or provisional license, the zilladar shall forward to the Subdivisional Canal Officer direct a requisition requesting him to supply water to the lessee on application. This requisition shall be kept by the Canal Officer till January 1st next following, and shall then be returned to the Deputy Collector. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition shall be issued on or before June 1st, and returned on or before January 1st each year, till the ease expires.

15. When a water-lease is granted, a *kabuliyat* shall be taken in a form approved by Government, and a "permit" shall be given to the lessee in a form similar to that prescribed in Schedule C of the Act. Pending the completion of a lease, the zilladar may issue a provisional license for the supply of water to an area covered by an application.

NIL.

For a term of five years—Re. 1-8 per acre for each season. (The area under long lease will, in future, as a rule, be reduced to 75,000 square acres, *i.e.*, 65,000 acres under the Midnapore weir, 8,000 under the Panchkura weir and 2,000 under the Tidal Reaches.)

If water is available after the long leases have been irrigated, leases for a single watering may be given at eight annas per acre, the rate being payable in advance.

8. The rates to be charged for water supplied between 16th June and 30th November, whether by flow or lift, to lessees on application shall be—

For one year or for water supplied on a provisional license for which a permit for a term of years is not subsequently issued, Rs. 3 per acre.

Provided that the leases, whether new or renewals required for shorter terms than five years in order to develop the system of blocks as explained above, shall be charged Re. 1-8 per acre only.

9. For the supply of water, when available, for winter crops, a rate of Rs. 2-8 per acre per season shall be charged.

Proposed Rules—*continued.*

ON DEMAND STATEMENTS.

19. The statement of the amounts due for the water-rates leviable under *these* rules shall be prepared under the supervision and signature of the Deputy Collector in such form as shall from time to time, be sanctioned by the Lieutenant-Governor. Persons charged under Rule 29 shall be served, by post or otherwise, with a statement showing the amounts charged, to enable them to lodge an appeal to the Collector under section 91 of the Act, if they desire to do so.

20. The rates for water supplied from June to November shall *be payable in two equal instalments, falling* due, *respectively,* on the 1st January and *1st* February following; but all sums of *Rs. 10* and under shall become due on the 1st January and be payable in one instalment. The rates for water supplied under Rule 18 shall fall due *on the 1st April following.*

21. Water-rates imposed under Rule 29 shall fall due as soon as the assessment is made, and shall be realised at once.

ON REMISSIONS.

22. Remission of water-rates, either in whole or *in* part, shall be granted *as follows* :—

(I) By the Deputy Collector for errors in assessment of rates.

(II) By the Divisional Canal Officer for injury to a crop on a leased area caused by—

(*a*) Deficiency in the supply of water.

(b) Deficiency in the drainage.

For (*a*) and (*b*) a written application must be made at least 15 days before the crop is cut.

23. Remissions on other grounds than above require the sanction of Government.

24. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realizable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

25. Before awarding compensation under section 16 of the Act, or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

26. When a long lease is entered into, the Deputy Collector, or other officer in charge of the Revenue Division, shall select, as representative of the cultivators, a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. Mukhyas should usually be selected: or, if it is undesirable in any particular case to appoint the mukhya, the reasons for passing him over and selecting others in preference are to be noted by the Deputy Collector in the list of cultivators' representatives to be maintained by him.

27. *The person or persons so selected shall be required to give* assistance to the Canal Officers in respect of the following matters:—

(I) In the preparation of applications for leases.

(II) In the measurement of irrigated lands.

(III) In giving the names of the occupiers of the various fields.

(IV) In receiving demand statements and informing the cultivators of the demands against them.

(V) In receiving *tappas* from the zilladars and distributing them.

(VI) *In attending, when required, at enquiries and complaints.*

(VII) In reporting to the zilladars any mutations of holdings of persons who have signed a *long* lease.

(VIII) *In assisting the tahsildar in collecting rates.*

28. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Deputy Collector may disallow this free irrigation, and recover the rates, in whole or in part, from the mukhya or other representative, if the assistance specified in Rule 27 has not been efficiently rendered to the

Existing Rules—*continued.*

NIL.

19. The statements of the amounts demandable for water-rates leviable under the rules in force shall be prepared under the supervision and signature of, the Deputy Collector in such form as shall from time to time be sanctioned by the Lieutenant-Governor. Persons charged under Rule 10 or 18 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act, if they desire to do so.

21. The rates for water supplied from June to November shall in each season fall due on the 1st January and 15th February following, but all sums of Rs. 5 and under shall become due on the 1st January and be payable in one instalment. The Deputy Collector may, however, require one-half of the rates due on applications filed after the 1st of September to be paid in advance, and may refuse to issue a permit for more than one year. The rates for water supplied for winter crops shall fall due on the 1st April following.

22. Water-rates imposed under Rule 10 or 18 shall fall due as soon as the assessment is made, and shall be realized at once.

NIL.

24. Remission of water-rates, either in whole or part, as the case may require shall be granted by the Deputy Collector for—

I.—Errors in the assessment of rates.

II.—Injury to the crop on a leased area caused by deficient supply of water, provided a written application for remission has been made 15 days at least before the crop is cut.

In regard to applications under II, the written opinion of the Divisional Canal Officer shall be obtained and form part of the record of the case.

25. The Deputy Collector, with the written consent of the Divisional Canal Officer may grant remissions of water-rates, either in whole or part, for injury to the crops on leased areas caused by excess of water due to deficient drainage.

27. Remissions on other grounds than the above require the sanction of Government.

28. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is non-realizable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

29. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

NIL.

NIL.

30. The *chaukidar* or *mukhya* of any village in which lands are leased for a term of years shall be entitled to a remission of water-rates for his holding either as a *jagir* or *raiyati* up to a limit of 3 acres per hundred acres of total leased area provided he gives efficient and willing assistance to the Canal Officers in respect to the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurements of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *tappas* from the zilladars and distributing them.

VI.—In being present when complaints are investigated by Canal Officers, and giving information regarding the matters under investigation.

VII.—In reporting to the zilladars any mutations in holdings of persons who have signed a lease for a term of years.

satisfaction of the Local Officers. The reasons for such disallowances are to be recorded by the Deputy Collector in the list of cultivators' representatives maintained by him.

ON UNAUTHORISED IRRIGATION.

29. For the unauthorised use of canal water a rate of *Rs. 5* per acre shall be charged: *this rate may, however, be reduced at the discretion of the Deputy Collector.*

30. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken *in an unauthorised manner*, he shall hold a local investigation, *and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down* and the *whole* record *forwarded to the Divisional Canal Officer for disposal. If the Divisional Canal Officer is of opinion that the area should be assessed he shall make a note on the case and forward the whole record* to the Deputy Collector. Separate proceedings shall be taken in the case of each village irrigated without authority.

31. On receipt of the record mentioned in *Rule 30*, and after hearing any objection that may be raised, the Deputy Collector shall determine whether the water-rates can be legally charged, and if so, he shall assess the *area* irrigated without authority, *and fix the rates allowed under Rule 29.* Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate. *These unauthorised irrigation cases must be disposed of by the Deputy Collecter within a month of the receipt of the record from the Divisional Canal Officer.*

32. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases, the persons assessed under Rule 29 shall also pay the water-rates due in respect of the lease subsequently granted. Provided that the total of these two rates shall not exceed the maximum rate chargeable under Rule 29. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under Rule 29.

ON PENALTIES AND CANCELLING OF LEASES.

33. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted, or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

34. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Deputy Collector to—

I.—Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, unless half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

II.—Cancel any *long* lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

III.—*Cancel any lease which cannot be irrigated from the canal except by passing water over an unleased area.*

MISCELLANEOUS.

35. Water may be given free of charge for filling tanks and for manufacturing or other purposes by order of the Divisional Canal Officer, *who, however, if he thinks fit,* may charge a rate of Re. 1 per 10,000 cubic feet for it. The same *rate* will be *assessed* if water is taken without authority into a tank or *otherwise* used in an unauthorised manner *for any purpose except for irrigation.*

36. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

Existing Rules—*continued.*

NIL.

10. For the unauthorised use of canal water a rate of Rs. 5 per acre, or such less rate as may be sanctioned by the Deputy Collector, shall be charged.

17. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken without authority, he shall hold a local investigation and transmit the record thereof to the Divisional Officer, who shall, if he is of opinion that the fields should be assessed, forward the case with his remarks to the Deputy Collector. Separate proceedings shall be taken in the case of each village irrigated without authority.

18. On receipt of the record mentioned in Rule 17, and after hearing any objection which may be raised, the Deputy Collector shall determine whether water-rates can be legally charged, and, if so, he shall proceed to assess, at the rate provided in Rule 10, the land irrigated without authority. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

NIL.

NIL.

20. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted, or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st of June next following.

23. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Deputy Collector to—

I.—Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realizing water-rates until all the arrears of water-rates due are paid up, and also, if specially so ordered, unless half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

II.—Cancel any five years' lease if on the 1st of June of any year water-rates to the extent of half the demand for one year are in arrears.

NIL.

NIL.

31. Tanks may be filled with canal-water without charge, wherever water can be made available without injury to the cultivation dependent on a canal under the following conditions :—

I.—No tank shall be filled unless the water is to be exclusively used for domestic purposes or for watering cattle.

II.—No tank shall be filled from which irrigation is practised.

III.—No tank shall be filled which intercepts any line of drainage or is liable to overflow from the accumulation of water from natural causes.

IV.—No tank shall be filled except on the written order of the Subdivisional Canal Officer issued on the written application of the persons concerned.

V.—No tank shall be filled unless the village channel used to convey water to it shall be shown to the satisfaction of the Subdivisional Canal Officer to be in a sound condition when the application is made.

VI.—The privilege here accorded may, by the written order of the Subdivisional Canal Officer, be suspended for 12 months for the breach of any of the above rules.

32. The Divisional Canal Officer may supply water for manufacturing or other purposes and charge for the same at the rate of one rupee for each 10,000 cubic feet or part of 10,000 cubic feet supplied. The same charge will be made if water is taken into a tank without authority or used in an unauthorized manner.

Proposed Rules—*concluded.*

37. Unless specially exempted by the Lieutenant-Governor from the operation of this rule, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

Existing Rules—*concluded.*

33. No person shall, without the permission in writing of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass on or across any of the works banks or channels of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as are provided by the Divisional Canal Officer.

34. No officer employed on the canals, unless especially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others.

APPENDIX I.

APPLICATION FOR A LONG LEASE.

(Yearly rate 10 annas 8 pie per bigha—water to be supplied each year from the 16th June to 30th November only.)

WE the undersigned of Mauza , Pargana , Thana , apply for water to be supplied from Distributary of the Midnapore Canal for a tern of years, commencing on the 16th June and ending 30th November. The supply of water is required for the irrigation of the block of land formed by our holdings as specified below.

2. We agree that the amounts due shall be payable to the Deputy Collector or other Officer in charge of the Revenue Division, Midnapore Canal, or to such person as he may appoint on the 1st January and 1st February, or if Rs. 10 or under on 1st of January of each year, and shall be payable independently of our requiring water in any particular year or not.

3. We also agree to be bound by the rules published in the *Calcutta Gazette* for pages Notification No.

4. We agree that this application shall not be deemed to have been completed until all the irrigable fields within the block have been signed for, and that failing such completion any covering lease which may have been granted shall be enforced.

5. We agree that the areas and amounts as given in the statement below are correct at the commencement of the lease and in token of agreement we attach our individual signature or mark.

6. Our heirs and representatives shall be bound by the terms of this agreement in case of our decease.

NOTIFICATION.

CUSTOMS.

THE HON'BLE MR. K. G. GUPTA, I.C.S.

Dated Calcutta, the 28th September 1904.

THE following rules under sections 9 and 196 of the Sea Customs Act, VIII of 1878, have been framed with the approval of Government for regulating the remuneration of Examining Officers and of Appraisers and their

peons on account of work which is done away from the Custom House premises, the jetties, or Koila Ghât, and which is carried on before or after the prescribed hours of business:—

(*i*) For any work done by the Appraisers on ordinary working days before 9 A.M. or after 6 P.M., on Saturdays before 9 A.M. or after 2 P.M., and on ordinary holidays before 11-30 A.M. or after 1-30 P.M., a fee of Rs. 8 shall be levied from the importers or the owners of the goods concerned.

When necessary, however, arrangements will be made for dealing with passengers' baggage after 2 P.M. on Saturdays without the payment of fees.

(*ii*) Subject to the conditions referred to above, a fee of eight annas shall be levied for the work of each of the Appraisers' peons.

(*iii*) When an Examining Officer is deputed away from the Custom House premises, the jetties or Koila Ghât, before or after the prescribed hours of work as mentioned above, for the inspection of goods which have been ordered to be restamped under the provisions of the Merchandise Marks Act, a fee of Rs. 4 shall be levied from the importers or the owners of the goods concerned.

2. When an Appraiser, or his peon, or an Examining Officer, is deputed to work at a place other than the Custom House premises, the jetties or Koila Ghât, the cost of his conveyance from the Custom House to the place where the work is to be done and back, shall be levied from the person for whose benefit the work is done, whether such work is done within or without the prescribed hours as referred to above.

The sum of Rs. 3-8 shall be paid to an Appraiser in lieu of the free conveyance for any work in Budge Budge.

3. These rules shall come into force from the date of their publication.

MISCELLANEOUS.

The 12th October 1904.

No. 6479S.R.—In exercise of the powers conferred by section 7 of the Indian Tea Cess Act, 1903 (IX of 1903), the Governor-General in Council is pleased to make the following rules to carry out the purposes of that Act :—

I.—In addition to the eleven appointments provided for by section 4, sub-section (2), clauses (a) and (b), of the Indian Tea Cess Act, 1903 (hereinafter referred to as "the Act"),

nine of the members of the Tea Cess Committee shall be appointed by the Governor-General in Council on the recommendation of the following bodies, namely:—

Two on the recommendation of the Assam Branch, Indian Tea Association;
Two on the recommendation of the Surma Valley Branch, Indian Tea Association;
One on the recommendation of the Darjeeling Planters' Association and the Terai Planters' Association, jointly;
One on the recommendation of the Dooars Planters' Association;
One on the recommendation of the Dehra Dun Planters' Association;
One on the recommendation of the Kangra Valley Planters' Association; and
One on the recommendation of the United Planters' Association of Southern India.

II.—A member of the Committee shall hold office for not more than five years at a time, but shall be eligible for re-appointment.

III.—(i) Before a member of the Committee leaves India—

(a) he shall intimate to the Chairman the date of his departure and the date of his expected return; and
(b) if he intends to be absent for a longer period than six months, he shall tender his resignation.

(ii) If any member leaves India without taking either of the courses prescribed by clause (i) of this rule, he shall be deemed to have resigned, with effect from the date of his departure.

IV.—If on the occurrence of a vacancy the body by which the retired or deceased member was recommended for appointment fails for two calendar months, after being called upon to do so, to recommend a successor, the Governor-General in Council may proceed to fill up the vacancy.

V.—The Committee shall, as soon as may be, and in such manner as the members think fit, appoint one of their number to be their first Chairman for the purposes of these rules. Thereafter the Committee shall hold such meetings in Calcutta as may be necessary for the despatch of business, on one month's notice from the Chairman, and shall in any case meet twice a year, namely, in January and in July, or as near thereto as may be convenient.

VI.—(a) Not less than six weeks before the date fixed for the meeting to be held in January of each year, the Committee shall cause to be prepared and circulated a draft budget showing the expected receipts and proposed main heads of expenditure for the ensuing financial year. The main heads of expenditure shall then be considered and settled at the meeting.

(b) At the meeting to be held in or about July of each year the business shall include the consideration and adoption of the Annual Report and the Accounts for the year which ended on the 31st March preceding, and the election of a Chairman and such office bearers as the Committee may think it.

VII.—In the event of an equality of opposing votes at any meeting, the Chairman, or in his absence the member appointed by the others present to take the chair, shall have a casting vote in addition to his vote as a member. Voting by proxy shall be permitted and eleven members present, in person or by proxy, shall form a quorum.

VIII.—The actual out-of-pocket expenses of members attending meetings of the Committee shall be chargeable to the funds of the Committee.

IX.—The accounts shall relate to the financial year, i.e., to the year commencing on the 1st April, and shall be made up for each financial year and forwarded to the Government of India in the Finance and Commerce Department as soon after its close as possible.

X.—The receipts shall include all sums received by the Committee during the financial year to which the accounts relate, and shall be shown under the following heads:—

(1) Sums received under section 5 (1) of the Act.
(2) Other sums received under section 5 (2) of the Act.
(3) Any interest that may have accrued from the investment of such sums as aforesaid.
(4) Any receipts that may have been obtained from measures taken for promoting the sale or increasing the consumption of tea.

The total receipts only shall be shown under each of the above sub-heads; and the opening balance (if any) shall be added.

XI.—The expenditure shall be shown under the following heads:—

(1) Office rent and establishment.
(2) Measures taken for promoting the sale and increasing the consumption of tea in India.
(3) Measures taken for promoting the sale and increasing the consumption of tea in other countries.
(4) Contribution to Industrial Exhibitions.
(5) Miscellaneous.

The closing balance of the year shall be shown at the foot of the account on the expenditure side.

XII.—In addition to the statements required by Rule XI, separate statements under heads (2), (3), and (4) of that Rule shall be drawn up, and shall show on one side the amount allotted for the year by the Committee under Rule VI, and on the other side the details of expenditure, the sums paid to each firm or agent being shown independently. These separate statements shall also show the amount of liabilities incurred but not discharged at the close of the financial year to which they relate. Any unexpended balance, after allowing for such liabilities, shall be transferred to the General Account.

XIII.—The statements of receipts and expenditure prescribed by Rules X and XI shall be published annually in the *Gazette of India.*

XIV.—All funds received by the Committee under the Act, except petty cash, shall be lodged in the Bank of Bengal.

XV.—Cheques issued against the Committee's account shall be signed by the Chairman or the Vice-Chairman of the Committee.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

No. 349 (first publication).—The British Admiralty has given notice (No. 826 of 1904) that a dioptric *white fixed* light has been established at Tai Tai, Palawan island.

The light is exhibited, at an elevation of 45 feet above high water, from a pole in the fort, and should be visible in clear weather from a distance of 4 miles.

Approximate position on Chart No. 967, lat. 10° 50′ N., long. 119° 30½′ E.

This Notice affects the following Admiralty Chart:—Palawan island, No. 967: Also, List of Lights, part VI, 1904, page 99; and China Sea Directory, vol. II, 1899, page 283.

PACIFIC OCEAN—PHILIPPINE ISLANDS—MANILA BAY.

St. Nicholas banks—Intended light.

No. 350 (first publication).—The British Admiralty has given notice (No. 828 of 1904) that it is intended shortly to establish a *white flashing* light, showing one flash every *two and a half seconds*, and visible in clear weather from a distance of 11 miles, on a structure on St. Nicholas bank, Manila bay.

Approximate position on Chart No. 976, lat. 14° 26′ 55″ N., long. 120° 45′ 15″ E.

This Notice affects the following Admiralty Chart:—Manila bay, No. 976: Also, List of Lights, part VI, 1904, page 107; China Sea Directory, 1899, page 307; Supplement, 1901, to that work, page 9; and Eastern Archipelago, part I, 1902, pages 62, 63.

EASTERN ARCHIPELAGO—CELEBES—BUTON PASSAGE.

Wangi Wangi island—Provisional light exhibited.

No. 351 (first publication).—With reference to Notice to Mariners No. 121, dated the 5th April 1904, issued by this Office, the British Admiralty has given further notice (No. 831 of 1904) that a provisional *white fixed* light has been established on the north-west point of Wangi Wangi island.

Approximate position, lat. 5° 14¾′ S., long. 123° 33¼′ E.

Further Notice will be given when the permanent light is established.

This Notice affects the following Admiralty Charts:—Australia, northern portion, No. 2759a; Eastern archipelago, No. 942a: Also, List of Lights, part VI, 1904, page 93; and Eastern Archipelago, part II, 1893, page 358.

BAY OF BENGAL—HUGHLI RIVER.

Alterations and additions in the lighting of the river.

No. 338 (second publication).—The Port Commissioners of the Port of Calcutta has given notice, dated the 16th September 1904, that on or about the 1st December the following alterations and additions will be made in the lighting of the Hughli river.

1. The present "Long Sand" light-vessel will be replaced by an unattended gas-lit vessel exhibiting an occulting white light, visible in clear weather 10½ miles and having the following characteristics:—

Flash 4 seconds—Eclipse 4 seconds.

A bell will be sounded at intervals.

2. In place of the "Long Sand" station buoy a gas buoy will be placed in that position having the following characteristics:—

Colour white. 2 Flashes of 1½ seconds each in quick succession with a long interval of about 5½ seconds. Superstructure Can-shaped. Colour of buoy—Black.

3. In place of the Apex buoy a gas buoy will occupy that position with the following characteristics:—

Colour white. Flash 4 seconds. Eclipse 2 seconds. Superstructure Conical shaped. Colour of buoy—Black and white horizontal stripes.

4. In place of the Upper Western Jellingham buoy a gas buoy will occupy that position with the following characteristics:—

Colour white. Flash 4 seconds. Eclipse 2 seconds. Superstructure Can shaped. Colour of buoy-black.

5. In place of the Kulpi anchoring buoy a gas buoy will occupy that position with the following characteristics.—

Colour white. 2 Flashes of 1½ seconds each in quick succession with a long interval of about 5½ seconds. Superstructure Conical shaped. Colour of buoy—Black and white horizontal stripes.

6. In place of the "G" Buoy in the Western Channel a gas buoy will occupy that position with the following characteristics:—

Colour white. Flash of 6 seconds. Eclipse of 6 seconds. Flash of 1½ seconds. Eclipse of 1½ seconds. Superstructure Can shaped. Colour of buoy—Black.

CHINA SEA—Gulf of Siam, eastern shore.

Bulua islands—Dangers off—.

No. 339 (second publication).—The British Admiralty has given notice (No. 780 of 1904) of the existence of the undermentioned dangers in the vicinity of the Bulua islands on the eastern shore of the gulf of Siam:—

(1) A rock, with a depth of one fathom over it at lowest water, situated at a distance of 2½ miles N. 14° W. from the northern extremity of Hon Heo, the northernmost large island of the Bulua group.

(2) A rock, with a least depth of 3 feet over it, situated at a distance of 1$\frac{2}{10}$ miles S. 83° W. from the northern extremity of Hon Heo.

(3) A rock, which dries 2 feet at lowest tide, situated at a distance of 2 cables S. 47° E. from Saddle rocks, which are about 7¼ miles to the southward of Hon Heo.

Vessels in the neighbourhood of these islands should navigate with caution.

Approximate position, Hon Heo, north point, lat. 10° 10¾′ N., long. 104° 30¼′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Charts:—Bay island to pulo Obi, No. 2723; Koh Tron, No 2725: Also, China Sea Directory, vol. II, 1899, page 348.

AUSTRALIA—Victoria.

Hobson's bay—Colour of Williamstown breakwater light.

No. 340 (second publication).—The British Admiralty has given notice (No. 784 of 1904) that the colour of the light (*fixed*) exhibited from the extremity of the breakwater pier at Williamstown is *green*, not white.

Approximate position, lat. 37° 52′ S., long. 144° 55′ E.

This Notice affects the following Admiralty Chart:—Hobson's bay, No. 624: Also, List of Lights, part VI, 1904, No. 1163; Australia, vol. I, 1897, page 459; and Supplement, 1900, page 18.

CHINA SEA—Gulf of Siam, eastern shore.

Hatien—Alteration in leading lights—Beacons destroyed.

No. 341 (second publication).—The British Admiralty has given notice (No. 789 of 1904) that the colour of the front leading light into port Hatien has been changed from white fixed to *red fixed*, and that of the rear light, which is exhibited at the south-eastern corner of the custom house buildings, from red fixed to *white fixed*; these lights in line N. 41° E. lead through the channel.

Also, that only one beacon on the northern side marks the entrance to the channel, the southern beacon having been destroyed.

Approximate position, front light, lat. 10° 22′ N., long. 104° 27¾′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Charts:—Bay island to pulo Obi, No. 2723; Koh Tron, No. 2725: Also, List of Lights, part VI, 1904, No. 655 (Remarks); and China Sea Directory, vol. II, 1899, page 348.

PACIFIC OCEAN—New Guinea, west coast.

Fak Fak approach—Reef off Tanjong Tariman, Egeron reef.

No. 342 (second publication).—With reference to Notice to Mariners No. 325, dated 30th September 1904, issued by this office, the British Admiralty has given further notice (No. 795 of 1904) that the position of the reef reported by the natives in the vicinity of Tanjong Tariman has now been ascertained to be about 2 miles S. 44° W. from that point.

Approximate postion, lat. 3° 2½′ S., long. 132° 24½′ E.

Also, that further investigations show that the reef reported by the Captain of the S.S. *Japara* (*see* Notice to Mariners No. 40, 1904) to exist at a distance of 7½ miles S. 2° E. from the eastern extremity of Panjang is identical with the reef formerly known as Egeron; this name has therefore been affixed on the Charts to the reef situated in the above position.

Approximate position, lat. 3° 6′ S., long. 132° 17′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Charts:—Eastern archipelago, No. 942b: Also, Eastern Archipelago, part I, 1902, page 517.

AUSTRALIA—Queensland.

Cleveland bay—Alterations in lights and buoys.

No. 343 (second publication).—The British Admiralty has given notice (No. 800 of 1904) that the undermentioned alterations in lights and buoys have been made in Cleveland bay:—

Lights:

(*a*) The light on the eastern breakwater head has been altered from red and white to a *red fixed* light.

Approximate position, lat. 19° 14¾′ S., long. 146° 50¼′ E.

(*b*) The colour of the front leading beacon light into Ross creek, situated 2 cables S. 72° W. from the Pilot station, has been altered from green to *red*; the rear beacon light is *red fixed* situated 2$\frac{1}{10}$ cables S. 26° W. from the front light. These lights in line S. 26° W. lead through the channel into Ross creek. Three small buoys, moored on a line between the fairway buoy and the east breakwater light, mark the eastern side of this channel.

Buoys:

The buoys in the western channel between Middle reef and Magnetic island have been moved as follows:—

(*a*) The south-eastern buoy red can is now moored in a depth of 18 feet at a distance of 11 cables S. 29° W. from Nobby head.

(*b*) The two black buoys with square topmarks are now moored at distances of 12½ cables S. 49° W., and 14½ cables S. 63° W. respectively from Nobby head.

(Variation 7° Easterly in 1904.)

This Notice affects the following Admiralty Chart:—Cleveland bay, No. 1102: Also, List of Lights, part VI, 1904, Nos. 1312, 1316; Australia Directory, vol. II, 1898, pages 303, 304, 307; and Supplement, 1900, page 11.

AFRICA, NORTH-EAST—Gulf of Suez.

Suez canal, southern entrance—Buoyage altered.

No. 344 (second publication).—The British Admiralty has given notice (No 801 of 1904) that the undermentioned alterations have been made in the buoyage of the southern entrance to the Suez canal:—

(*a*) A light-buoy, painted red, exhibiting a *red fixed* light, has been established in a position from which the light on the eastern pier head of port Ibrahim bears N. 32° E., distant 8¾ cables, and the western head of the groyne on Kad el Marakeb N. 75° E.

(*b*) A light-buoy, painted black, exhibiting a *green fixed* light, has been established in a position from which the light on the eastern pier head of port Ibrahim bears N. 23° E., distant 9¼ cables, and the western end of the groyne N. 61° E.

(*c*) The light-buoy, exhibiting a red fixed light, formerly situated 4½ cables southward of port Ibrahim east pier head light, has been moved 200 feet S. 41° E., and is now situated at a distance of 4$\frac{8}{10}$ cables south from the above pier head.

(*d*) The red and black light-buoys, exhibiting red and green fixed lights, at the entrance to the canal, formerly situated 3½ and 4 cables, respectively, south-eastward of port Ibrahim east pier head light, have been withdrawn.

Approximate position, port Ibrahim east pier, lat. 29° 56′ N., long. 32° 33¼′ E.

(*Variation 3° Westerly in 1904.*)

This Notice affects the following Admiralty Charts:—Suez bay, No. 734; Suez canal, No. 233; ports Ibrahim, &c., No. 3214: Also, Red Sea Pilot, 1900, page 56.

EASTERN ARCHIPELAGO—PETAGAN ISLAND.

Alas strait—Reef reported.—Ampenan road—Reef, Amended position of.—

No. 323 (third publication.)—The British Admiralty has given notice (No. 748 of 1904) that the Master of the ship *Drumeltan* reports that his vessel struck on a reef, with a depth of 3 fathoms over it, in Alas strait, situated with the western extremity of Petagan island bearing N. 31° E., distant 2⅘ miles, and Lombok peak N. 83° W.

Approximate position, lat. 8° 27½′ S., long. 116° 43′ E.

Also that the reef with a depth of 9 feet over it, reported to exist in Ampenan road (*see Admiralty Notice to Mariners No. 158 of 1901 and this office No. 83 of 1901*) is shown on recent Netherlands Charts to be situated with Ampenan lighthouse bearing S. 33° E., distant one mile.

Approximate position, lat. 8° 33′ S., long. 116° 3′ E.

(*Variation 2° Easterly in 1904*).

This Notice affects the following Admiralty Charts:—Island of Java, No. 1654; plans of Alas strait, and Ampenan road on sheet No. 895: Also, Eastern Archipelago, part II, 1893, ages 230, 228; and Supplement, 1899, page 24.

AUSTRALIA—QUEENSLAND.

South Barnard island—Reef to the westward.

No. 324 (third publication).—The British Admiralty has given notice (No. 749 of 1904) of the existence of a small patch of coral, which dries at low water, situated with the western extremity of the largest South Barnard island bearing East, distant half a mile, and North Barnard island light N. 21° E.

Approximate position, lat. 17° 44½′ S., long. 146° 9′ E.

There is a depth of 16 feet around this patch.

(*Variation 6° Easterly in 1904.*)

This Notice affects the following Aamiralty Charts:—Magnetic island to Double point, No. 2349; Double point to cape Grafton, No. 2350: Also, Australia Directory, vol. II, 1898, page 328.

PACIFIC OCEAN—NEW GUINEA, WEST COAST.

Fak Fak—Reefs in approach—Non-existence of others.

No. 325 (third publication).—The British Admiralty has given notice (No. 756 of 1904) of the existence of a reef, about 2 cables in extent, with a depth of 1¼ fathoms over it, in the approach to Fak Fak, situated with the eastern extremity of pulo Panjang bearing N. 16° E., distant 6 miles, and the western extremity of pulo Ekka N. 67° W.

Approximate position on Chart No. 942*b*, lat. 3° 3′ S., long. 132° 16′ E.

A line of reefs, with depths over them of from 1¾ to 2½ fathoms, with deep water between, extends from the above to the east point of pulo Panjang.

Also, that careful but unsuccessful search has been made for Egeron reef, about 7 miles to the southward of Panjang island, and another reef reported 4 miles N. 53° W. from the west point of Samei; these reefs have therefore been erased from the Charts.

The natives, however, report that a reef exists about 1½ miles from the coast in the vicinity of Tanjong Tariman.

Approximate position, Tanjong Tariman, lat. 3° 0′ S., long. 132° 27′ E.

(*Variation 2° Easterly in 1904.*)

This Notice affects the following Admiralty Chart:—Eastern Archipelago, No. 942b Also, Eastern Archipelago, part I, 1902, page 517.

FIRST FORECAST OF THE WINTER RICE CROP OF BENGAL, 1904.

THE following note is published for general information.

A. EARLE,
Secy. to the Govt. of Bengal.

The 14th October 1904.

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

PRELIMINARY FORECAST OF THE WINTER RICE CROP OF BENGAL, 1904.

Character of the season.—Except in North and East Bengal, the rainfall before the setting in of the monsoons, was deficient. The rainfall was above normal in April in North and East Bengal, and in May in all the Provinces except Orissa. There was again no rain anywhere in the first week of June, and during the month the rainfall was deficient in North and East Bengal, almost normal in South West Bengal and Behar, and considerably above normal in

Orissa and Chota Nagpur. In July the rainfall was copious and above normal, everywhere except in Orissa. In August, again, the rainfall was above normal in the Patna and Chota Nagpur Divisions and in the Districts of Monghyr and Bhagalpur, but much below normal in the Presidency, Burdwan, Dacca, and Chittagong Divisions, and the districts of Rajshahi, Jalpaiguri, and Pabna. In Orissa however the rainfall was practically normal during August. The rainfall in September was very low. On the whole, however, the rainfall up to date has not been unfavourable to the crop, though some rain is still needed duringthe period of flowering.

Area cultivated.—The Collectors of the districts of Jessore, Khulna, Rangpur, Mymensingh, Monghyr, and Purnea, have revised the figures for normal area supplied by them for the final forecast of 1903. The total *normal* area under winter rice, taking the revised figures, is now estimated at 30,502,400 acres, against 30,554,600 given in the final forecast of 1903. The *actual* area under winter rice this year is 29,976,900 acres, against 27,395,800 acres of last year, showing an increase of 2,581,100 acres.

Character of the crop.—Out of forty-five districts in Bengal the following twenty expect an outturn of 100 per cent. and above, viz., Burdwan, Birbhum, Bankura, Rajshahi, Rangpur, Pabna, Dacca, Mymensingh, Faridpur, Gaya, Saran, Champaran, Darbhanga, Bhagalpur, Sonthal Parganas, Angul, Hazaribagh, Ranchi, Manbhum, and Singhbhum. On the other hand, the following three districts expect a low outturn, viz., Jessore 67 per cent., Nadia 76 per cent. and Murshidabad 79 per cent. The following seven expect an outturn between 80 and 89 per cent., viz., Dinajpore, Jalpaiguri, Patna, Monghyr, Malda, Cuttack and Puri. The remaining fifteen expect an outturn between 90 to 99 per cent.

Gross outturn.—According to the estimates of district officers, the outturn for the whole province works out to 96 per cent. of a normal crop, and this is probably right. The gross outturn would then come to 317,143,400 cwt., against 273,360,100 cwt. of last year.

Midnapore	Sadar	3,319,040	1,249,300	717,500	710,000	710,000	78	95	The floods in July destroyed the seedlings in low-lying lands. Most of them were subsequently replanted, but as the transplantation was late the outturn is expected to be less than the normal. With favourable rains in September and October it should, however, be better than last year.

24 Parganas	Sadar	830,658	458,600	359,200	387,400	385,000	90	95	The re-establishment of the Barrackpore subdivision has necessitated alteration in the figures for the area of the Sadar and of the Barasat subdivision. The heavy rain in June and July prevented the sowing of certain low-lying tracts.

Nadia ...	Sadar	448,640	217,200	18,000	15,400	25,600	59	63	The increase in area as well as in the outturn is due to the more favourable rainfall of the year under report. The decrease in the estimated outturn in Meherpur and Ranaghat subdivisions is due to a portion of the area sown having been submerged by flood-water.

	District Total ...	1,371,520	985,500	277,100	252,200	257,100	62	79	
Jessore	Sadar	568,960	323,500	153,300	140,000	130,000	75	70	The Subdivisional Officer of Jhenidah has revised the normal area under winter rice crop after due enquiry. The area under winter this year in Jhenidah subdivision is more than in the last year, and the outturn is better than the outturn of other subdivisions. The main cause of the above was seasonable rainfall during the cultivation of this crop. The decrease in area and outturn in other subdivisions was due to submersion of low lands fit for this crop by early heavy rains. The total area estimated to be under cultivation has been revised for Sadar and Jhenidah after necessary enquiry.

FIRST FORECAST OF THE INDIGO CROP OF BENGAL, 1904.

THE following note is published for general information

A. EARLE,
Secy. to the Govt. of Bengal.

The 15th October 1904.

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

PRELIMINARY FORECAST OF THE INDIGO CROP OF BENGAL, 1904.

Introductory.—The important indigo-growing districts, where more than 10,000 acres have been sown with indigo this year, are the following:—

	Acres.
Champaran	84,000
Muzaffarpur	35,000
Darbhanga	32,900
Purnea	25,500
Saran	18,000
Monghyr	11,100

Bhagalpur, like Nadia and Murshidabad, has lost its importance.

Character of the season in the indigo-growing area.—The rainfall from January to April was generally much below normal, in all the indigo-growing districts. In January it was below normal in all. In February it was below normal in all, except Midnapore and Rangpur; in March in all except Burdwan, Bankura and Midnapore; and in April in all, except Jessore and Rangpur. In the important indigo-growing districts the rainfall was heavy in May and below normal in June. In July the rainfall was below normal in Purnea and Darbhanga, and in August below normal in Purnea. On the whole the season has been unfavourable.

Area sown.—The total area sown under indigo this year in Bengal is 223,100 acres, against 249,700 acres in the last year. Purnea and Burdwan alone show an increase, and Champaran, Malda, Gaya, Cuttack, and Bankura show the same area as last year, while in all the rest the area under indigo shows a considerable reduction. It should be noted here that of the 19 indigo-growing districts, the figures representing the normal areas for Saran, Champaran,

Darbhanga, and Midnapore, making a total of 194,200 acres, as well as the figures for actual area for Murshidabad, Midnapore and part of Darbhanga, making a total of 28,900 acres, are from survey figures. The figures for the rest are a rough approximation only.

Character of the crop.—From the appendix it will be seen that the outturn was normal only in Cuttack, Gaya and Malda and below normal in all the rest. Jessore shows an outturn of only 25 per cent. Of the important districts, Muzaffarpur shows an outturn of 30 per cent., Champaran 47, Darbhanga 73, Purnea 75, Monghyr 88, and Bhagalpur 89 per cent. of a normal crop. The District Officer's estimate for Bengal Proper is an outturn of 56 per cent., for North-Bihar, an outturn of 52 per cent., and for the other Bihar districts 78 per cent. For the whole Province Collectors return 56 per cent. of a normal crop. I estimate an outturn of 60 per cent. for Bengal Proper, 56 per cent. for North-Bihar, and 80 per cent. for the other Bihar districts. For the whole Province I estimate an outturn of not less than 60 per cent.

Gross outturn.—According to the estimates of the District Officers, the total yield of indigo in North-Bihar amounts to about 22,000 factory maunds, against 29,885 of last year; and in Bengal Proper and other Bihar districts the yield amount to nearly 9,000 factory maunds, against 11,675 of last year, making a total of 31,000 factory maunds for the whole Province. Probably the outturn will not be more than 35,000 factory maunds.

Messrs. Moran and Company estimate about 30,000 factory maunds from Bihar, including Khunti mahai, and about 10,000 factory maunds from Lower Bengal and the North-Western Provinces.

S. L. MADDOX,

Director of the Dept. of Land Records and Agriculture, Bengal.

DARJEELING,

The 30th September 1904.

Preliminary Forecast of the Indigo Crop of Bengal, 1904.

Division.	District.	Total area of district in acres.	Total area estimated to be under cultivation in acres.	Approximate normal area under indigo in acres.	Approximate area sown last year (1903) in acres.	Estimated area sown this year (1904) in acres.	Taking 100 to represent the normal outturn, how much represented outturn last year (1903)?	Taking 100 to represent the normal outturn, how much will represent this year's outturn (1904)?	Remarks by District Officers.	Remarks by the Department of Land Records and Agriculture, Bengal.
1	2	3	4	5	6	7	8	9	10	11
Burdwan ...	Burdwan	1,687,680	1,284,200	6,100	1,700	2,200	75	75	The increase in the area this year is due to the favourable weather.	
	Bankura	1,677,440	642,800	300	100	130	90	75	Excessive rain accounts for the low outturn.	
	Midnapore ...	3,319,040	2,130,600	600	1,500	600	50	50	The decrease in the normal area and area brought under cultivation this year is due to the closing of a concern. Owing to heavy rain during the manufacturing season, the outturn will be poor.	
Presidency ...	Nadia	1,758,160	1,043,900	16,600	6,300	1,500	53	42	The decrease of area sown is due to the decline of the indigo industry. The decrease in the outturn is due to the insufficient rainfall.	
	Murshidabad ...	1,371,520	955,500	5,000	3,000	400	81	30	The cultivation of indigo is being gradually abandoned.

Presidency—*concld.*	Jessore ...	1,572,000	1,203,500	700	500	100	26	25	The outturn and the area sown this year have fallen below normal owing to excessive early rainfall.	
Rajshahi ...	Rangpur	2,250,603*	1,687,600*	6,600*	2,100	2,000†	50	50	*Revised figures. †The cultivation of the indigo crop is gradually dying out in this district.	
Patna ...	Gaya	3,016,680	2,307,500	100	100	100	50	100	The crop is grown to a nominal extent in this district.	
	Shahabad ...	2,196,720	1,641,500	7,700	500	300	43	50	The decrease in the area sown is due to the closure of the factories in the district.	
	Saran	1,710,405	1,357,200	45,500	19,300	18,000	55	60	The decrease in the area sown this year is due to the substitution of sugarcane for indigo lands of Sewan subdivision. The poor outturn is due to the continuous rainfall during *Mahas*, that is in July and August.	

	Champaran ...	2,259,840	1,447,600	96,000	84,000	84,000	51	47	The low outturn is due o want of timely rainfall.
	Muzaffarpur ...	1,941,254	1,627,000	65,000	48,000	35,000	61	39	The decrease in area and outturn is due to the falling off in price of indigo; in consequence of which several factories have reduced the cultivation of the crop.
	Darbhanga ...	3,130,000	1,678,000	52,100	33,700	32,930	83	73

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-guage is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

RESOLUTION—By the Government of India, Military Department.

READ—

Despatch to the Secretary of State for India, No. 236Financial, dated 7th July 1904.
Despatch from the Secretary of State for India, No 123Military, dated 2nd September 1904.

THE Government of India have not infrequently received applications for pension on account of soldiers or volunteers who rendered faithful service to Government during the Indian Mutiny, but who through age, infirmity, or misfortune have fallen into straitened circumstances or even destitution. In the majority of these cases no pensionary grant is admissible under the existing regulations. They have also occasionally received from such persons, or their representatives, claims to rewards said to have been promised in the Mutiny, or to compensation in some form on account of wounds or injuries said to have been then received, which after the lapse of so long a time it is often impossible to verify and therefore can only be refused.

2 In order to obviate as far as possible the disappointment which such a refusal must entail upon individuals who rendered loyal service to Government at a time of stress, the Government of India, with the approval of the Right Hon'ble the Secretary of State for India, have been pleased to adopt the following measure. It must, however, be clearly understood that the arrangement is of a purely compassionate nature, designed to help those Indian Mutiny veterans only who are in indigent circumstances:—

(1) Government will be prepared to consider, in each case specially, applications for the grant of pension or for the increase of a pension already granted, in the case of a deserving soldier or Volunteer (European, Eurasian, or Native) who

(a) is domiciled in India;
(b) is in possession of the Mutiny medal;
(c) is not less than 65 years of age; and
(d) is proved to be in straitened circumstances.

(2) The amount of the grant will be determined by Government with reference to the applicant's position in life, the nature of his Mutiny services, and his present means of subsistence; each case being decided on its own merits.

3. Applications, which should afford full particulars and be accompanied by supporting evidence, should be submitted to the Local Government who, after verification, will forward them with their recommendation to the Secretary to the Government of India, Military Department.

ORDER.—Ordered that a copy of the Resolution be forwarded to the Foreign Department, the Home Department, the Finance and Commerce Department, all Local Governments and Administrations, the Adjutant General in India, all Lieutenant-Generals Commanding the Forces, all Controllers of Military Accounts, and the Accountant-General, Military Department, for information, and that the Resolution be published in the Supplement to the *Gazette of India*.

DECLARATION.

No. 2080T.G.—The 18th October 1904.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for a Post Office in village Ganj-Hossenabad, pargana Japla, district Palamau, it is hereby declared that for the above purpose a piece of land measuring, more or less, $10\frac{1}{12}$ cottahs = ·16 of standard measurement,

REVISED WATER-RATE RULES FOR THE MIDNAPORE CANAL.

The 4th October 1904.

No. 59.—Notification.—In exercise of the powers conferred on him by sections 99 and 78 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Midnapore Canal. These rules and rates will supersede those now in force.

D. B. HORN,
Secy. to the Govt. of Bengal.

Proposed Rules.

GENERAL CONDITIONS.

1. The Divisional Canal Officer is responsible for maintaining the canal in an efficient *condition* for the distribution of water to the lessees, *for the closing of the outlets in rotation when required,* for providing drainage channels and generally for all engineering work involved in its management. The word "canal" is here used as defined in section 3 of the Act.

2. The Deputy Collector is responsible for the assessment and collection of water-rates accruing to Government from the canal.

3. Except as provided in the Act, and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act, other than those specially provided for in Rule 19, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks *demarcated by suitable boundaries; and* in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that, as far as practicable, *one-seventh* of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer and the Deputy Collector, and shall also be recorded with its irrigable area in the registers to be kept by them.

ON APPLICATIONS.

7. Applications for leases under section 74 of the Act shall be presented to the *Deputy Collector or his subordinates.* These applications must be made in writing and may be on plain paper. The officer receiving them shall enter on the back any further data required.

8. A separate application must be presented for the lands in each village, but *tahsilulaida* or other lands lying within the village boundary at the time of survey may be included.

9. Applications for the supply of water are to be made to the Subdivisional Canal Officer or Sub-Overseer, either verbally or in writing.

Existing Rules.

NIL.

1. The Divisional Canal Officer is responsible for maintaining the canal in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word "canal" is here used as defined in section 3 of the Act.

2 The Deputy Collector is responsible for the assessment and collection of water-rates accruing to Government from the canal.

35. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer; but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any orders passed by them in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

36. In appeals to the Collector under section 91 of the Act other than those specially provided for in Rule 19, the Collector may require the Superintending Engineer to state his opinion in writing which shall form part of the record of the proceedings in the case.

NIL.

5. The Divisional Canal Officer shall map out the irrigable area into blocks in accordance with the natural features of the ground and so determine that the whole block shall be irrigable from one outlet or from one set of outlets. So far as may be practicable, the blocks shall be separated by drainage lines.

7. III.—In order to equalize the areas to be dealt with in each year, the date of expiry of the leases in each block shall be determined by the Divisional Canal Officer in consultation with the Deputy Collector, so that, as far as practicable, one-fifth of the total area usually irrigated may fall out of lease in each year.

6. Each block determined as above shall be numbered and recorded with its irrigable area in registers to be maintained by the Divisional Canal Officers and Deputy Collector. The blocks shall also be marked on maps to be maintained by the same officers.

NIL.

11. Application for water-leases under section 74 of the Act shall be presented to the Subdivisional Officer through the zilladar in whose charge the land lies.

12. Every application for a water-lease shall contain the following particulars: –

1.—Name and residence of applicant.

2.—Name of pargana, mahal, and village in which the land to be irrigated is situated.

3.—Total area for the irrigation of which the application is made and its boundaries, and if the lands to be irrigated lie in separate *chaks*, the name of each *chak*.

4.—Names of the raiyats whose lands are to be irrigated, and the quantity of land held by each.

5.—Name of the canal and number of distributary from which water is required.

6.—Signatures of the applicants.

13. A separate application must be presented for lands in each village, but *tahsilalaica* or other lands lying within the village boundary at the time of survey may be included.

3. Water shall not be distributed otherwise than on the application of a lessee, or to a person in whose favour a provisional license under Rule 15 has been issued. Such application may be made verbally or in writing to any subordinate in charge of that part of the canal from which water is required.

Proposed Rules—*continued.*

ON LEASES AND PERMITS.

10. Ordinarily *7-year leases* may be granted for the whole irrigable area of a block or, subject to the provisions of Rule 8, for definite parts of a block, under the following conditions:—

(*i*) The whole irrigable area of a village, so far as situated within the block, must be included in the lease: *provided that a lease for less than 10 acres is not granted without the special sanction of the Divisional Canal Officer.*

(*ii*) No permit shall be granted when the supply of water must of necessity be delivered across an unleased area, unless in the opinion of the Subdivisional Canal Officer a village channel exists which will deliver water across the unleased area without waste.

11. *Villages, which apply for a lease less than 7 years in advance of the date of expiry fixed under Rule 5, will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 7-year leases.*

12. The following procedure is to be followed in granting leases:—

(*i*) Before a permit for a *long lease* is granted, the written consent of the Divisional Canal Officer shall be obtained, *and, on the date of issue, copies of these permits shall be forwarded—one to the Divisional Canal Officer and one direct to the Subdivisional Canal Officer.*

(*ii*) *when water is urgently required, the zilladar may grant a covering lease after obtaining the consent of the Subdivisional Canal Officer, to whom copies of the permits granted are to be sent on the date of issue. This applies to new leases as well as to renewals. In the case of renewals, the area given in the previous lease may be entered in the application, until the correct area has been ascertained. A covering lease shall be current for one year only.*

13. When a lease is granted, *an agreement* shall be taken *in Appendix I or II* and a "permit" shall be given to the lessee or lessees in a form similar to that prescribed in Schedule C of the Act (Appendix III or IV.)

14. *Except with the special sanction of the Chief Engineer* the area under long lease will be *limited* to 71,000 acres under the Midnapore weir *and 9,000* acres under the Panchkoorah weir, *making a total of 80,000 acres.*

15. Single waterings may be given *only* when water is available *over and above the quantity required to irrigate* the long leases.

16. *In the Tidal Reaches supply will only be given by single waterings.*

ON WATER-RATES.

17. Water supplied between 16th June and 30th November, whether by flow or lift, shall be charged as follows:—

(I) For water supplied on a long lease, Rs. 2 per acre per annum.

(II) For water supplied on a covering lease, when a permit for a long lease is not subsequently issued, Rs. 3 per acre.

(III) For each single watering Re. 1 per acre, the rate being payable in advance to the Subdivisional Canal Officer.

18. The rates to be charged for water supplied between the 1st December and 15th June shall be Rs. 2-8 per acre.

Existing Rules—*continued.*

4. If any lessee apply for water to the Deputy Collector or one of his subordinates verbally, he shall be directed to address himself to an irrigation officer or subordinate. If he makes such an application in writing, his petition shall be forwarded direct by the zilladar, to whom it is addressed, to the Subdivisional Canal Officer in charge of that part of the canal from which the petitioner's village is supplied.

NIL.

7. Ordinarily leases for not more than five years may be granted for the whole irrigable area of a block, or, subject to the provisions of Rule 13, for definite parts of a block under the following conditions:—

I.—Ordinarily the whole irrigable area of any village, so far as situated within the block, must be included in the lease.

II.—All leases within one block shall be granted so that they shall expire on the same date.

IV.—No permit shall be granted, when the supply of water must of necessity be delivered across an unleased area, unless a village channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

To enable the Special Deputy Collector to equalize the area which lapses each year, leases in suitable blocks may be granted under the above conditions for six or seven years with the approval of the Executive Engineer.

NIL.

14. Before a permit for a term of years is granted, the written consent of the Divisional Canal Officer shall be obtained, but permits for one year only and provisional licenses may be issued with the written assent of the Subdivisional Canal Officer. The Deputy Collector shall on the day of issue forward a copy of all permits granted to the Divisional Canal Officer.

Existing leases may, with the written consent of the Divisional Canal Officer, be extended for not more than three years, without enquiry or remeasurement, payments being made in accordance with the existing assessment.

16. On the issue of a permit or provisional license, the zilladar shall forward to the Subdivisional Canal Officer direct a requisition requesting him to supply water to the lessee on application. This requisition shall be kept by the Canal Officer till January 1st next following, and shall then be returned to the Deputy Collector. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition shall be issued on or before June 1st, and returned on or before January 1st each year, till the ease expires.

15. When a water-lease is granted, a *kabuliyat* shall be taken in a form approved by Government, and a "permit" shall be given to the lessee in a form similar to that prescribed in Schedule C of the Act. Pending the completion of a lease, the zilladar may issue a provisional license for the supply of water to an area covered by an application.

For a term of five years—Re. 1-8 per acre for each season. (The area under long lease will, in future, as a rule, be reduced to 75,000 square acres, *i.e.*, 65,000 acres under the Midnapore weir, 8,000 under the Panchkura weir and 2,000 under the Tidal Reaches.)

If water is available after the long leases have been irrigated, leases for a single watering may be given at eight annas per acre, the rate being payable in advance.

8. The rates to be charged for water supplied between 16th June and 30th November, whether by flow or lift, to lessees on application shall be—

For one year or for water supplied on a provisional license for which a permit for a term of years is not subsequently issued, Rs. 3 per acre.

Provided that the leases, whether new or renewals required for shorter terms than five years in order to develop the system of blocks as explained above, shall be charged Re. 1-8 per acre only.

9. For the supply of water, when available, for winter crops, a rate of Rs. 2-8 per acre per season shall be charged.

Proposed Rules—*continued.*

ON DEMAND STATEMENTS.

19. The statement of the amounts *due* for the water-rates leviable under *these* rules shall be prepared under the supervision and signature of the Deputy Collector in such form as shall from time to time, be sanctioned by the Lieutenant Governor. Persons charged under Rule *29* shall be served, by post or otherwise, with a statement showing the amounts charged, to enable them to lodge an appeal to the Collector under section 91 of the Act, if they desire to do so.

20. The rates for water supplied from June to November shall *be payable in two equal instalments, falling* due, *respectively*, on the 1st January and *1st* February following; but all sums of *Rs. 10* and under shall become due on the 1st January and be payable in one instalment. The rates for water supplied under Rule 18 shall fall due *on the 1st April following*.

21. Water-rates imposed under Rule *29* shall fall due as soon as the assessment is made, and shall be realised at once.

ON REMISSIONS.

22. Remission of water-rates, either in whole or *in* part, shall be granted *as follows* :—

(I) By the Deputy Collector for errors in assessment of rates.

(II) By the Divisional Canal Officer for injury to a crop on a leased area caused by—

(*a*) Deficiency in the supply of water.

(*b*) *Deficiency in the drainage.*

For (*a*) and (*b*) a written application must be made at least 15 days before the crop is cut.

23. Remissions on other grounds than above require the sanction of Government.

24. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realizable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

25. Before awarding compensation under section 16 of the Act, or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

26. When a long lease is entered into, the Deputy Collector, or other officer in charge of the Revenue Division, shall select, as representative of the cultivators, a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. Mukhyas should usually be selected: or, if it is undesirable in any particular case to appoint the mukhya, the reasons for passing him over and selecting others in preference are to be noted by the Deputy Collector in the list of cultivators' representatives to be maintained by him.

27. *The person or persons so selected shall be required to give* assistance to the Canal Officers in respect of the following matters:—

(I) In the preparation of applications for leases.

(II) In the measurement of irrigated lands.

(III) In giving the names of the occupiers of the various fields.

(IV) In receiving demand statements and informing the cultivators of the demands against them.

(V) In receiving *toppas* from the zilladars and distributing them.

(VI) *In attending, when required, at enquiries and complaints.*

(VII) In reporting to the zilladars any mutations of holdings of persons who have signed a *long* lease.

(VIII) *In assisting the tahsildar in collecting rates.*

28. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Deputy Collector may disallow this free irrigation, and recover the rates, in whole or in part, from the mukhya or other representative, if the assistance specified in Rule 27 has not been efficiently rendered to the

Existing Rules—*continued.*

NIL.

19. The statements of the amounts demandable for water-rates leviable under the rules in force shall be prepared under the supervision and signature of the Deputy Collector in such form as shall from time to time be sanctioned by the Lieutenant Governor. Persons charged under Rule 10 or 18 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act, if they desire to do so.

21. The rates for water supplied from June to November shall in each season fall due on the 1st January and 15th February following, but all sums of Rs. 5 and under shall become due on the 1st January and be payable in one instalment. The Deputy Collector may, however, require one-half of the rates due on applications filed after the 1st of September to be paid in advance, and may refuse to issue a permit for more than one year. The rates for water supplied for winter crops shall fall due on the 1st April following.

22. Water-rates imposed under Rule 10 or 18 shall fall due as soon as the assessment is made, and shall be realized at once.

NIL.

24. Remission of water-rates, either in whole or part, as the case may require shall be granted by the Deputy Collector for—

I.—Errors in the assessment of rates.

II.—Injury to the crop on a leased area caused by deficient supply of water, provided a written application for remission has been made 15 days at least before the crop is cut.

In regard to applications under II, the written opinion of the Divisional Canal Officer shall be obtained and form part of the record of the case.

25. The Deputy Collector, with the written consent of the Divisional Canal Officer may grant remissions of water-rates, either in whole or part, for injury to the crops on leased areas caused by excess of water due to deficient drainage.

27. Remissions on other grounds than the above require the sanction of Government.

28. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is non-realizable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

29. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

NIL.

NIL.

30. The *chaukidar* or *mukhya* of any village in which lands are leased for a term of years shall be entitled to a remission of water-rates for his holding either as a *jagir* or *raiyati* up to a limit of 3 acres per hundred acres of total leased area provided he gives efficient and willing assistance to the Canal Officers in respect to the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurements of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *tappas* from the zilladars and distributing them.

VI.—In being present when complaints are investigated by Canal Officers, and giving information regarding the matters under investigation.

VII.—In reporting to the zilladars any mutations in holdings of persons who have signed a lease for a term of years.

satisfaction of the Local Officers. The reasons for such disallowances are to be recorded by the Deputy Collector in the list of cultivators' representatives maintained by him.

ON UNAUTHORISED IRRIGATION.

29. For the unauthorised use of canal water a rate of *Rs. 5* per acre shall be charged: *this rate may, however, be reduced at the discretion of the Deputy Collector.*

30. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken *in an unauthorised manner*, he shall hold a local investigation, *and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down* and the *whole* record *forwarded to the Divisional Canal Officer for disposal. If the Divisional Canal Officer is of opinion that the area should be assessed he shall make a note on the case and forward the whole record* to the Deputy Collector. Separate proceedings shall be taken in the case of each village irrigated without authority.

31. On receipt of the record mentioned in *Rule 30*, and after hearing any objection that may be raised, the Deputy Collector shall determine whether the water-rates can be legally charged, and if so, he shall assess the *area* irrigated without authority, *and fix the rates allowed under Rule 29.* Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate. *These unauthorised irrigation cases must be disposed of by the Deputy Collecter within a month of the receipt of the record from the Divisional Canal Officer.*

32. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases, the persons assessed under Rule 29 shall also pay the water-rates due in respect of the lease subsequently granted. Provided that the total of these two rates shall not exceed the maximum rate chargeable under Rule 29. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under Rule 29.

ON PENALTIES AND CANCELLING OF LEASES.

33. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted, or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

34. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Deputy Collector to—

I.—Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, unless half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

II.—Cancel any *long* lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

III.—*Cancel any lease which cannot be irrigated from the canal except by passing water over an unleased area.*

MISCELLANEOUS.

35. Water may be given free of charge for filling tanks and for manufacturing or other purposes by order of the Divisional Canal Officer, *who, however, if he thinks fit,* may charge a rate of Re. 1 per 10,000 cubic feet for it. The same *rate* will be *assessed* if water is taken without authority into a tank or *otherwise* used in an unauthorised manner *for any purpose except for irrigation.*

36. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

Existing Rules—*continued.*

NIL.

10. For the unauthorised use of canal water a rate of Rs. 5 per acre, or such less rate as may be sanctioned by the Deputy Collector, shall be charged.

17. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken without authority, be shall hold a local investigation and transmit the record thereof to the Divisional Officer, who shall, if he is of opinion that the fields should be assessed, forward the case with his remarks to the Deputy Collector. Separate proceedings shall be taken in the case of each village irrigated without authority.

18. On receipt of the record mentioned in Rule 17, and after hearing any objection which may be raised, the Deputy Collector shall determine whether water-rates can be legally charged, and, if so, he shall proceed to assess, at the rate provided in Rule 10, the land irrigated without authority. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

NIL.

NIL.

20. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted, or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st of June next following.

23. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Deputy Collector to—

I.—Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realizing water-rates until all the arrears of water-rates due are paid up, and also, if specially so ordered, unless half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

II.—Cancel any five years' lease if on the 1st of June of any year water-rates to the extent of half the demand for one year are in arrears.

NIL.

NIL.

31. Tanks may be filled with canal-water without charge, wherever water can be made available without injury to the cultivation dependent on a canal under the following conditions:—

I.—No tank shall be filled unless the water is to be exclusively used for domestic purposes or for watering cattle.

II.—No tank shall be filled from which irrigation is practised.

III.—No tank shall be filled which intercepts any line of drainage or is liable to overflow from the accumulation of water from natural causes.

IV.—No tank shall be filled except on the written order of the Subdivisional Canal Officer issued on the written application of the persons concerned.

V.—No tank shall be filled unless the village channel used to convey water to it shall be shown to the satisfaction of the Subdivisional Canal Officer to be in a sound condition when the application is made.

VI.—The privilege here accorded may, by the written order of the Subdivisional Canal Officer, be suspended for 12 months for the breach of any of the above rules.

32. The Divisional Canal Officer may supply water for manufacturing or other purposes and charge for the same at the rate of one rupee for each 10,000 cubic feet or part of 10,000 cubic feet supplied. The same charge will be made if water is taken into a tank without authority or used in an unauthorized manner.

Proposed Rules—*concluded.*

37. Unless specially exempted by the Lieutenant-Governor from the operation of this rule, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

Existing Rules—*concluded.*

33. No person shall, without the permission in writing of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass on or across any of the works banks or channels of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as are provided by the Divisional Canal Officer.

34. No officer employed on the canals, unless especially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others.

APPENDIX I.

APPLICATION FOR A LONG LEASE.

(Yearly rate 10 annas 8 pie per bigha—water to be supplied each year from the 16th June to 30th November only.)

WE the undersigned of Mauza , Pargana , Thana , apply for water to be supplied from Distributary of the Midnapore Canal for a tern of years, commencing on the 16th June and ending 30th November. The supply of water is required for the irrigation of the block of land formed by our holdings as specified below.

2. We agree that the amounts due shall be payable to the Deputy Collector or other Officer in charge of the Revenue Division, Midnapore Canal, or to such person as he may appoint on the 1st January and 1st February, or if Rs. 10 or under on 1st of January of each year, and shall be payable independently of our requiring water in any particular year or not.

3. We also agree to be bound by the rules published in the *Calcutta Gazette* for pages Notification No.

4. We agree that this application shall not be deemed to have been completed until all the irrigable fields within the block have been signed for, and that failing such completion any covering lease which may have been granted shall be enforced.

5. We agree that the areas and amounts as given in the statement below are correct at the commencement of the lease and in token of agreement we attach our individual signature or mark.

6. Our heirs and representatives shall be bound by the terms of this agreement in case of our decease.

NOTIFICATION.

Annual Examination of Pleaders in Surveying.

1. The next Survey examination for pleaders will be held in February 1905.

2. Applications for admission to appear at the examination should in the first place be submitted to the District Judge in whose Court or in Courts subordinate to whom the pleader ordinarily practises. The District Judge will require evidence from all applicants that they have undergone some training in practical surveying. He will not countersign the application of a candidate who fails to satisfy him on this point; nor will such a candidate be permitted to appear at the examination.

3. Candidates whose applications have been countersigned by the District Judge must submit their applications to the Director of Public Instruction, and these must be received on or before the 15th December 1904. After this date no more applications will be received.

4. The application should state the centre at which the candidate intends to appear, and all particulars as to the length of time the applicant has practised in the Court and the full address, &c., necessary to secure that letters will reach the applicant.

5. Each application should be accompanied by the prescribed fee of Rs. 30,* which will in no case be refunded.

6. Only pleaders practising in one of the Courts of the Province of Bengal will be eligible for the examination.

7. The examination will be held at four centres, viz., Dacca, Patna, Cuttack, and Sibpur.

8. The subjects for examination are noted below:—

(1) Paper on General Elementary Surveying, including Theodolite and Levelling.
(2) Practical examination in the field in—
  (*a*) Chain, and chain and compass surveying.
  (*b*) Plane tabling.
  (*c*) Plotting.
  (*d*) Levelling.
  (*e*) Use of Theodolite and the permanent and temporary adjustment of instruments.

9. Candidates are required to secure 40 per cent. of the marks in the paper on surveying and 50 per cent. in the practical portion of the examination.

10. The rules regarding the Pleader's Survey examination were published in the *Calcutta Gazette* of the 28th September 1904.

11. The programme for the examination will be published in the *Calcutta Gazette*.

The 15th October 1904.

A. PEDLER,
Director of Public Instruction, Bengal.

* The fee must be deposited in the Bank or local treasury and the receipt for the same should accompany the application. On no account cash or money-order will be received.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Nadia, will be put up to sale at the Nadia Collectorate on Friday, the 28th of October 1904, corresponding to 12th Kartik 1311 B.S.

The purchaser will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The estates to be sold to the highest bidders above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of these estates, and the entire proprietary right of Government in such estates will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceeds Rs 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad

PRICES.

Staunton island—Rocks.

No. 353 (first publication).—The British Admiralty has given notice (No. 843 of 1904) of the existence of the undermentioned rocks in the neighbourhood of Staunton island:—

1. A rock, with a depth of 2 feet over it, in a position with the east point of Staunton island, bearing North, distant a quarter of a mile, and South-east promontory lighthouse N. 56° E.
   A rocky patch, with 4 fathoms of water over it, lies S. 47° W. 1½ cables from this rock.
   Approximate position lat. 36° 41¾′ N., long. 122° 16¾′ E.
2. A rock, with a depth of 5 feet over it, in a position with North channel rock bearing S. 19° W., distant 2¼ cables, and Needle peak N. 31° E.
   Approximate position, lat. 36° 47¼′ N., long. 122° 15¼′ E.
3. A rock, with a depth of 6 feet over it, in a position with South channel rock bearing S. 33° W., distant 3¼ cables, and Staunton island summit S. 24° E.
   Approximate position, lat. 36° 46¾′ N., long 122° 15¼′ E.
4. A rock, which breaks heavily, in a position with North channel rock S. 89° W., distant $3\frac{1}{10}$ miles, and Needle peak N. 9° W.
   Approximate position, lat. 36° 47¼′ N., long. 122° 19′ E.

(Variation 4° Westerly in 1904.)

This Notice affects the following Admiralty Chart:—Shantung promontory, No. 1255: Also, China Sea Directory, vol. III, 1904, page 546.

CHINA, NORTH COAST—Wei hai wei.

Pei shan point—Rock reported.

No. 354 (first publication).—The British Admiralty has given notice (No. 851 of 1904) of the existence of a rock, which dries 4 feet, situated in the channel between Pei shan point and Hei tau, in a position from which the north point of Hei tau N. 40° E., distant one cable, and Kwoa Pu S. 65° E. Rocky ledges and patches connect it with the islet off Pei shan point, but there is a channel about 30 yards wide between it and the rocks west of Hei tau.

Approximate position, lat. 37° 31½′ N., long. 122° 9¼′ E.

(Variation 4° Westerly in 1904.)

This Notice affects the following Admiralty Charts:—Wei hai wei harbour, No. 2823; Wei hai wei anchorage, No. 3025: Also, China Sea Directory, vol. III, 1904, page 558.

INDIA, WEST—Bombay coast.

Approximate position, lat. 5° 14¾′ S., long. 123° 33¼′ E.

Further Notice will be given when the permanent light is established.

This Notice affects the following Admiralty Charts:—Australia, northern portion, No. 2759a; Eastern archipelago, No. 942a: Also, List of Lights, part VI, 1904, page 93; and Eastern Archipelago, part II, 1893, page 358.

BAY OF BENGAL—Hughli river.

Alterations and additions in the lighting of the river.

No. 338 (third publication).—The Port Commissioners of the Port of Calcutta has given notice, dated the 16th September 1904, that on or about the 1st December the following alterations and additions will be made in the lighting of the Hughli river.

1 The present "Long Sand" light-vessel will be replaced by an unattended gas-lit vessel exhibiting an occulting white light, visible in clear weather 10½ miles and having the following characteristics:—

Flash 4 seconds—Eclipse 4 seconds.

A bell will be sounded at intervals.

2. In place of the "Long Sand" station buoy a gas buoy will be placed in that position having the following characteristics:—

Colour white. 2 Flashes of 1½ seconds each in quick succession with a long interval of about 5½ seconds. Superstructure Can-shaped. Colour of buoy—Black.

3. In place of the Apex buoy a gas buoy will occupy that position with the following characteristics:—

Colour white. Flash 4 seconds. Eclipse 2 seconds. Superstructure Conical shaped. Colour of buoy—Black and white horizontal stripes.

4. In place of the Upper Western Jellingham buoy a gas buoy will occupy that position with the following characteristics:—

Colour white. Flash 4 seconds. Eclipse 2 seconds. Superstructure Can shaped. Colour of buoy-black.

5. In place of the Kulpi anchoring buoy a gas buoy will occupy that position with the following characteristics.—

Colour white. 2 Flashes of 1½ seconds each in quick succession with a long interval of about 5½ seconds. Superstructure Conical shaped Colour of buoy—Black and white horizontal stripes.

6. In place of the "G" Buoy in the Western Channel a gas buoy will occupy that position with the following characteristics:—

Colour white. Flash of 6 seconds. Eclipse of 6 seconds. Flash of 1½ seconds. Eclipse of 1½ seconds. Superstructure Can shaped. Colour of buoy—Black.

CHINA SEA—Gulf of Siam, eastern shore.

Bulua islands—Dangers off—.

No. 339 (third publication).—The British Admiralty has given notice (No. 780 of 1904) of the existence of the undermentioned dangers in the vicinity of the Bulua islands on the eastern shore of the gulf of Siam:—

(1) A rock, with a depth of one fathom over it at lowest water, situated at a distance of 2¼ miles N. 14° W. from the northern extremity of Hon Heo, the northernmost large island of the Bulua group.

(2) A rock, with a least depth of 3 feet over it, situated at a distance of 1$\frac{7}{10}$ miles S 83° W. from the northern extremity of Hon Heo.

(3) A rock, which dries 2 feet at lowest tide, situated at a distance of 2 cables S. 47° E from Saddle rocks, which are about 7½ miles to the southward of Hon Heo.

Vessels in the neighbourhood of these islands should navigate with caution.

Approximate position, Hon Heo, north point, lat. 10° 10⅔′ N., long. 104° 30¼′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Charts:—Bay island to pulo Obi, No. 2723; Koh Tron, No 2725: Also, China Sea Directory, vol. II, 1899, page 348.

AUSTRALIA—Victoria.

Hobson's bay—Colour of Williamstown breakwater light.

No. 340 (third publication).—The British Admiralty has given notice (No. 784 of 1904) that the colour of the light (*fixed*) exhibited from the extremity of the breakwater pier at Williamstown is *green*, not white.

Approximate position, lat. 37° 52′ S., long. 144° 55′ E.

This Notice affects the following Admiralty Chart:—Hobson's bay, No. 624: Also, List of Lights, part VI, 1904, No. 1163; Australia, vol. 1, 1897, page 459; and Supplement, 1900, page 18.

CHINA SEA—Gulf of Siam, eastern shore.

Hatien—Alteration in leading lights—Beacons destroyed.

No. 341 (third publication).—The British Admiralty has given notice (No. 789 of 1904) that the colour of the front leading light into port Hatien has been changed from white fixed to *red fixed*, and that of the rear light, which is exhibited at the south-eastern corner of the custom house buildings, from red fixed to *white fixed;* these lights in line N. 41° E. lead through the channel.

Also, that only one beacon on the northern side marks the entrance to the channel, the southern beacon having been destroyed.

Approximate position, front light, lat. 10° 22′ N., long. 104° 27¾′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Charts:—Bay island to pulo Obi, No. 2723; Koh Tron, No. 2725: Also, List of Lights, part VI, 1904, No. 655 (Remarks); and China Sea Directory, vol. II, 1899, page 348.

PACIFIC OCEAN—New Guinea, west coast.

Fak Fak approach—Reef off Tanjong Tariman, Egeron reef.

No. 342 (third publication).—With reference to Notice to Mariners No. 325, dated 30th September 1904, issued by this office, the British Admiralty has given further notice (No. 795 of 1904) that the position of the reef reported by the natives in the vicinity of Tanjong Tariman has now been ascertained to be about 2 miles S. 44° W. from that point.

Approximate position, lat. 3° 2½′ S., long. 132° 24½′ E.

Also, that further investigations show that the reef reported by the Captain of the S.S. *Japara* (see Notice to Mariners No. 40, 1904) to exist at a distance of 7¼ miles S. 2° E. from the eastern extremity of Panjang is identical with the reef formerly known as Egeron; this name has therefore been affixed on the Charts to the reef situated in the above position.

Approximate position, lat. 3° 6′ S., long. 132° 17′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Charts:—Eastern archipelago, No. 942b: Also, Eastern Archipelago, part I, 1902, page 517.

AUSTRALIA—Queensland.

Cleveland bay—Alterations in lights and buoys.

No. 343 (third publication).—The British Admiralty has given notice (No. 800 of 1904) that the undermentioned alterations in lights and buoys have been made in Cleveland bay:—

Lights:

(a) The light on the eastern breakwater head has been altered from red and white to a *red fixed* light.

Approximate position, lat. 19° 14¾′ S., long. 146° 50½′ E.

(b) The colour of the front leading beacon light into Ross creek, situated 2 cables S. 72° W. from the Pilot station, has been altered from green to *red;* the rear beacon light is *red fixed* situated $2\frac{1}{10}$ cables S. 26° W. from the front light. These lights in line S. 26° W. lead through the channel into Ross creek. Three small buoys, moored on a line between the fairway buoy and the east breakwater light, mark the eastern side of this channel.

Buoys:

The buoys in the western channel between Middle reef and Magnetic island have been moved as follows:—

(a) The south-eastern buoy red can is now moored in a depth of 18 feet at a distance of 11 cables S. 29° W. from Nobby head.

(b) The two black buoys with square topmarks are now moored at distances of 12½ cables S. 49° W., and 14¾ cables S. 63° W. respectively from Nobby head.

(Variation 7° Easterly in 1904.)

This Notice affects the following Admiralty Chart:—Cleveland bay, No. 1102: Also, List of Lights, part VI, 1904, Nos. 1312, 1316; Australia Directory, vol. II, 1898, pages 303, 304, 307; and Supplement, 1900, page 11.

AFRICA, NORTH-EAST—GULF OF SUEZ.

Suez canal, southern entrance—Buoyage altered.

No. 344 (third publication).—The British Admiralty has given notice (No. 801 of 1904) that the undermentioned alterations have been made in the buoyage of the southern entrance to the Suez canal :—

(*a*) A light-buoy, painted red, exhibiting a *red fixed* light, has been established in a position from which the light on the eastern pier head of port Ibrahim bears N. 32° E., distant 8¾ cables, and the western head of the groyne on Kad el Marakeb N. 75° E.

(*b*) A light-buoy, painted black, exhibiting a *green fixed* light, has been established in a position from which the light on the eastern pier head of port Ibrahim bears N. 23° E., distant 9¼ cables, and the western end of the groyne N. 61° E.

(*c*) The light-buoy, exhibiting a red fixed light, formerly situated 4½ cables southward of port Ibrahim east pier head light, has been moved 200 feet S. 41° E., and is now situated at a distance of 4$\frac{8}{10}$ cables south from the above pier head.

(*d*) The red and black light-buoys, exhibiting red and green fixed lights, at the entrance to the canal, formerly situated 3½ and 4 cables, respectively, south-eastward of port Ibrahim east pier head light, have been withdrawn.

Approximate position, port Ibrahim east pier, lat. 29° 56′ N., long. 32° 33¼′ E.

(Variation 3° Westerly in 1904.)

This Notice affects the following Admiralty Charts :—Suez bay, No. 734 ; Suez canal, No. 233 ; ports Ibrahim, &c., No. 3214 : Also, Red Sea Pilot, 1900, page 56.

LAND REVENUE ADMINISTRATION OF THE LOWER PROVINCES.

REVENUE DEPARTMENT—LAND REVENUE.

Darjeeling, the 19th October, 1904.

RESOLUTION—No. 2858T.—R.

READ—

The Report of the Board of Revenue on the Land Revenue Administration of the Lower Provinces for the year 1903-1904.

The Report was punctually submitted to Government.

2. *Collections, balances and remissions.*—The collections of land revenue from all the three classes of estates were good. It was observed in last year's Resolution that the total collections, as also the percentages of the current collections on the current demand and of the total collections on the total demand, were better than in any year of the quinquennium then completed; while the total balance outstanding at the close of the year was the lowest on record during the same period. It is satisfactory to observe that during the year under review even those excellent results were surpassed.

In estates held direct by Government the total collections were over 100 *per cent.* of the current demand, and the balance outstanding at the close of the year was much smaller than at the end of the preceding year. The current

collections were below the fixed standards in twelve districts, while the balances were large in nine districts. The explanations furnished in these cases are, however, satisfactory.

3. *Road and Public Works Cesses.*—The current demand of cesses increased by about two and-a-half lakhs, owing mainly to revaluation operations having been undertaken in several districts. The collections were generally good, and were above the prescribed standard in twenty-four out of the forty-three districts in which the Cess Act is in force. Although the percentage of collections declined slightly, viz., from 100·4 to 99·2, the explanations given for the decrease are generally satisfactory.

4. *Coercive processes.*—As in previous years, the revenue sale law was worked with moderation and discretion; and, although the number of defaults in the payment of Government dues increased by 754, the number of sales declined by 34. A large decrease (79,463) in the number of certificates filed having occurred in the year 1902-1903, it is not surprising to find that there has been a substantial increase (22,086) in the number of such cases during the year under report. The number of cases disposed of during the year exceeded the number instituted by 1,316, or by ·75 *per cent.*; and the Certificate Department was efficiently administered.

5. *Condition of the raiyats on Government estates and expenditure on improvements.*—The condition of the raiyats in the Government estates throughout the Province was generally prosperous. The Palamau Government estate has for several years past suffered from failure of crops; but the Board and the local officers have done all that lay in their power both to alleviate distress and to encourage the construction of protective works.

The expenditure incurred on miscellaneous and sanitary improvements in Government estates during the year amounted to Rs. 2,23,488, as against Rs. 2,30,041 in the previous year. Of this amount, Rs. 30,611 were spent on tanks and wells; Rs. 78,361 on drainage, irrigation and embankments; Rs. 13,795 on roads and bridges; and the rest on works of a miscellaneous nature. Out of the total sum (Rs. 2,57,767) allotted for works of improvement, Rs. 37,279 remained unexpended at the close of the year, as against Rs. 11,960 in 1902-1903. Special reasons, however, account satisfactorily for the greater part of the amount which lapsed.

6. *Land Registration.*—The Lieutenant-Governor notices with pleasure the care with which the Board are watching the working of the Land Registration Act and endeavouring to secure the punctual registration of interests under it. A Bill to amend the Act with the object of improving the maintenance of the registers prescribed by law will shortly be introduced into the Bengal Legislative Council.

7. *Takavi Advances.*—Government will await the receipt of the report promised by the Board showing the net financial results of the loans granted under the Land Improvement Loans Act during the period 1897-98 to 1903-1904. A total sum of Rs. 17,44,215 was advanced under the Agriculturists' Loans Act during the period in question, of which Rs. 14,63,501 were recovered, and Rs. 6,815 were remitted. The interest which accrued on the amount advanced was Rs. 1,60,726, of which Rs. 1,45,755 were realised and Rs. 787 were remitted. The net loss incurred by Government amounted, therefore, to Rs. 7,102. This loss was, however, more than counterbalanced by the gain of a sum of Rs. 47,966, which represents the difference between the rate ($3\frac{1}{2}$ *per cent.*) at which Government may be assumed to have borrowed money, and that ($6\frac{1}{4}$ *per cent.*) at which it lent the same.

8. *Working of the Bengal Tenancy Act of 1885.*—The Lieutenant-Governor agrees with the Board that though, since the passing of the Bengal Tenancy Act, landlords and tenants alike have become better acquainted with their rights and duties, the time has come when defects in the Act, which have been discovered since its last amendment, should be remedied, and further power be taken to prevent attempts to nullify the record-of-rights, and the illegal enhancement of rents. This question is engaging the attention of the Lieutenant-Governor.

9. *Rent-suits under Act X of 1859 and I (B.C.) of 1879, as amended by Act V (B.C.) of 1903.*—In the Orissa Division the number of rent-suits showed a further increase during the year under review, being 25,125, as against 23,044

in the previous year. This result was chiefly due as explained in last year's Resolution, to the fact that, owing to the enhancement of the revenue at the last settlement, landlords cannot afford to allow arrears to remain outstanding for so long as formerly, and that the settlement records make it easy for zamindars to prove their claims in Court.

Rent-suits in the Chota Nagpur Division declined from 7,394 in 1902-03 to 6,285 in the year under report. The decrease in Ranchi was due mainly to the recent amendment of section 123 of Act I (B.C.) of 1879, which, by facilitating the sale of tenures for arrears of rents, has made the tenure-holders more punctual in the payment of their rents. His Honour is glad to observe that the Board continue to watch carefully the operation of the penal provisions of Acts VI (B.C.) of 1862 and I (B.C.) of 1879. The large number of suits in which damages were allowed in Puri and the increase in the number of such cases in Palamau will doubtless receive their attention.

10. *Inspections.*—The failure of the Collector of Saran to inspect his office is unsatisfactory; and the explanation given, viz., that there were frequent changes of officers during the year, is inadequate. The Lieutenant-Governor is pleased to observe that the Board have taken due notice of the failure of certain Subdivisional Officers to inspect their offices and sub-treasuries according to the rules.

11. *Weather and crops, prices of food and wages of labour.*—The rainfall of the Province during the year was generally below the normal. Notwithstanding this fact, the harvests were good and prices low. Wages remained stationary, except in Midnapore, Nadia, Murshidabad and Pabna. In Midnapore wages fell considerably, owing to the cessation of railway construction; whereas in the three last-named districts they rose in consequence of a demand for labour for the Ranaghat-Murshidabad Railway.

12. *Material condition of the people.*—The material condition of the raiyats was generally good, except in a few districts where there was a partial failure of the crops. In Palamau, owing to deficient rainfall, the *bhadoi* crop was not much more than half the normal yield, and some distress was experienced. The outturn of the *til* crop was, however, excellent and saved the district from severe scarcity. Loans under the Agriculturists' Loans Act had to be distributed to the extent of one lakh of rupees; and in some areas famine was only averted by the railway which imported large quantities of *rabi* seed and enabled the *til* crop to be exported. During the current year, the zamindars of the district have taken advances amounting to about Rs. 46,500 for works of irrigation; and the Deputy Commissioner reports that these works will doubtless secure a largely increased outturn in future years.

13. *Co-operative Credit Societies.*—Twelve new Co-operative Credit Societies were established during the year, viz., 7 in Government estates, 2 in Wards' estates and 3 in private estates. The total number of such societies actually working at the close of the year was 58, of which 26 were in Government estates, 16 in Wards' estates and 16 in private estates. The amounts advanced to these societies were Rs. 4,300 from Government funds, Rs. 600 from the Court of Wards' funds, and Rs. 3,037 from private sources. The most successful societies appear to have been those established in the Sankara Ward's estate in the Sonthal Parganas, where they are reported to have been of great benefit to the people. The recent appointment of a Registrar under the Co-operative Credit Societies Act X of 1904) will doubtless give a great stimulus to the development of these societies; and the Lieutenant-Governor hopes that the Board will be able to report much progress in this direction in next year's report.

14. The thanks of the Lieutenant Governor are due to the Board for their successful administration of the Land Revenue Department and for their full and interesting report. The notices of officers mentioned as deserving of special commendation have been read with pleasure by the Lieutenant-Governor, and will be recorded by the Appointment Department.

By order of the Lieutenant-Governor of Bengal,

A. EARLE,

Secretary to the Govt. of Bengal.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF SEPTEMBER 1904.

THOUGH the monsoon current in September, judging from the steepness of the gradient, maintained more than its average strength for a large part of the month, the rainfall was deficient in all divisions of the province and was practically determined by two cyclonic storms which occurred in the earlier part of the month, and by a persistent though shallow depression which lay over the eastern portion of the province from the 18th to the 26th.

The first of these storms gave fairly general rain, while the second being generated further to the south and centre of the bay determined rain more exclusively to the western divisions of the province. The rainfall caused by the depression during the latter part of the month was confined almost entirely to Bengal proper. At the beginning of the month pressure was in defect over the province and in slight excess over the bay; but although the gradient was therefore steep, the distribution was such that the isobars ran from west to east, giving rise to westerly winds and fine weather. The first indications of the formation of a small cyclonic storm were shewn on the 3rd, when northerly winds set in on the Bengal coast. Pressure began to fall at the head of the bay and a definite cyclonic circulation was shewn on the 5th. The storm developed slowly during this and the succeeding day, finally crossing the coast on the morning of the 7th. It was accompanied from its first inception by moderate rainfall, the area of precipitation marching with the storm from east to west. The deficiency of pressure in the centre of the storm area was a local one, the formation of the depression having been accompanied, as is frequently the case, by a rise of pressure to the west and north of the storm area. Thus the defect in pressure which was shewn over the province at the beginning of the month was converted by the same agencies which brought about the depression itself into excess, and on the 7th pressure was above the normal, except in the south-western divisions adjoining the actual area of low pressure.

The cyclonic storm had no sooner crossed the coast than symptoms of a fresh disturbance appeared in the north of the bay. This new depression which was first definitely marked on the morning of the 9th formed considerably more to the south than its predecessor. It developed slowly during the next few days and finally crossed the coast near Gopalpur on the morning of the 12th. During its development and subsequent passage inland, rain was almost completely diverted from the eastern parts of the province, but was general though moderate in Orissa, Chota Nagpur and South Bihar.

On the first appearance of this depression a slight fall of pressure took place over the province, but this was speedily succeeded by a rise, which as the storm slowly moved westward extended from north to south, so that on the 13th pressure was in considerable excess over the whole province.

Temperature which on the 1st was fairly normal and which had risen steadily during the first three days of the month was equally with the other meteorological elements affected by the progress of these disturbances. A fall of temperature following the general track of the first depression set in about the 4th, and on the 6th mean temperature was below normal over the whole of Bengal. The subsequent rise which commenced on the 7th in the eastern districts followed the same line of advance, and on the 10th temperature was again above the normal over the whole area. The second cyclonic storm only affected the temperature appreciably in Bihar, Chota Nagpur and Orissa, and in these latter divisions temperature fell below the normal on the 12th, but with these exceptions it continued high and was in excess on the 13th, the day on which the cyclonic storm passed beyond the limits of the reporting area.

On the same day a marked dimunition had shown itself in the strength of the monsoon current, and an area of uniform pressure had established itself by the 14th over the northern half of the bay. Corresponding meteorological changes took place in the province and a period of fine weather now set in and lasted till the 18th. Pressure continued above normal during the whole of this period, which was likewise characterised by high temperatures and an almost complete absence of rainfall.

On the 18th a depression which apparently came from Burma, where the weather had been more or less disturbed for some days, first appeared over Eastern Bengal, and though it shifted slightly from day to day maintained its general position unchanged for some seven or eight days. During this period it shewed no tendency to develop, there being no fall of pressure at the centre relatively to the surrounding areas, although the monsoon current to

the south had in the meantime considerably strengthened. The depression, however, affected the weather in Lower Bengal considerably and gave rise to moderate rainfall during the period in question. With the first appearance of the depression a general fall in pressure commenced and continued till the 21st, the pressure on that date being in large defect throughout the province, especially in East Bengal. An equally brisk rise followed, and on the 25th pressure was again everywhere in moderate to considerable excess. Under the influence of this rise, which had taken place over the whole area, the depression finally disappeared, and on the 26th both the bay and the province were under the domination of uniform and very high pressure.

Though temperature began slowly to feel the influence of the disturbed weather during this period, it rarely fell below the average in any part of the province, remaining generally with small and irregular fluctuations in the neighbourhood of the normal.

During the last days of the month the monsoon shewed unmistakeable signs of retreating down the bay, and though pressure fluctuated considerably, it remained high and was in moderate excess on the 31st. Fine weather prevailed with high temperature, and there was practically no rainfall in any part of Bengal. On the last day of the month weather was very settled over the province with every appearance of an early establishment of cold-weather conditions.

Summary of pressure.—As will be seen, pressure was below normal for the first five or six days of the month and remained with one brief intermission high till the 19th, notwithstanding the two storms which, as they did not cross Bengal proper, did not affect the pressure in the province materially. The fall which set in on the 19th brought about a very large deficiency of pressure over the whole province, and the rise which commenced on the 22nd did not re-establish high pressure over the whole area till the 25th. From this date to the end of the month pressure remained above the normal. On the whole therefore pressure was high during the greater part of the month, and the mean is above the normal except in the extreme north-east and south-east.

Summary of temperature.—Temperature which at the beginning of the month was high fell below normal for a few days under the influence of the first storm, but speedily recovered. The second storm practically affected the temperature in the western divisions only, and with the exception of the few occasions when comparatively low temperatures were recorded in different parts of Bengal during the period of the later depression, temperature remained normal for the rest of the month.

Temperature was consequently in excess over the whole province except parts of Orissa and Chota Nagpur. The excess was, however, much more marked in day than in night temperatures, the excess in the latter being confined to Central Bengal.

Summary of rainfall.—Rainfall was deficient in all the divisions of the province, the percentage defect being greatest in Bihar, where it amounts to over 60 per cent. As Orissa lay more or less in the track of both the cyclonic storms of the month, the deficiency in the division was the least, being about 14 per cent.

The following table gives a condensed summary of the rainfall statistics of the present year up to date for each meteorological division, the first nine columns giving the actual average falls in each division for each month expressed as a percentage of the normal, while the tenth column gives the actual rainfall of the first nine months as a percentage of the normal rainfall for that period:—

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-guage is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

dew, dew; o, overcast; g, gloomy; d, drizzling rain; t, thunder; p, passing temporary showers; ∠, lightning.

REVISED WATER-RATE RULES FOR THE MIDNAPORE CANAL.

The 4th October 1904.

No. 59.—Notification.—In exercise of the powers conferred on him by sections 99 and 78 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Midnapore Canal. These rules and rates will supersede those now in force.

D. B. HORN,
Secy. to the Govt. of Bengal

Proposed Rules.

GENERAL CONDITIONS.

1. The Divisional Canal Officer is responsible for maintaining the canal in an efficient *condition* for the distribution of water to the lessees, *for the closing of the outlets in rotation when required*, for providing drainage channels and generally for all engineering work involved in its management. The word "canal" is here used as defined in section 3 of the Act.

2. The Deputy Collector is responsible for the assessment and collection of water-rates accruing to Government from the canal.

3. Except as provided in the Act, and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act, other than those specially provided for in Rule 19, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks *demarcated by suitable boundaries; and* in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that, as far as practicable, *one-seventh* of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer and the Deputy Collector, and shall also be recorded with its irrigable area in the registers to be kept by them.

ON APPLICATIONS.

7. Applications for leases under section 74 of the Act shall be presented to the *Deputy Collector or his subordinates*. These applications must be made in writing and may be on plain paper. The officer receiving them shall enter on the back any further data required.

8. A separate application must be presented for the lands in each village, but *tahsilalaida* or other lands lying within the village boundary at the time of survey may be included.

9. Applications for the supply of water are to be made to the Subdivisional Canal Officer or Sub-Overseer, either verbally or in writing.

Existing Rules.

NIL.

1. The Divisional Canal Officer is responsible for maintaining the canal in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word "canal" is here used as defined in section 3 of the Act.

2 The Deputy Collector is responsible for the assessment and collection of water-rates accruing to Government from the canal.

35. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer; but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any orders passed by them in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

36. In appeals to the Collector under section 91 of the Act other than those specially provided for in Rule 19, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings in the case.

NIL.

5. The Divisional Canal Officer shall map out the irrigable area into blocks in accordance with the natural features of the ground and so determine that the whole block shall be irrigable from one outlet or from one set of outlets. So far as may be practicable, the blocks shall be separated by drainage lines.

7. III.—In order to equalize the areas to be dealt with in each year, the date of expiry of the leases in each block shall be determined by the Divisional Canal Officer in consultation with the Deputy Collector, so that, as far as practicable, one-fifth of the total area usually irrigated may fall out of lease in each year.

6. Each block determined as above shall be numbered and recorded with its irrigable area in registers to be maintained by the Divisional Canal Officers and Deputy Collector. The blocks shall also be marked on maps to be maintained by the same officers.

NIL.

11. Application for water-leases under section 74 of the Act shall be presented to the Subdivisional Officer through the zilladar in whose charge the land lies.

12. Every application for a water-lease shall contain the following particulars:—

1.—Name and residence of applicant.

2.—Name of pargana, mahal, and village in which the land to be irrigated is situated.

3.—Total area for the irrigation of which the application is made and its boundaries, and if the lands to be irrigated lie in separate *chaks*, the name of each *chak*.

4.—Names of the raiyats whose lands are to be irrigated, and the quantity of land held by each.

5.—Name of the canal and number of distributary from which water is required.

6.—Signatures of the applicants.

13. A separate application must be presented for lands in each village, but *tahsilalaida* or other lands lying within the village boundary at the time of survey may be included.

3. Water shall not be distributed otherwise than on the application of a lessee, or to a person in whose favour a provisional license under Rule 15 has been issued. Such application may be made verbally or in writing to any subordinate in charge of that part of the canal from which water is required.

Proposed Rules—*continued.*

ON LEASES AND PERMITS.

10. Ordinarily *7-year leases* may be granted for the whole irrigable area of a block or, subject to the provisions of Rule 8, for definite parts of a block, under the following conditions:—

(i) The whole irrigable area of a village, so far as situated within the block, must be included in the lease: *provided that a lease for less than 10 acres is not granted without the special sanction of the Divisional Canal Officer.*

(ii) No permit shall be granted when the supply of water must of necessity be delivered across an unleased area, unless in the opinion of the Subdivisional Canal Officer a village channel exists which will deliver water across the unleased area without waste.

11. Villages, which apply for a lease less than 7 years in advance of the date of expiry fixed under Rule 5, will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 7-year leases.

12. The following procedure is to be followed in granting leases:—

(i) Before a permit for a *long lease* is granted, the written consent of the Divisional Canal Officer shall be obtained, *and, on the date of issue, copies of these permits shall be forwarded—one to the Divisional Canal Officer and one direct to the Subdivisional Canal Officer.*

(ii) when water is urgently required, the silladar may grant a covering lease after obtaining the consent of the Subdivisional Canal Officer, to whom copies of the permits granted are to be sent on the date of issue. This applies to new leases as well as to renewals. In the case of renewals, the area given in the previous lease may be entered in the application, until the correct area has been ascertained. A covering lease shall be current for one year only.

13. When a lease is granted, *an agreement* shall be taken *in Appendix I or II* and a "permit" shall be given to the lessee or lessees in a form similar to that prescribed in Schedule C of the Act. (Appendix III or IV.)

14. *Except with the special sanction of the Chief Engineer* the area under long lease will be *limited* to *71,000* acres under the Midnapore weir *and 9,000* acres under the Panchkoorah weir, *making a total of 80,000 acres.*

15. Single waterings may be given *only* when water is available *over and above the quantity required to irrigate* the long leases.

16. *In the Tidal Reaches supply will only be given by single waterings.*

ON WATER-RATES.

17. Water supplied between 16th June and 30th November, whether by flow or lift, shall be charged as follows:—

(I) For water supplied on a long lease, Rs. 2 per acre per annum.

(II) For water supplied on a covering lease, when a permit for a long lease is not subsequently issued, Rs. 3 per acre.

(III) For each single watering Re. 1 per acre, the rate being payable in advance to the Subdivisional Canal Officer.

18. The rates to be charged for water supplied between the 1st December and 15th June shall be Rs. 2-8 per acre.

Existing Rules—*continued.*

4. If any lessee apply for water to the Deputy Collector or one of his subordinates verbally, he shall be directed to address himself to an irrigation officer or subordinate. If he makes such an application in writing, his petition shall be forwarded direct by the zilladar, to whom it is addressed, to the Subdivisional Canal Officer in charge of that part of the canal from which the petitioner's village is supplied.

NIL.

7. Ordinarily leases for not more than five years may be granted for the whole irrigable area of a block, or, subject to the provisions of Rule 13, for definite parts of a block under the following conditions:—

I.—Ordinarily the whole irrigable area of any village, so far as situated within the block, must be included in the lease.

II.—All leases within one block shall be granted so that they shall expire on the same date.

IV.—No permit shall be granted, when the supply of water must of necessity be delivered across an unleased area, unless a village channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

To enable the Special Deputy Collector to equalize the area which lapses each year, leases in suitable blocks may be granted under the above conditions for six or seven years with the approval of the Executive Engineer.

NIL.

14. Before a permit for a term of years is granted, the written consent of the Divisional Canal Officer shall be obtained, but permits for one year only and provisional licenses may be issued with the written assent of the Subdivisional Canal Officer. The Deputy Collector shall on the day of issue forward a copy of all permits granted to the Divisional Canal Officer.

Existing leases may, with the written consent of the Divisional Canal Officer, be extended for not more than three years, without enquiry or remeasurement, payments being made in accordance with the existing assessment.

16. On the issue of a permit or provisional license, the zilladar shall forward to the Subdivisional Canal Officer direct a requisition requesting him to supply water to the lessee on application. This requisition shall be kept by the Canal Officer till January 1st next following, and shall then be returned to the Deputy Collector. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition shall be issued on or before June 1st, and returned on or before January 1st each year, till the ease expires.

15. When a water-lease is granted, a *kabuliyat* shall be taken in a form approved by Government, and a "permit" shall be given to the lessee in a form similar to that prescribed in Schedule C of the Act. Pending the completion of a lease, the zilladar may issue a provisional license for the supply of water to an area covered by an application.

NIL.

For a term of five years—Re. 1-8 per acre for each season. (The area under long lease will, in future, as a rule, be reduced to 75,000 square acres, *i.e.*, 65,000 acres under the Midnapore weir, 8,000 under the Panchkura weir and 2,000 under the Tidal Reaches.)

If water is available after the long leases have been irrigated, leases for a single watering may be given at eight annas per acre, the rate being payable in advance.

8. The rates to be charged for water supplied between 16th June and 30th November, whether by flow or lift, to lessees on application shall be—

For one year or for water supplied on a provisional license for which a permit for a term of years is not subsequently issued, Rs. 3 per acre.

Provided that the leases, whether new or renewals required for shorter terms than five years in order to develop the system of blocks as explained above, shall be charged Re. 1-8 per acre only.

9. For the supply of water, when available, for winter crops, a rate of Rs. 2-8 per acre per season shall be charged.

Proposed Rules—*continued.*

ON DEMAND STATEMENTS.

19. The statement of the amounts due for the water-rates leviable under *these* rules shall be prepared under the supervision and signature of the Deputy Collector in such form as shall from time to time, be sanctioned by the Lieutenant Governor. Persons charged under Rule *29* shall be served, by post or otherwise, with a statement showing the amounts charged, to enable them to lodge an appeal to the Collector under section 91 of the Act, if they desire to do so.

20. The rates for water supplied from June to November shall *be payable in two equal instalments, falling* due, *respectively*, on the 1st January and *1st* February following; but all sums of *Rs. 10* and under shall become due on the 1st January and be payable in one instalment. The rates for water supplied under Rule 18 shall fall due *on the 1st April following.*

21. Water-rates imposed under Rule *29* shall fall due as soon as the assessment is made, and shall be realised at once.

ON REMISSIONS.

22. Remission of water-rates, either in whole or *in* part, shall be granted *as follows* :—

(I) By the Deputy Collector for errors in assessment of rates.

(II) By the Divisional Canal Officer for injury to a crop on a leased area caused by—

(*a*) Deficiency in the supply of water.

(*b*) *Deficiency in the drainage.*

For (*a*) and (*b*) a written application must be made at least 15 days before the crop is cut.

23. Remissions on other grounds than above require the sanction of Government.

24. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realizable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

25. Before awarding compensation under section 16 of the Act, or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

26. When a long lease is entered into, the Deputy Collector, or other officer in charge of the Revenue Division, shall select, as representative of the cultivators, a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. Mukhyas should usually be selected: or, if it is undesirable in any particular case to appoint the mukhya, the reasons for passing him over and selecting others in preference are to be noted by the Deputy Collector in the list of cultivators' representatives to be maintained by him.

27. *The person or persons so selected shall be required to give* assistance to the Canal Officers in respect of the following matters:—

(I) In the preparation of applications for leases.

(II) In the measurement of irrigated lands.

(III) In giving the names of the occupiers of the various fields.

(IV) In receiving demand statements and informing the cultivators of the demands against them.

(V) In receiving *tappas* from the zilladars and distributing them.

(VI) *In attending, when required, at enquiries and complaints.*

(VII) In reporting to the zilladars any mutations of holdings of persons who have signed a *long* lease.

(VIII) *In assisting the tahsildar in collecting rates.*

28. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may be within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Deputy Collector may disallow this free irrigation, and recover the rates, in whole or in part, from the mukhya or other representative, if the assistance specified in Rule 27 has not been efficiently rendered to the

Existing Rules—*continued.*

NIL.

19. The statements of the amounts demandable for water-rates leviable under the rules in force shall be prepared under the supervision and signature of the Deputy Collector in such form as shall from time to time be sanctioned by the Lieutenant Governor. Persons charged under Rule 10 or 18 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act, if they desire to do so.

21. The rates for water supplied from June to November shall in each season fall due on the 1st January and 15th February following, but all sums of Rs. 5 and under shall become due on the 1st January and be payable in one instalment The Deputy Collector may, however, require one-half of the rates due on applications filed after the 1st of September to be paid in advance, and may refuse to issue a permit for more than one year. The rates for water supplied for winter crops shall fall due on the 1st April following.

22. Water-rates imposed under Rule 10 or 18 shall fall due as soon as the assessment is made, and shall be realized at once.

NIL.

24. Remission of water-rates, either in whole or part, as the case may require shall be granted by the Deputy Collector for—

I.—Errors in the assessment of rates.

II.—Injury to the crop on a leased area caused by deficient supply of water, provided a written application for remission has been made 15 days at least before the crop is cut.

In regard to applications under II, the written opinion of the Divisional Canal Officer shall be obtained and form part of the record of the case.

25. The Deputy Collector, with the written consent of the Divisional Canal Officer may grant remissions of water-rates, either in whole or part, for injury to the crops on leased areas caused by excess of water due to deficient drainage.

27. Remissions on other grounds than the above require the sanction of Government.

28. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is non-realizable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

29. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

NIL.

NIL.

30. The *chaukidar* or *mukhya* of any village in which lands are leased for a term of years shall be entitled to a remission of water-rates for his holding either as a *jagir* or *raiyati* up to a limit of 3 acres per hundred acres of total leased area provided he gives efficient and willing assistance to the Canal Officers in respect to the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurements of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *tappas* from the zilladars and distributing them.

VI.—In being present when complaints are investigated by Canal Officers, and giving information regarding the matters under investigation.

VII.—In reporting to the zilladars any mutations in holdings of persons who have signed a lease for a term of years.

NIL.

Proposed Rules—*continued.*

satisfaction of the Local Officers. The reasons for such disallowances are to be recorded by the Deputy Collector in the list of cultivators' representatives maintained by him.

ON UNAUTHORISED IRRIGATION.

29. For the unauthorised use of canal water a rate of *Rs. 5* per acre shall be charged: *this rate may, however, be reduced at the discretion of the Deputy Collector.*

30. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken *in an unauthorised manner*, he shall hold a local investigation, *and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down* and the *whole* record *forwarded to the Divisional Canal Officer for disposal. If the Divisional Canal Officer is of opinion that the area should be assessed he shall make a note on the case and forward the whole record* to the Deputy Collector. Separate proceedings shall be taken in the case of each village irrigated without authority.

31. On receipt of the record mentioned in *Rule 30,* and after hearing any objection that may be raised, the Deputy Collector shall determine whether the water-rates can be legally charged, and if so, he shall assess the *area* irrigated without authority, *and fix the rates allowed under Rule 29.* Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate. *These unauthorised irrigation cases must be disposed of by the Deputy Collecter within a month of the receipt of the record from the Divisional Canal Officer.*

32. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases, the persons assessed under Rule 29 shall also pay the water-rates due in respect of the lease subsequently granted. Provided that the total of these two rates shall not exceed the maximum rate chargeable under Rule 29. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under Rule 29.

ON PENALTIES AND CANCELLING OF LEASES.

33. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted, or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

34. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Deputy Collector to—

I.—Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, unless half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

II.—Cancel any *long* lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

III.—*Cancel any lease which cannot be irrigated from the canal except by passing water over an unleased area.*

MISCELLANEOUS.

35. Water may be given free of charge for filling tanks and for manufacturing or other purposes by order of the Divisional Canal Officer, *who, however, if he thinks fit,* may charge a rate of Re. 1 per 10,000 cubic feet for it. The same *rate* will be *assessed* if water is taken without authority into a tank or *otherwise* used in an unauthorised manner *for any purpose except for irrigation.*

36. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

Existing Rules—*continued.*

NIL.

10. For the unauthorised use of canal water a rate of Rs. 5 per acre, or such less rate as may be sanctioned by the Deputy Collector, shall be charged.

17. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken without authority, he shall hold a local investigation and transmit the record thereof to the Divisional Officer, who shall, if he is of opinion that the fields should be assessed, forward the case with his remarks to the Deputy Collector. Separate proceedings shall be taken in the case of each village irrigated without authority.

18. On receipt of the record mentioned in Rule 17, and after hearing any objection which may be raised, the Deputy Collector shall determine whether water-rates can be legally charged, and, if so, he shall proceed to assess, at the rate provided in Rule 10, the land irrigated without authority. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

NIL.

NIL.

20. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted, or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st of June next following.

23. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Deputy Collector to—

I.—Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realizing water-rates until all the arrears of water-rates due are paid up, and also, if specially so ordered, unless half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

II.—Cancel any five years' lease if on the 1st of June of any year water-rates to the extent of half the demand for one year are in arrears.

NIL.

NIL.

31. Tanks may be filled with canal-water without charge, wherever water can be made available without injury to the cultivation dependent on a canal under the following conditions:—

I.—No tank shall be filled unless the water is to be exclusively used for domestic purposes or for watering cattle.

II.—No tank shall be filled from which irrigation is practised.

III.—No tank shall be filled which intercepts any line of drainage or is liable to overflow from the accumulation of water from natural causes.

IV.—No tank shall be filled except on the written order of the Subdivisional Canal Officer issued on the written application of the persons concerned.

V.—No tank shall be filled unless the village channel used to convey water to it shall be shown to the satisfaction of the Subdivisional Canal Officer to be in a sound condition when the application is made.

VI.—The privilege here accorded may, by the written order of the Subdivisional Canal Officer, be suspended for 12 months for the breach of any of the above rules.

32. The Divisional Canal Officer may supply water for manufacturing or other purposes and charge for the same at the rate of one rupee for each 10,000 cubic feet or part of 10,000 cubic feet supplied. The same charge will be made if water is taken into a tank without authority or used in an unauthorized manner.

Proposed Rules—*concluded.*

37. Unless specially exempted by the Lieutenant-Governor from the operation of this rule, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

Existing Rules—*concluded.*

33. No person shall, without the permission in writing of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass on or across any of the works banks or channels of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as are provided by the Divisional Canal Officer.

34. No officer employed on the canals, unless especially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others.

NOTIFICATION.

Annual Examination of Pleaders in Surveying.

1. The next Survey examination for pleaders will be held in February 1905.

2 Applications for admission to appear at the examination should in the first place be submitted to the District Judge in whose Court or in Courts subordinate to whom the pleader ordinarily practises. The District Judge will require evidence from all applicants that they have undergone some training in practical surveying. He will not countersign the application of a candidate who fails to satisfy him on this point; nor will such a candidate be permitted to appear at the examination.

3. Candidates whose applications have been countersigned by the District Judge must submit their applications to the Director of Public Instruction, and these must be received on or before the 15th December 1904. After this date no more applications will be received.

4. The application should state the centre at which the candidate intends to appear, and all particulars as to the length of time the applicant has practised in the Court and the full address, &c., necessary to secure that letters will reach the applicant.

5. Each application should be accompanied by the prescribed fee of Rs. 30,* which will in no case be refunded.

6. Only pleaders practising in one of the Courts of the Province of Bengal will be eligible for the examination.

7. The examination will be held at four centres, viz., Dacca, Patna, Cuttack, and Sibpur.

8. The subjects for examination are noted below:—

(1) Paper on General Elementary Surveying, including Theodolite and Levelling.
(2) Practical examination in the field in—
 (a) Chain, and chain and compass surveying.
 (b) Plane tabling.
 (c) Plotting.
 (d) Levelling.
 (e) Use of Theodolite and the permanent and temporary adjustment of instruments.

9. Candidates are required to secure 40 per cent. of the marks in the paper on surveying and 50 per cent. in the practical portion of the examination.

10. The rules regarding the Pleader's Survey examination were published in the *Calcutta Gazette* of the 28th September 1904.

11. The programme for the examination will be published in the *Calcutta Gazette*.

A. PEDLER,
Director of Public Instruction, Bengal.

The 15th October 1904.

* The fee must be deposited in the Bank or local treasury and the receipt for the same should accompany the application. On no account cash or money-order will be received.

No. 9618B.

NOTIFICATION.

In exercise of the powers conferred on them by section 19A of Act VII (B.C.) of 1878, as amended by section 6 of Act I (B C.) of 1883, and with the sanction of the Lieutenant-Governor of Bengal, the Board of Revenue, Lower Provinces, are pleased to make the following rules to regulate the importation into Bengal, by land, of spirits manufactured after the English method in the Madras Presidency. These rules will have effect from the 1st November 1904:—

Importation.

1. Any person may import rum and other spirits manufactured in the Madras Presidency into the Lower Provinces of Bengal by land as provided in the following rules

Removal of spirits.

2. Spirits may be removed from distilleries or warehouses in the Madras Presidency under bond for export by land to the Lower Provinces of Bengal when specially permitted by the Board of Revenue, Madras.

Bond to be executed before the Collector of the exporting district.

3. When a distiller or warehouse-keeper, or any other person with the consent of the distiller or warehouse-keeper, desires to remove spirits from a distillery or warehouse in the Madras Presidency under bond for export by land to Bengal, he must execute before the Collector of the district in which the distillery or warehouse is situated a general or special bond in the prescribed form. The Collector will also sign the bond on behalf of the Secretary of State as a party to the instrument, and then intimate the fact of the execution of the bond to the officer in charge, who will issue the spirits as if duty had been paid, after the entry of the particulars thereof in the prescribed bond register.

Spirits to be gauged and proved.

4. No spirits shall be removed from any distillery or warehouse in the Madras Presidency until they have been gauged and proved by the officer appointed for the purpose. The bulk quantity of spirits issued may be ascertained either by actual measurement or by weighment.

Spirits not to be removed without a permit.

5. No spirits shall be removed from any distillery or warehouse in the Madras Presidency save under cover of a permit issued by the officer in charge. If the distiller or warehouse-keeper has executed a bond in the prescribed form, the officer in charge may issue permits for the removal of spirits up to the quantity covered by the bond.

6. An allowance will be made for the loss in transit by leakage and evaporation of spirits exported under bond up to the maximum amount shown below:—

Allowance for loss in transit.

		Per cent.
For a distance not exceeding 10 miles	... ...	Nil.
" exceeding 10, but not exceeding 100 miles	...	5
" " 100, " " 200 "	...	7½
" " 200 miles	... ...	10

7. If the report of the officer by whom a consignment of spirits exported under bond has been gauged and proved on arrival at its destination should show that wastage to a greater extent than the above has occurred, the distiller or warehouse-keeper shall pay duty at the rates mentioned in clause 21 on so much of the deficiency as is in excess of the above allowance.

Duty on excess deficiency.

Exception.—Provided that if it shall be proved to the satisfaction of the Commissioner of Salt, Abkari and Separate Revenue, Madras, that such deficiency has been caused by accident or other unavoidable cause, the duty levied on such deficiency shall be refunded. The Commissioner's decision shall be final.

8. The allowance to be made under rule 6 will be determined by deducting from the quantity of spirits despatched from the distillery or warehouse the quantity received at the place of destination, both quantities being stated in terms of London-proof gallons, and will be calculated on the quantity contained in each cask or other receptacle comprised in a consignment.

Allowance how to be calculated.

9. Issues of spirits from distilleries and warehouses have to be verified on arrival at their destinations, and an advice thereof must be sent to the Collector of the importing district.

Spirits to be verified on arrival.

10. All packages in which spirits are placed for removal from distilleries or warehouses under bond shall be sealed by the officer in charge before issue of permit. Nothing but sound casks free from unnecessary holes must be used. All holes in the casks must be sealed in all cases. The seal used should be the officer's private seal, and a distinct impression thereof should be affixed in the proper place in the letter of advice.

Packages to be sealed and sound casks to be used.

11. The duty on consignments issued under bond should be written off on receipt of a verification certificate from the Collector of the district to which the liquor was consigned, provided that the wastage as ascertained in each cask is not in excess of the prescribed allowance; provided also that in cases where excess wastage is found in any cask or casks, proof of payment of duty at the rates mentioned in clause 21 on the excess wastage ascertained is furnished

Duty on consignments issued under bond to be written off on receipt of verification certificate.

12. If satisfactory proof of the disposal of the spirit be not furnished within a reasonable time, the distiller or warehouse-keeper shall, on demand, pay or cause to be paid into a Government treasury duty at the rates mentioned in rule 21 on all or any portion of the spirits which shall not have been so accounted for, less the prescribed allowance for wastage in transit. The proof should be of the nature of a certificate from the Collector of the importing district to the effect that the consignments in question have been charged with excise duty or have been deposited in a licensed distillery or warehouse.

Duty to be paid for spirits not accounted for.

13. Collectors of the exporting districts should see that bonds executed by exporters are not discharged until proof of the arrival of consignments at destination and particulars of the duty levied thereon, or proof that the spirits have been deposited in a licensed distillery or warehouse has been received from the Collector of the importing district.

Bonds not to be discharged until proof of the arrival of consignments is furnished.

14. Collectors of districts in the Lower Provinces will fix places for the reception, storage and examination of all spirits imported under bond from the Madras Presidency, subject to the orders of the Commissioner of Excise passed in consultation with the Board of Revenue. The Commissioner of Excise is authorised to refuse, if necessary, permission to import such spirits without prepayment of duty into any place or district within the Lower Provinces.

Places for the reception, storage and examination of all spirits imported.

15. Places fixed under the preceding clause for the reception and storage of spirits will, in all respects, be considered excise godowns and will remain in charge of an excise establishment to be fixed by the Commissioner of Excise, in consultation with the Board of Revenue.

Excise godowns to remain in charge of an excise establishment.

16. No spirits shall be removed from such godowns except under a pass signed by the Collector or other officer duly authorised by the Commissioner of Excise and until full duty of excise has been paid. Any spirit removed from such godown, except as above, shall be liable, under the terms of the importer's or bonder's license, to confiscation, and the person removing the liquor to the penalties provided by the Excise law. It will always be competent to the Commissioner of Excise, subject to the approval of the Board, to permit the removal of non-duty-paid spirit from one warehouse to another under bond.

Spirits not to be removed without a pass.

Importer to give intimation in writing to Collector.

17. The importer or his agents shall give intimation in writing to the Collector of the district of the arrival of each consignment, and shall convey it at his own expense direct to the place fixed for its reception under clause 14.

Liability of spirit to confiscation in certain cases.

18. If any spirit arriving from the Madras Presidency is not taken direct to the place appointed for its reception, or is found out of the ordinary route of transit, it shall be liable to confiscation under the terms of the importer's or bonder's license.

Spirit stored to be tested and gauged.

19. On spirit being stored in the place appointed under clause 14, it shall be tested and gauged by an officer appointed for the purpose by the Collector of the district, care being taken to allow sufficient time for the spirit to cool. Due notice of such examination shall be given to the owners thereof.

Grant of a certificate on arrival.

20. The Collector of the importing district shall, after examination of the spirit, certify the result to the officer holding the bond. The certificate shall contain the following particulars:—

(1) Number and date of permit.
(2) Date of arrival.
(3) Number of casks comprised in the consignment.

Particulars of each cask.

(4) Cask number and marks.
(5) Condition of the cask and seals.
(6) Quantity found in gross (liquid) gallons.
(7) Strength.
(8) Quantity found in proof gallons.

Manner of disposal.

(9) Lodged in the excise godown on arrival.
(10) Removed on payment of duty on arrival.
(11) Remarks (the amount of duty levied to be noted here in cases falling under head 10).

Excise duty to be levied by the Collector of the importing district.

21. Excise duty shall be levied by the Collector of the importing district on all consignments imported under bond at the rate of Rs. 6 per gallon, London-proof (fixed under the order of the Government of India communicated in their letter in the Finance and Commerce Department No. 5582Ex., dated the 30th December 1897), on the actual quantity found on gauge and test in the excise godown. Duty on all deficiencies during transit shall be levied by the officer holding the bond in Madras, on receipt of the gauge certificate prescribed under clause 20. Wastage allowance admissible during storage will be the same as in clause 41, section V of the Excise Manual.

NOTE.—Under the orders of the Government of India contained in their letter (in the Finance and Commerce Department No. 2609, dated the 6th September 1876, duty on spirit manufactured in the Aska distillery will be levied at the rate of Rs. 2 per gallon, London-proof, in the districts of the Orissa Division.

Corporation of Calcutta.

IN exercise of the powers conferred by section 565 of the Calcutta Municipal Act, 1899, it is hereby declared that the General Committee of the Corporation of Calcutta intend to submit the following draft bye-laws for the consideration of the Corporation.

Any person having any objection to the bye-laws should submit it in writing to the Chairman of the Corporation before the 8th December 1904.

Bye-laws pursuant to section 559 (52) of the Calcutta Municipal Act, III of 1899, for the regulation of Theatres.

MEANS OF ENTRANCE AND EXIT.

(1) All internal doors shall be so hung as not to obstruct, when open, any gangway passage, staircase or landing.

(2) No door shall open immediately upon a flight of steps, but a square landing of a minimum width of 3 feet shall be provided between such steps and such doorway.

(3) All exit doors having fastenings shall be fastened by automatic bolts only of a pattern and in a position to be approved by the Chairman.

(4) All doors and all gates used for entrances shall be made to open both ways and be so fitted that, when opened inwards, they can be locked back against the wall in such a manner as to require a key to release them.

(5) All doors leading from exit passages, staircases, or corridors to the other parts of the Theatre shall be hung so as to be closed by the stream of persons passing from the auditorium to the street and be fitted with springs. No door-handles or other fittings shall project into exit ways more than one inch when the doors are open.

(6) All barriers shall be made to swing or to open outwards with no other fastenings than automatic bolts.

(7) No locks, bolts or locking bars or other obstructions to exits other than as before-mentioned shall be fitted on any doors, gates or barriers.

(8) All exits and other doors or openings in the theatre used by the public for the purpose of exit shall be indicated by notices clearly painted to the satisfaction of the Chairman.

(9) Two separate exits shall be provided from the stage direct to a public street or open space communicating with a public street.

(10) A continuous and uninterrupted hand-rail shall be fixed on both sides of all step and landing supported by strong metal brackets built into the wall, but such hand-rails and brackets shall not project more than 3 inches.

SEATING ACCOMMODATION.

(11) Passages or gangways of a minimum width of 3 feet 6 inches intersecting the rows of seatings in such a manner that no seat shall be more than 10 feet from a passage or gangway measured in the line of the seating, shall be provided.

(12) The seating area assigned to each person shall not be less than 2 feet deep and 1 foot 6 inches wide in all parts of the auditorium where no backs or arms are provided to the seat, and not less than 2 feet 4 inches deep and 1 foot 8 inches wide where backs or arms are provided. In all cases, however, there shall be a space of at least 1 foot in depth between the front of one seat and the back of the seat immediately in front measured between perpendiculars. Where chairs, and not fixed seats, are used in a Theatre, they shall be battened together at a distance of not less than 1 foot 8 inches from centre to centre where they have arms, and 1 foot 6 inches where they are without arms, and in length of not less than 4 or more than 12 in a section.

(13) The Theatre shall be ventilated in a proper and sufficient manner to the satisfaction of the Chairman.

PRECAUTIONS AGAINST FIRE.

(14) No soft wood or other inflammable wall linings, partitions, screens, or barriers' shall be used in any part of the Theatre, and no cavities shall be left behind any linings. All woodwork of the stage shall be rendered non-inflammable or be hard wood. The following shall be deemed to be hard wood for the purposes of these bye-laws:—Teak, Sal, Seesum. Sissoo, Padouk, Jharra, Karri, and such other woods as the Commissioner of Police may approve.

(15) All skylights and lantern lights in the Theatre which may be liable to be broken shall be protected by stout galvanised-iron wire-guards securely fastened on the outside of such skylights or latern lights.

(16) When a Theatre is lighted by gas, the following conditions shall be observed:—

(a) Separate and distinct gas services and meters shall be provided to the stage, to the auditorium, and to the staircases, corridors and exits.

(b) The foot-lights or floats shall be protected by fixed wire-guards.

(c) The rows and lines and gas-burners in the wings (which must commence at 4 feet at least from the level of the stage) shall be protected by fixed iron wire-guards.

(d) All battens shall be hung by at least three wire ropes and shall be protected at the back by a solid metal guard and wire fixed to a stiff iron-frame at such a distance from the gas jets that no part of the scenery or decoration can become heated.

(e) All moveable lights shall be fitted with flexible tubes, and the gas in every case shall be capable of being turned off by the tap on the stage as well as by that on the flexible tube.

(f) All flexible tubes shall be of sufficient strength to resist pressure from without.

(g) An indicating gas-plate shall be provided at a convenient place at the side of the stage. A topcock shall be provided outside the Theatre in order that the supply of gas may be cut off, when necessary.

(17) The Theatre shall be provided with such number of hydrants and of such dimensions as may be required by the Commissioner of Police.

(18) Each of such hydrant should be provided with a length of hose of a minimum length of 30 feet with fittings of the Calcutta Fire Brigade pattern and shall be fitted with bibcocks for filling buckets. Three buckets filled with water shall be kept near each hydrant.

(19) Hand pumps, hose, buckets and other small fire appliances as may be required by the Commissioner of Police shall be provided, and shall be kept in such a position as the Commissioner of Police may direct.

(20) Blankets or rugs and buckets filled with water shall always be kept on the stage, in the flies, scene stores, or wings, and in the immediate passages approaching the dressing-rooms of such Theatre, and attention shall be directed to them by placards legibly printed or painted, and set up as the Chairman may direct.

(21) A responsible person shall be deputed to remain in the wings of the stage during rehearsals or performances to keep the blankets or rugs and fire appliances ready for immediate use.

(22) Hatchets, hooks and other appliances for taking down hanging scenery in case of fire shall be always kept in readiness for immediate use.

(23) The owner of a Theatre shall, if required by the Chairman so to do, provide the same with a lightning-conductor.

GENERAL.

(24) No place shall be used as a Theatre except under a special license granted by the Chairman of the Corporation. Such license shall be for a period not exceeding twelve months.

(25) The person in whose name the license is granted shall be held responsible for any breach of these Bye-laws.

(26) Any person who shall be guilty of a breach of any of the provisions of the foregoing Bye-laws shall be liable to a fine which may extend to Rs. 20 and in the case of a continuing breach of any such provisions to a further fine which may extend to Rs. 10 for every day or part of a day during which the breach continues after conviction for the first breach.

(27) The Chairman shall have the power to cancel the license on the conviction of the license for any breach of the conditions of his license.

Postal Notice.

UNDER the existing rules dealing with investments in Government paper made through the agency of the Post Office, Government paper of the nominal value of Rs. 100, or any multiple thereof not exceeding Rs. 1,000, may be purchased by any person, whether a depositor in the Post Office Savings Bank or not, in any one year; and the maximum nominal value of the paper which may be purchased through the Post Office and held at one time is limited to Rs. 3,000.

2. With effect from the 1st August 1904, it has been decided to relax the restrictions which these rules imposed and to amend the rules with the object of affording greater facilities for such investments, and of rendering them more generally popular. The chief changes which have been effected by the new rules are:—

(1) Sums in whole rupees, not being less than Rs. 10, may be tendered for investment in Government paper through the agency of the Post Office, subject to the maximum limits prescribed in the rules

(2) No fees, commission, or brokerage of any kind will be charged for the purchase, sale, safe custody or delivery out of custody of Government securities purchased through the Post Office.

(3) No income tax will be levied upon the interest derived from such securities, so long as they remain in the custody of the Comptroller General.

(4) The maximum amount which may be invested through the Post Office has been increased to Rs. 5,000 in the case of an adult, and to Rs. 4,000 in the case of a minor.

3. Further particulars regarding the new rules can be ascertained on application from the local post office.

SIMLA,
The 30th May 1904.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 23.

GOVERNMENT OF INDIA.
LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 21st October, 1904:

No. 9 OF 1904.

A Bill to repeal certain words in the Sea Customs Act, 1878.

VIII of 1878. WHEREAS it is expedient to repeal certain words in the Sea Customs Act, 1878; It is hereby enacted as follows:

Short title. 1. This Act may be called the Sea Customs (Amendment) Act, 1904.

Repeal of part of section 18 (*e*), Act VIII, 1878. 2. The words "or being a colourable imitation of", in clause (*e*) of section 18 of the Sea Customs Act, 1878, as amended by section 10 of the Indian Merchandise Marks Act, 1889, are hereby repealed. VIII of 1878. IV of 1889.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to repeal the words "or being a colourable imitation thereof" which appear in clause (*e*) of section 18 of the Sea Customs Act, 1878 (VIII of 1878), as amended by section 10 of the Indian Merchandise Marks Act, 1889 (IV of 1889). These words do not occur in the corresponding clause of the English law [the Merchandise Marks Act, 1887, section 16, clause (*1*)], and their introduction into the Indian clause appears to serve no useful purpose, while their presence has led to the erroneous supposition that the importation of goods having a name or trade mark which is a colourable imitation of a true name or mark should be allowed if the conditions imposed by clause (*e*) are complied with, even when the imitation is such as to bring the goods within the terms of clause (*d*), which absolutely prohibits the importation of goods having a counterfeit trade mark or a false trade description.

The 20th October, 1904. E. FG. LAW.

J. M. MACPHERSON,
Secretary to the Government of India.

RESOLUTION ON THE REPORT OF THE BOARD OF REVENUE ON WARDS' AND ATTACHED ESTATES FOR 1903-1904.

REVENUE DEPARTMENT—LAND REVENUE.

Darjeeling, the 28th October 1904.

RESOLUTION—No 2954T.—R.

READ—

The Report of the Board of Revenue on Wards' and Attached Estates in the Lower Provinces for the year 1903-04.

The Report was submitted punctually.

2. *Number of estates under management.*—The Court of Wards had under its management 154 estates with a total current demand of Rs. 82,14,583, as against 139 estates with a total current demand of Rs. 96,27,610 in the year 1902-03. The decrease in the demand is mainly due to the fact that many of the estates which were taken in charge during the year under review are small properties; whereas several large estates, including the Burdwan Raj estate and that of Babu Gopal Lal Seal, were released in the previous year.

3. *Payment of revenue and cesses due to Government, and of rent and cesses due to superior landlords.*—The total* payments on account of revenue and cesses due to Government represented 95·2 *per cent.* of the aggregate demand, while the corresponding figure for the year 1902-03 was 99·5 *per cent.* The falling off in the percentage is chiefly due to the fact that several new estates, the previous management of which had not been satisfactory, have only lately been taken under the control of the Court. For a similar reason, there has been a considerable decline in the payment of rent and cesses due to superior landlords,

the percentage on the total amount due being only 65·8, as against 79 in the year 1902-03.

4. *Collection of rents and cesses.*—The total collections of rent and cesses due to estates under management represented 101·2 *per cent.* on the current demand, as against 104·6 *per cent.* in the previous year. The falling off occurred chiefly in the Presidency and Orissa Divisions, where several new estates came under the charge of the Court and the collections suffered owing to the fact that the papers received from the proprietors were inaccurate and incomplete.

5. *Balances.*—The total uncollected balance due to estates under management, though less by Rs. 11,47,867 than that remaining at the close of the previous year, amounted to Rs. 52,04,066, or 66·3 *per cent.* of the current demand of the estates.

6. *Debts.*—Although the payments (Rs. 40,34,569) made during the year in liquidation of debts exceeded those made in the previous year by Rs. 24,59,688, the balance at the close of the year amounted to Rs. 1,68,24,599, as against Rs. 1,08,35,961 at the close of the previous year. The increase in the balance is attributable to the heavy liabilities of some of the estates lately taken under management.

7. *Cost of management and expenditure on improvements.*—The cost of management, which had increased in the year 1902-03 by a little over 2 *per cent.* upon the current demand, showed a further slight increase of ·1 *per cent.* On the other hand, there has been a very satisfactory reduction of charges in connection with the management of the Hatwa Raj estate, viz.:—from 16·4 to 11·2 *per cent.*

The total expenditure on works of improvement and schools and dispensaries amounted to Rs. 3,30,060, the percentage on the current demand (about 4 *per cent.*) being about the same as in the year 1902 03. The question of establishing demonstration farms in selected districts, to be maintained from the funds of estates owned by Government and managed by the Court of Wards, is under the consideration of the Board.

8. *Tours of Managers.*—Several Managers of estates failed to spend the prescribed number of days (90) on tour, and the explanations are not in all cases satisfactory. This is a matter to which the Lieutenant-Governor attaches much importance, and His Honour trusts that the Report for the year 1904-05 will show an improvement in this respect.

9. *Education of wards.*—The report furnishes ample evidence that the education of the wards received due attention in the case of all estates administered under Act IX (B.C.) of 1879. As regards the children of proprietors of estates taken over under the Chota Nagpur Encumbered Estates Act, matters appear to be less satisfactory. The Deputy Commissioner of Hazaribagh writes:—

> "No education worth the name is given to the children of the encumbered proprietors Their education is left to their natural guardians, who, themselves having little or no taste for education, set very little value on the proper education of their boys. It is highly desirable that powers should be given to the authorities under the Encumbered Estates Act to give compulsory education to the heirs of the encumbered proprietors, since without education they may be no improvement upon their fathers, and may be too apt, like their predecessors, to mismanage their estates as soon as released to them."

These remarks seem to the Lieutenant-Governor to deserve attention, and His Honour requests that the Board will be good enough to report whether they consider that an amendment of the Act referred to is desirable.

10. The thanks of the Lieutenant-Governor are due to the Board for the care and efficiency with which they administered the estates under their charge during the year. The good services of the officers commended by them will be recorded in the Appointment Department of this Government.

RESOLUTION ON THE ADMINISTRATION REPORT OF THE COMMISSIONERS OF THE PORT OF CHITTAGONG FOR THE YEAR 1903-1904.

No. 1655Marine.

Government of Bengal.

MARINE DEPARTMENT.

Calcutta, the 14th October 1904.

RESOLUTION.

READ—

The Administration Report of the Commissioners of the Port of Chittagong for the year 1903-1904.

The financial position of the Port Fund is summarised in the statement below:—

	1902 1903.	1903-1904.
	Rs.	Rs.
Opening balance	17,207	4,656
Receipts of the year	84,330	1,33,552
Total ...	1,01,537	1,38,208
Expenditure of the year	96,881	80,854
Closing balance ...	4,656	57,354

The receipts show a large and satisfactory increase of Rs. 49,222, and this is mainly due to the levy of "river dues." In consequence of the financial embarrassments of the Port Trust, and with a view to increase the revenue of the Port Trust it was decided that a toll should be levied on all goods landed from and shipped into vessels under the name of a River due. The Act was accordingly amended, and on the 20th July 1903 the due was levied at the rate of 2 annas per ton. The total amount realised from this due has been Rs. 29,600. Of the remaining items of revenue, port dues and mooring fees have contributed an increase of Rs. 11,608 and Rs. 5,580, respectively, owing to a number of vessels of larger tonnage having entered the port. This is a satisfactory feature of the revenue returns; and the Lieutenant-Governor hopes that a period of prosperity has set in for the port.

2. The expenditure of the year shows a reduction of Rs. 16,027, due mainly to the transfer of the working of the new iron jetty to the Assam-Bengal Railway. Under repairs there was a reduction of Rs. 8,654, as it was decided not to undertake any repairs to the steam tug *Gekko.*

3. A total of 356 vessels entered the port against 383 during the previous year, or a reduction of 27; but the aggregate tonnage of these vessels increased from 241,367 tons to 283,959 tons. Of this total 20 vessels, aggregating 44,452 tons, entered from foreign ports; and 336 vessels, with a tonnage of 239,507 tons, from Home ports. The latter shows a decrease of 36, but the tonnage advanced by 21,935 tons; and this is attributed by the Commissioners to fewer native craft being employed in the jute trade with Narayangunge, and to steamers of larger tonnage being employed in the coasting trade.

4. The principal articles of export are grain, jute and tea; and of import, mineral oil and salt. The export trade of the year shows an increase of 66 per cent. on the staples above mentioned. Of the imports there was a slight falling off in the salt trade, but the imports of mineral oil increased by nearly 140 per cent. The decrease in salt was, however, not real, as a vessel with 3,900 tons of salt arrived on the last day of the year and these figures have not been included in the current year's returns.

5. The appliances of the port and the light-houses have been kept in good order throughout the year. The steam-tug *Gekko* was utilised for towing one vessel only during the year; she was, however, usefully employed on other port duties, such as buoy mooring work, carrying stores for, and inspection of, light-houses.

6. On the 15th February last Chittagong was visited by His Excellency the Viceroy, and in his reply to the address of welcome presented to him, His Excellency promised the port the following measures of assistance:—

(1) To write off the outstanding balance of Rs. 87,282 of the loan of two lakhs of rupees taken by the Commissioners for the purchase of the steam-tug *Gekko*.

(2) To make an Imperial grant to defray the cost (*a*) of providing a dredger capable of clearing the bars of the river so as to facilitate the passage of larger vessels, and (*b*) of revetting the river banks to such extent as may be necessary.

(3) To advance funds through the provincial loan account for the provision of jetties, warehouses and other works required for the service of the trade of the port.

7. The first promise has been redeemed by the balance of the loan being written off, and the Commissioners have now no liability to meet on account of interest charges. The annual charge has been Rs. 16,295 and this sum is now available for expenditure on the port. The Lieutenant-Governor has no doubt that this will be usefully spent on objects that will benefit trade.

8. In regard to the second and third promises, the Commissioners having no staff, Government at the end of the year appointed Mr. J. R. Bell, a retired officer of the Public Works Department, to make an examination of the port and prepare a report on the works necessary. This report is now under the consideration of Government.

9. The Pilotage Fund showed a revenue of Rs. 19,205, while the expenditure amounted to Rs. 12,765. In all 102 vessels were piloted in, and 103 vessels out: there were no accidents.

By order of the Lieutenant-Governor of Bengal,

D. B. HORN,
Secretary to the Govt. of Bengal.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-guage is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

NOTE.—The decrease in traffic during August may be considered to be partly due to the very heavy rain during that month, which caused floods and rendered many roads unfit for cart traffic.

W. JENKINS,
Acting Chief Auditor.

No. 3120T.R.—The 5th November 1904.—Whereas a settlement of land revenue is being or is about to be made in respect of the temporarily-settled private estates in the district of Purnea mentioned in the list appended hereto:

Purnea.

In exercise of the powers conferred upon him by section 101 (2) (d) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, the Lieutenant-Governor of Bengal is pleased to direct that a survey shall be made and a record-of-rights prepared in respect of all lands included in the said estates in the district of Purnea.

The particulars to be recorded in the survey and record-of-rights shall be the following:—

(a) the name of each tenant or occupant;
(b) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy-raiyat, non-occupancy-raiyat or under-raiyat; and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;
(c) the situation and quantity and one or more of the boundaries of the land held by each tenant or occupier;
(d) the name of each tenant's landlord;
(e) the money-rent payable at the time the record-of-rights is being prepared, or if a produce-rent, the fact that a produce-rent is paid and the customary terms according to which such rent is paid;
(f) the mode in which that rent has been fixed—whether by contract, or by order of a Court, or otherwise;
(g) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;
(h) the special conditions and incidents, if any, of the tenancy;

(i) if the land is claimed to be rent-free,—whether or not rent is actually paid; and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority;

(j) the customs of the villages regulating the methods of irrigation, and the duties and rights of both landlords and tenants with respect to the use and maintenance of the means of irrigation.

DECLARATION—By the Government of Bengal, Revenue Department.

No 2980T.R.—The 31st October 1904.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for No. 4 siding, off the Jamadoba Loop of the Bengal-Nagpur Railway, in Jamadoba mauza, Jharia, and whereas coal-mines are situate under the said land, and whereas the Indian Collieries Syndicate, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the minerals in seam No. 17 of the colliery belonging to them in mauza Jamadoba, lying beneath No. 4 siding of the Jamadoba Loop of the Bengal-Nagpur Railway, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Indian Collieries Syndicate, Limited, have agreed not to work and get minerals underlying the land acquired for their siding or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line in such a manner as to injure or to endanger the safety of the undertaking or any part thereof nor to claim any compensation for any restricted working:

Manbhum.

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section 2, clause (*b*) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Indian Collieries Syndicate, Limited, in the manner and subject to the restrictions below specified, viz.—

That no further drivings or excavations shall be made, or coal extracted, on the rise or north-east side of the north-west gallery marked F and G on plan LAMA No. 19, which takes off from No. 4 incline at about 800 feet down it from the surface, and is about 400 feet to the north-east or rise side of A shaft.

That only on the dip or south-west side of the said north-west level marked F and G shall galleries be driven which shall be not more than 12 feet wide and 12 feet high, with centres not less than 60 feet, leaving pillars to be left unworked of a size of 48 feet square.

And that no further excavation shall be made in any of the gallerries which already have been driven, the actual heights and widths of which have been carefully recorded on plan No. LAMA No. 19, signed by the Chief Inspector of Mines in India.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India.

NOTIFICATIONS.

No. 2308T.G.—The 3rd November 1904.—The following notification, issued by the Government of India in the Department of Revenue and Agriculture, is published in the *Calcutta Gazette* for general information.

A. EARLE,
Secy. to the Govt. of Bengal.

No. 1185—47-2, dated Simla, the 24th October 1904.

NOTIFICATION—By the Govt. of India, Dept. of Revenue and Agriculture.

THE following draft of a Notification which it is proposed to issue in exercise of the powers conferred by section 80 of the Indian Emigration Act, 1883 (XXI of 1883), is published, as required by section 81 of the said Act, for the information of persons likely to be affected thereby, and notice is hereby given that the draft will be taken into consideration by the Governor-General in Council on or after the 29th November 1904.

2. Any objection or suggestion which may be received from any person with respect to the draft before the date fixed as aforesaid will be considered by the Governor-General in Council.

Draft Notification,

In exercise of the powers conferred by section 80 of the Indian Emigration Act, 1883 (XXI of 1883), the Governor-General in Council is pleased to direct that the additions, hereinafter set forth below, be made to the Rules, published with the Notification of the Government of India in the Department of Revenue and Agriculture, No. 94E, dated 18th March 1886, and subsequently amended, namely :—

I. To rule 182 the following sentence shall be added, namely :—

"Persons suffering from tubercle of the lung should also be isolated, and the instructions in Colonial Form No. 56 should be followed."

II. In Chapter VI, before rule 191 the following rule shall be inserted, namely:—

"190A. The rules contained in Chapter V shall, in so far as they are applicable, be given effect to in the case of return voyages from the Colonies. Especial attention is directed to Rules 182 to 186."

III. In the first column of the second table in part (*a*) of Colonial Form No. 56, and in the first column of the table in part (*b*) of the same Form, after the word "dysentery" the word "tuberculosis," and before the words "chest affections" the word "other," shall be inserted.

IV. On the reverse of the same Form the following instructions shall be inserted, namely :—

"INSTRUCTIONS FOR THE GUIDANCE OF SURGEON-SUPERINTENDENTS IN DEALING WITH CASES OF TUBERCULOSIS.

"*A.—Isolation of Patients.*

"1. Patients suffering from tubercle of the lung with cough or expectoration should be isolated and, so far as possible, be kept on the upper deck in the open air.

"*B.—Hospital or part of ship set apart for tuberculous patients.*

"2. Arrangements should be made to secure the freest possible ventilation in order that the air may be kept fresh; and all furniture which is not absolutely necessary should be removed.

"3. Patients should not be allowed to spit on the floor or walls, or to use handkerchiefs or similar articles, but should be provided with a piece of lint, or other suitable material which can be burnt after use, and which they should be instructed to hold before the mouth during a fit of coughing. Properly constructed spittoons, or where these are considered more suitable, galvanised iron buckets, three-quarters full of water or of a disinfectant, should be provided.

"4. All sputum from the receptacles above referred to should be thrown overboard daily under the supervision of a responsible person. The receptacles should be cleansed with boiling water to which soda has been added.

"5. The vomit and evacuations should also be received in vessels containing disinfecting solution, and should then be thrown overboard.

"6. All dishes and other utensils used for or by a patient should be plunged into boiling water after use. His bedding and clothing should be kept separate and disinfected after use.

"7. The quarters occupied by infected emigrants should be daily washed out with a strong disinfecting solution.

"8. Spots or stains on the floor and furniture should be washed with a strong disinfecting solution. Rubbing with a damp cloth should take the place of dry sweeping and dusting. The damp cloth so used should always be disinfected after use

"9. Persons attending cases of tuberculosis should be warned of the danger of infection and of the necessity for washing their hands with soap and a disinfecting solution before eating. Such persons should spend as much time as possible in the open air, and should not remain night and day in the hospital.

"*C.—Disinfection of sputum and discharges.*

"10. The following solutions are recommended, namely :—

(*a*) Carbolic acid solution (1 in 20).

(*b*) Mercuric chloride solution 1 in 1,000).

The formula generally used is—

Bichloride of mercury	½ oz.
Hydrochloric acid	1 „
Commercial aniline, blue	5 grains.
Water	3 gallons.

N. B.—Solution (*b*) corrodes metals and is poisonous.

"If the carbolic acid solution is used in spittoons, the quantity should be sufficient to cover the sputum.

"*D.—Disinfection of Clothing and Bedding.*

"11. Burning is the best method of disinfection: and all articles of little value should therefore be burnt.

"12. Infected clothing and bedding should be boiled and subsequently washed with soap and water. Where this is done, soaking in a disinfecting solution is unnecessary; but the solution may sometimes be useful (*e.g*, for the immediate disposal of some infected article of clothing).

"In such cases either of the two solutions above prescribed may be used and the article should be soaked in it for 24 hours or till it can be boiled.

"*E.—Disinfection of Hospital and Furniture.*"

"13. All woodwork should be well scrubbed with soft soap and hot water, or washed with a solution of mercuric chloride (1 in 1,000). The walls and floors should be similarly treated."

No. 2291T.G.—The 2nd November 1904.—The following Resolution recorded by the Government of India, in the Department of Revenue and Agriculture, is published for general information.

A. EARLE,
Secy. to the Govt. of Bengal.

No. 12—80-5, dated Simla, the 18th October 1904.

RESOLUTION—By the Government of India, Department of Revenue and Agriculture.

The following correspondence is published for general information:—

I. From the Governor-General of the Commonwealth of Australia to the Governor-General of India, dated the 18th August 1904.

"I have the honour to inform Your Excellency that the Minister of State for External Affairs in the Commonwealth Government has had under consideration the question of so administering the Immigration Restriction Act as to afford an opportunity for Indian merchants, students, and tourist travellers to enter the Commonwealth temporarily without being subjected to any restrictions, with the result that it has now been decided that any persons *bonâ fide* of the classes mentioned desirous of visiting Australia will be admitted to the Commonwealth, provided they are in possession of Passports from the Indian Government sufficiently identifying them and specifying the purpose and probable duration of their visit. Such documents will be accepted by the Commonwealth Government as entitling the holders to freely enter and pass through Australia, the only condition being that the Passports shall be examined at the first port of call.

"2. Upon arrival in the Commonwealth, the education test prescribed by the Immigration Restriction Act will in these cases not be imposed, and such persons will be permitted to land without restriction, but, in the event of their wishing to stay longer than twelve months, an application for a Certificate of Exemption for the desired term should be lodged before the expiry of such time, and the reason for such exemption stated. It will, of course, be understood that in any such cases none of the rights of the Government of the Commonwealth under the Immigration Restriction Act are to be considered as abandoned, and that, should it be found that the concession is being abused, the practice will be subject to review at any time.

"3. An undertaking will be required from all such persons to advise the Customs Officer at the port of departure when they are about to leave the Commonwealth.

"4. At the request of my Prime Minister, I have the honour to bring this matter under Your Excellency's notice, with a request that you will be good enough to inform me whether arrangements can be made in India accordingly. If there is no difficulty in the way, the proposals might take effect from an early date, say, the 1st October next, and the Indian

Government might take the necessary steps to give the requisite publicity to the matter at the seaports and principal towns of India.

"5. My Ministers hope that this exemption will be the means of promoting intercourse and improving trade relations between the Commonwealth and the great Indian Empire."

II. From the Governor-General of India to the Governor-General of the Commonwealth of Australia, letter No. 1086—80-4 (Emigration), dated the 17th October 1904.

"The Government of India have received with much pleasure the intimation conveyed in Your Excellency's letter of the 18th August 1904 that the Government of the Australian Commonwealth have decided to so far relax the provisions of the Immigration Restriction Act as to permit Indian merchants, students and tourist travellers to visit Australia under Passports granted by the Indian Government. I have the honour to ask you to convey to your Ministers our cordial acknowledgments for this valuable concession and for the sympathy it evinces with the wishes and feelings of the people of India. We cordially concur with your Ministers in hoping that this exemption of the educated classes of Indians from the restrictions imposed on ordinary immigration will result in more frequent intercourse and in an improvement of trade relations, to the mutual advantage of both countries.

"2. In accordance with the suggestion made in paragraph 4 of your letter the necessary steps have been taken to make known throughout India the relaxation of the present regulations conceded by the Commonwealth Government and instructions have been issued with the object of securing that the privilege is granted only to those to whom it is intended to apply. We have arranged to bring the regulations for the grant of Passports into effect from October 22nd.

"3. Your Excellency's recent participation in the Government of India must make it no less gratifying to you than it is to me to have been the means of communicating to our Indian fellow-subjects this evidence of the regard for their interest felt by the Australian people."

2. In accordance with the concession now granted by the Government of the Commonwealth, Secretaries to Local Governments and Administrations and Agents to the Governor-General are empowered to issue Passports to Australia, to Indian merchants, students and tourist travellers who desire to visit Australia temporarily. Each application for a Passport should be accompanied by a statement in the form annexed and should be submitted to the Magistrate of the district in which the applicant resides (or in the case of a resident in a Native State to the Political Officer) for transmission to the Government of the Province or Agent to the Governor-General. The Governor-General in Council desires to impress on Local Governments and Administrations and on Agents to the Governor-General the necessity for taking every precaution that a Passport shall not be given to any one not strictly eligible for it under the conditions laid down by the Commonwealth Government.

ORDER.—Ordered that the foregoing Resolution be forwarded to all Governments and Administrations for information and guidance, and to the Foreign Department for communication to the Agents to the Governor-General and Political Officers in Native States.

Form to be filled up by an applicant for a Passport to Australia under the terms of Government of India Resolution No. 12—80-5, dated the 18th October 1904.

1. Name and father's name (in English and Vernacular).
2. Caste or clan.
3. Residence—
   (*a*) Town or village.
   (*b*) District or State.
4. Profession or business.
5. Age.
6. Distinctive marks. (For male travellers only.)
7. Purpose of visit. (To be given in full detail.)
8. Probable duration of visit.
9. Port of embarkation.
10. Members of the Applicant's family accompanying him and to be included in the same Passport. (*a*) Names. (*b*) Ages. (*c*) Relationship.

REVISED WATER-RATE RULES FOR THE MIDNAPORE CANAL.

The 4th October 1904.

No. 59.—Notification.—In exercise of the powers conferred on him by sections 99 and 78 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Midnapore Canal. These rules and rates will supersede those now in force.

D. B. HORN,
Secy. to the Govt. of Bengal

Proposed Rules.

GENERAL CONDITIONS.

1. The Divisional Canal Officer is responsible for maintaining the canal in an efficient *condition* for the distribution of water to the lessees, *for the closing of the outlets in rotation when required*, for providing drainage channels and generally for all engineering work involved in its management. The word "canal" is here used as defined in section 3 of the Act.

2. The Deputy Collector is responsible for the assessment and collection of water-rates accruing to Government from the canal.

3. Except as provided in the Act, and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act, other than those specially provided for in Rule 19, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks *demarcated by suitable boundaries; and* in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that, as far as practicable, *one-seventh* of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer and the Deputy Collector, and shall also be recorded with its irrigable area in the registers to be kept by them.

ON APPLICATIONS.

7. Applications for leases under section 74 of the Act shall be presented to the *Deputy Collector or his subordinates.* These applications must be made in writing and may be on plain paper. The officer receiving them shall enter on the back any further data required.

8. A separate application must be presented for the lands in each village, but *tahsilalaida* or other lands lying within the village boundary at the time of survey may be included.

9. Applications for the supply of water are to be made to the Subdivisional Canal Officer or Sub-Overseer, either verbally or in writing.

Existing Rules.

NIL.

1. The Divisional Canal Officer is responsible for maintaining the canal in an efficient state of repair, for providing drainage channels where necessary, and generally for all engineering work involved in its management, as well as for the distribution of water to lessees. The word "canal" is here used as defined in section 3 of the Act.

2 The Deputy Collector is responsible for the assessment and collection of water-rates accruing to Government from the canal.

35. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer; but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any orders passed by them in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

36. In appeals to the Collector under section 91 of the Act other than those specially provided for in Rule 19, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings in the case.

NIL.

5. The Divisional Canal Officer shall map out the irrigable area into blocks in accordance with the natural features of the ground and so determine that the whole block shall be irrigable from one outlet or from one set of outlets. So far as may be practicable, the blocks shall be separated by drainage lines.

7. III.—In order to equalize the areas to be dealt with in each year, the date of expiry of the leases in each block shall be determined by the Divisional Canal Officer in consultation with the Deputy Collector, so that, as far as practicable, one-fifth of the total area usually irrigated may fall out of lease in each year.

6. Each block determined as above shall be numbered and recorded with its irrigable area in registers to be maintained by the Divisional Canal Officers and Deputy Collector. The blocks shall also be marked on maps to be maintained by the same officers.

NIL.

11. Application for water-leases under section 74 of the Act shall be presented to the Subdivisional Officer through the zilladar in whose charge the land lies.

12. Every application for a water-lease shall contain the following particulars:—

1.—Name and residence of applicant.

2.—Name of pargana, mahal, and village in which the land to be irrigated is situated.

3.—Total area for the irrigation of which the application is made and its boundaries, and if the lands to be irrigated lie in separate *chaks*, the name of each *chak*.

4.—Names of the raiyats whose lands are to be irrigated, and the quantity of land held by each.

5.—Name of the canal and number of distributary from which water is required.

6.—Signatures of the applicants.

13. A separate application must be presented for lands in each village, but *tahsilalaida* or other lands lying within the village boundary at the time of survey may be included.

3. Water shall not be distributed otherwise than on the application of a lessee, or to a person in whose favour a provisional license under Rule 15 has been issued. Such application may be made verbally or in writing to any subordinate in charge of that part of the canal from which water is required.

Proposed Rules—*continued.*

ON LEASES AND PERMITS.

10. Ordinarily *7-year leases* may be granted for the whole irrigable area of a block or, subject to the provisions of Rule 8, for definite parts of a block, under the following conditions:—

(i) The whole irrigable area of a village, so far as situated within the block, must be included in the lease: *provided that a lease for less than 10 acres is not granted without the special sanction of the Divisional Canal Officer.*

(ii) No permit shall be granted when the supply of water must of necessity be delivered across an unleased area, unless in the opinion of the Subdivisional Canal Officer a village channel exists which will deliver water across the unleased area without waste.

11. *Villages, which apply for a lease less than 7 years in advance of the date of expiry fixed under Rule 5, will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 7-year leases.*

12. The following procedure is to be followed in granting leases:—

(i) Before a permit for a *long lease* is granted, the written consent of the Divisional Canal Officer shall be obtained, *and, on the date of issue, copies of these permits shall be forwarded—one to the Divisional Canal Officer and one direct to the Subdivisional Canal Officer.*

(ii) *when water is urgently required, the silladar may grant a covering lease after obtaining the consent of the Subdivisional Canal Officer, to whom copies of the permits granted are to be sent on the date of issue This applies to new leases as well as to renewals. In the case of renewals, the area given in the previous lease may be entered in the application, until the correct area has been ascertained. A covering lease shall be current for one year only.*

13. When a lease is granted, *an agreement* shall be taken *in Appendix I or II* and a "permit" shall be given to the lessee or lessees in a form similar to that prescribed in Schedule C of the Act. (Appendix III or IV.)

14. *Except with the special sanction of the Chief Engineer* the area under long lease will be *limited* to 71,000 acres under the Midnapore weir *and 9,000* acres under the Panchkoorah weir, *making a total of 80,000 acres.*

15. Single waterings may be given *only* when water is available *over and above the quantity required to irrigate* the long leases.

16. *In the Tidal Reaches supply will only be given by single waterings.*

ON WATER-RATES.

17. Water supplied between 16th June and 30th November, whether by flow or lift, shall be charged as follows:—

(I) For water supplied on a long lease, Rs. 2 per acre per annum.

(II) For water supplied on a covering lease, when a permit for a long lease is not subsequently issued, Rs. 3 per acre.

(III) For each single watering Re. 1 per acre, the rate being payable in advance to the Subdivisional Canal Officer.

18. The rates to be charged for water supplied between the 1st December and 15th June shall be Rs. 2-8 per acre.

Existing Rules—*continued.*

4. If any lessee apply for water to the Deputy Collector or one of his subordinates verbally, he shall be directed to address himself to an irrigation officer or subordinate. If he makes such an application in writing, his petition shall be forwarded direct by the zilladar, to whom it is addressed, to the Subdivisional Canal Officer in charge* of that part of the canal from which the petitioner's village is supplied.

NIL.

7. Ordinarily leases for not more than five years may be granted for the whole irrigable area of a block, or, subject to the provisions of Rule 13, for definite parts of a block under the following conditions:—

I.—Ordinarily the whole irrigable area of any village, so far as situated within the block, must be included in the lease.

II.—All leases within one block shall be granted so that they shall expire on the same date.

IV.—No permit shall be granted, when the supply of water must of necessity be delivered across an unleased area, unless a village channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

To enable the Special Deputy Collector to equalize the area which lapses each year, leases in suitable blocks may be granted under the above conditions for six or seven years with the approval of the Executive Engineer.

NIL.

14. Before a permit for a term of years is granted, the written consent of the Divisional Canal Officer shall be obtained, but permits for one year only and provisional licenses may be issued with the written assent of the Subdivisional Canal Officer. The Deputy Collector shall on the day of issue forward a copy of all permits granted to the Divisional Canal Officer.

Existing leases may, with the written consent of the Divisional Canal Officer, be extended for not more than three years, without enquiry or remeasurement, payments being made in accordance with the existing assessment.

16. On the issue of a permit or provisional license, the zilladar shall forward to the Subdivisional Canal Officer direct a requisition requesting him to supply water to the lessee on application. This requisition shall be kept by the Canal Officer till January 1st next following, and shall then be returned to the Deputy Collector. On the back should be noted the several dates on which the village was supplied with water. A fresh requisition shall be issued on or before June 1st, and returned on or before January 1st each year, till the ease expires.

15. When a water-lease is granted, a *kabuliyat* shall be taken in a form approved by Government, and a "permit" shall be given to the lessee in a form similar to that prescribed in Schedule C of the Act. Pending the completion of a lease, the zilladar may issue a provisional license for the supply of water to an area covered by an application.

NIL.

For a term of five years—Re. 1-8 per acre for each season. (The area under long lease will, in future, as a rule, be reduced to 75,000 square acres, *i.e.*, 65,000 acres under the Midnapore weir, 8,000 under the Panchkura weir and 2,000 under the Tidal Reaches.)

If water is available after the long leases have been irrigated, leases for a single watering may be given at eight annas per acre, the rate being payable in advance.

8. The rates to be charged for water supplied between 16th June and 30th November, whether by flow or lift, to lessees on application shall be—

For one year or for water supplied on a provisional license for which a permit for a term of years is not subsequently issued, Rs. 3 per acre.

Provided that the leases, whether new or renewals required for shorter terms than five years in order to develop the system of blocks as explained above, shall be charged Re. 1-8 per acre only.

9. For the supply of water, when available, for winter crops, a rate of Rs. 2-8 per acre per season shall be charged.

Proposed Rules—*continued.*

ON DEMAND STATEMENTS.

19. The statement of the amounts *due* for the water-rates leviable under *these* rules shall be prepared under the supervision and signature of the Deputy Collector in such form as shall from time to time, be sanctioned by the Lieutenant-Governor. Persons charged under Rule *29* shall be served, by post or otherwise, with a statement showing the amounts charged, to enable them to lodge an appeal to the Collector under section 91 of the Act, if they desire to do so.

20. The rates for water supplied from June to November shall *be payable in two equal instalments, falling* due, *respectively*, on the 1st January and *1st* February following; but all sums of *Rs. 10* and under shall become due on the 1st January and be payable in one instalment. The rates for water supplied under Rule ·18 shall fall due *on the 1st April following.*

21. Water-rates imposed under Rule *29* shall fall due as soon as the assessment is made, and shall be realised at once.

ON REMISSIONS.

22. Remission of water-rates, either in whole or *in* part, shall be granted *as follows* :—

(I) By the Deputy Collector for errors in assessment of rates.

(II) By the Divisional Canal Officer for injury to a crop on a leased area caused by—

(*a*) Deficiency in the supply of water.

(*b*) *Deficiency in the drainage.*

For (*a*) and (*b*) a written application must be made at least 15 days before the crop is cut.

23. Remissions on other grounds than above require the sanction of Government.

24. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realizable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

25. Before awarding compensation under section 16 of the Act, or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

26. When a long lease is entered into, the Deputy Collector, or other officer in charge of the Revenue Division, shall select, as representative of the cultivators, a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. Mukhyas should usually be selected: or, if it is undesirable in any particular case to appoint the mukhya, the reasons for passing him over and selecting others in preference are to be noted by the Deputy Collector in the list of cultivators' representatives to be maintained by him.

27. *The person or persons so selected shall be required to give* assistance to the Canal Officers in respect of the following matters:—

(I) In the preparation of applications for leases.

(II) In the measurement of irrigated lands.

(III) In giving the names of the occupiers of the various fields.

(IV) In receiving demand statements and informing the cultivators of the demands against them.

(V) In receiving *tappas* from the zilladars and distributing them.

(VI) *In attending, when required, at enquiries and complaints.*

(VII) In reporting to the zilladars any mutations of holdings of persons who have signed a *long* lease.

(VIII) *In assisting the tahsildar in collecting rates*

28. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Deputy Collector may disallow this free irrigation, and recover the rates, in whole or in part, from the mukhya or other representative, if the assistance specified in Rule 27 has not been efficiently rendered to the

Existing Rules—*continued.*

NIL.

19. The statements of the amounts demandable for water-rates leviable under the rules in force shall be prepared under the supervision and signature of the Deputy Collector in such form as shall from time to time be sanctioned by the Lieutenant-Governor. Persons charged under Rule 10 or 18 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act, if they desire to do so.

21. The rates for water supplied from June to November shall in each season fall due on the 1st January and 15th February following, but all sums of Rs. 5 and under shall become due on the 1st January and be payable in one instalment. The Deputy Collector may, however, require one-half of the rates due on applications filed after the 1st of September to be paid in advance, and may refuse to issue a permit for more than one year. The rates for water supplied for winter crops shall fall due on the 1st April following.

22. Water-rates imposed under Rule 10 or 18 shall fall due as soon as the assessment is made, and shall be realized at once.

NIL.

24. Remission of water-rates, either in whole or part, as the case may require shall be granted by the Deputy Collector for—

I.—Errors in the assessment of rates.

II.—Injury to the crop on a leased area caused by deficient supply of water, provided a written application for remission has been made 15 days at least before the crop is cut.

In regard to applications under II, the written opinion of the Divisional Canal Officer shall be obtained and form part of the record of the case.

25. The Deputy Collector, with the written consent of the Divisional Canal Officer may grant remissions of water-rates, either in whole or part, for injury to the crops on leased areas caused by excess of water due to deficient drainage.

27. Remissions on other grounds than the above require the sanction of Government.

28. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is non-realizable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

29. Before awarding compensation under section 16 of the Act, or making a reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

NIL.

NIL.

30. The *chaukidar* or *mukhya* of any village in which lands are leased for a term of years shall be entitled to a remission of water-rates for his holding either as a *jagir* or *raiyati* up to a limit of 3 acres per hundred acres of total leased area provided he gives efficient and willing assistance to the Canal Officers in respect to the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurements of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *tappas* from the zilladars and distributing them.

VI.—In being present when complaints are investigated by Canal Officers, and giving information regarding the matters under investigation.

VII.—In reporting to the zilladars any mutations in holdings of persons who have signed a lease for a term of years.

NIL.

Proposed Rules—*continued.*

satisfaction of the Local Officers. The reasons for such disallowances are to be recorded by the Deputy Collector in the list of cultivators' representatives maintained by him.

ON UNAUTHORISED IRRIGATION.

29. For the unauthorised use of canal water a rate of *Rs. 5* per acre shall be charged: *this rate may, however, be reduced at the discretion of the Deputy Collector.*

30. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken *in an unauthorised manner*, he shall hold a local investigation, *and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down* and the *whole* record *forwarded to the Divisional Canal Officer for disposal. If the Divisional Canal Officer is of opinion that the area should be assessed he shall make a note on the case and forward the whole record* to the Deputy Collector. Separate proceedings shall be taken in the case of each village irrigated without authority.

31. On receipt of the record mentioned in *Rule 30*, and after hearing any objection that may be raised, the Deputy Collector shall determine whether the water-rates can be legally charged, and if so, he shall assess the *area* irrigated without authority, *and fix the rates allowed under Rule 29.* Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate. *These unauthorised irrigation cases must be disposed of by the Deputy Collector within a month of the receipt of the record from the Divisional Canal Officer.*

32. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases, the persons assessed under Rule 29 shall also pay the water-rates due in respect of the lease subsequently granted. Provided that the total of these two rates shall not exceed the maximum rate chargeable under Rule 29. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under Rule 29.

ON PENALTIES AND CANCELLING OF LEASES.

33. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted, or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

34. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Deputy Collector to—

I.—Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, unless half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

II.—Cancel any *long* lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

III.—*Cancel any lease which cannot be irrigated from the canal except by passing water over an unleased area.*

MISCELLANEOUS.

35. Water may be given free of charge for filling tanks and for manufacturing or other purposes by order of the Divisional Canal Officer, *who, however, if he thinks fit,* may charge a rate of Re. 1 per 10,000 cubic feet for it. The same *rate* will be *assessed* if water is taken without authority into a tank or *otherwise* used in an unauthorised manner *for any purpose except for irrigation.*

36. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

Existing Rules—*continued.*

NIL.

10. For the unauthorised use of canal water a rate of Rs. 5 per acre, or such less rate as may be sanctioned by the Deputy Collector, shall be charged.

17. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken without authority, he shall hold a local investigation and transmit the record thereof to the Divisional Officer, who shall, if he is of opinion that the fields should be assessed, forward the case with his remarks to the Deputy Collector. Separate proceedings shall be taken in the case of each village irrigated without authority.

18. On receipt of the record mentioned in Rule 17, and after hearing any objection which may be raised, the Deputy Collector shall determine whether water-rates can be legally charged, and, if so, he shall proceed to assess, at the rate provided in Rule 10, the land irrigated without authority. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

NIL.

NIL.

20. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted, or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st of June next following.

23. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Deputy Collector to—

I.—Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realizing water-rates until all the arrears of water-rates due are paid up, and also, if specially so ordered, unless half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

II.—Cancel any five years' lease if on the 1st of June of any year water-rates to the extent of half the demand for one year are in arrears.

NIL.

NIL.

31. Tanks may be filled with canal-water without charge, wherever water can be made available without injury to the cultivation dependent on a canal under the following conditions :—

I.—No tank shall be filled unless the water is to be exclusively used for domestic purposes or for watering cattle.

II.—No tank shall be filled from which irrigation is practised.

III.—No tank shall be filled which intercepts any line of drainage or is liable to overflow from the accumulation of water from natural causes.

IV.—No tank shall be filled except on the written order of the Subdivisional Canal Officer issued on the written application of the persons concerned.

V.—No tank shall be filled unless the village channel used to convey water to it shall be shown to the satisfaction of the Subdivisional Canal Officer to be in a sound condition when the application is made.

VI.—The privilege here accorded may, by the written order of the Subdivisional Canal Officer, be suspended for 12 months for the breach of any of the above rules.

32. The Divisional Canal Officer may supply water for manufacturing or other purposes and charge for the same at the rate of one rupee for each 10,000 cubic feet or part of 10,000 cubic feet supplied. The same charge will be made if water is taken into a tank without authority or used in an unauthorized manner.

Proposed Rules—*concluded*.

37. Unless specially exempted by the Lieutenant-Governor from the operation of this rule, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

Existing Rules—*concluded.*

33. No person shall, without the permission in writing of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass on or across any of the works banks or channels of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as are provided by the Divisional Canal Officer.

34. No officer employed on the canals, unless especially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others.

Annual Examination of Pleaders in Surveying.

1. The next Survey examination for pleaders will be held in February 1905.

2. Applications for admission to appear at the examination should in the first place be submitted to the District Judge in whose Court or in Courts subordinate to whom the pleader ordinarily practises. The District Judge will require evidence from all applicants that they have undergone some training in practical surveying. He will not countersign the application of a candidate who fails to satisfy him on this point; nor will such a candidate be permitted to appear at the examination.

3. Candidates whose applications have been countersigned by the District Judge must submit their applications to the Director of Public Instruction, and these must be received on or before the 15th December 1904. After this date no more applications will be received.

4. The application should state the centre at which the candidate intends to appear, and all particulars as to the length of time the applicant has practised in the Court and the full address, &c., necessary to secure that letters will reach the applicant.

5. Each application should be accompanied by the prescribed fee of Rs. 30,* which will in no case be refunded.

6 Only pleaders practising in one of the Courts of the Province of Bengal will be eligible for the examination.

7. The examination will be held at four centres, viz., Dacca, Patna, Cuttack, and Sibpur.

8. The subjects for examination are noted below:—

(1) Paper on General Elementary Surveying, including Theodolite and Levelling.
(2) Practical examination in the field in—
  (a) Chain, and chain and compass surveying.
  (b) Plane tabling.
  (c) Plotting.
  (d) Levelling.
  (e) Use of Theodolite and the permanent and temporary adjustment of instruments.

9. Candidates are required to secure 40 per cent. of the marks in the paper on surveying and 50 per cent. in the practical portion of the examination.

10. The rules regarding the Pleader's Survey examination were published in the *Calcutta Gazette* of the 28th September 1904.

11. The programme for the examination will be published in the *Calcutta Gazette*.

A. PEDLER,
Director of Public Instruction, Bengal.

The 15th October 1904.

* The fee must be deposited in the Bank or local treasury and the receipt for the same should accompany the application. On no account cash or money-order will be received.

Orders and Notifications by the Government of India, &c

[*Reprinted from the "Gazette of India."*]

The following orders, issued by the Government of India in the Home Department, are republished for general information.

R. W. CARLYLE,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATIONS.

ESTABLISHMENTS.

The 2nd November 1904.

No. 1154.—The services of Mr. J Johnston, of the Indian Civil Service, are replaced at the disposal of the Government of Bengal.

EXAMINATIONS.

The 4th November 1904.

No. 725.—With reference to rules 4 and 9 of the rules published with the Home Department Notification No. 529, dated the 8th September 1899, and to rules 2 and 6 published with the Resolution of the Government of Bengal, No. 364-T.F., dated the 10th October 1894, it is hereby notified that the examination prescribed for filling up vacancies in the lower division of the Secretariat clerical service of the Government of India and attached offices, and in the clerical establishments of the offices subordinate to the Government of Bengal, will be held at Calcutta in the Senate House of the Calcutta University, commencing on Saturday, the 7th January 1905.

The examination at Allahabad and Lahore will be held at the same time at the places to be appointed by the Governments of the United Provinces and the Punjab, respectively. The hours of examination at Calcutta will be from 10 A.M. to 1 P.M. and from 1-30 P.M. to 4-30 P.M. daily.

The probable number of vacancies in the lower division of the Secretariat clerical service of the Government of India and attached offices to be competed for is nineteen. Of these, nine will be reserved for candidates domiciled in the United Provinces, the Punjab, the Central Provinces, Rajputana, Central India, and Baluchistan, provided that a sufficient number of such candidates duly qualified appear for the examinations to be held at Allahabad and Lahore. The remaining vacancies will be offered for competition among the candidates examined at Calcutta, and such candidates temporarily resident, but not domiciled, in any of the provinces enumerated above, as may be permitted to present themselves for examination at Allahabad and Lahore.

The probable number of vacancies in the offices subordinate to the Government of Bengal is sixteen. These will be reserved for candidates examined at Calcutta, but two of these will be reserved for the special service of domiciled Europeans and Eurasians.

Candidates should pay the prescribed fee (Rs. 10) into the nearest treasury and forward the treasury receipt to the Secretary to the Board of Examiners, Calcutta. Candidates paying their fees in Calcutta should pay them into the Bank of Bengal.

Application for permission to appear at the examination should be made to the Secretary to the Board of Examiners, Calcutta, between the date of this notification and the 15th December next (inclusive).

The attention of intending candidates is called to rule 8 of the rules* published with the Home Department Notification of the 8th September 1899 and to rule 5 of the rules published with the Resolution of the Government of Bengal of the 10th October 1894 as amended by Notification No. 877-T.F., dated the 17th October 1896, prescribing the particulars and documents† which should accompany the application for permission to appear at the examination.

* *Particulars and documents prescribed in rule 8 of the rules published with the Home Department Notification of 8th September 1899—*

(1) Evidence that the candidate at the date of making his application is not less than 18 and not more than 24 years of age. The date of the candidate's birth must be stated.

(2) In case the candidate has been educated at a school in which students' good conduct registers are kept, the candidate's register for the last year of his attendance at school when a year has not elapsed since he left school. In other cases a certificate that the candidate is of good moral character from the head of the institution in which he has last been educated, or from some respectable householder to whom he is well known in private life, and who is himself known to a district or subdivisional magistrate or to the head of some Government office,—this last fact being certified by the countersignature of the officer in question.

(3) If the candidate is employed under Government a certificate by the head of the office or department to the effect that, in his opinion, there is no objection to the candidate appearing at the ensuing clerkship examination.

(4) A statement whether the candidate has appeared at any previous clerkship examination, and, if so, in what year.

† *Particulars and documents prescribed in rule 5 of the rules published with the Resolution of the Bengal Government of the 10th October 1894, as amended by Notification No 877-T.F., dated the 17th October 1896—*

(1) The candidate's certificate of the Entrance or any higher University examination, or of Standard VII prescribed by the Code for European Schools.

(2) Evidence that the candidate at the date of making his application is not less than 18 and not more than 24 years of age. The date of the candidate's birth must be stated.

(3) In case the candidate has been educated at a school in which students' good conduct registers are kept, and in case a year has not elapsed since he left school, a copy of the candidate's register for the last year of his attendance at school certified by the head master. In other cases a certificate that the candidate is of good moral character from the head of the institution in which he has last been educated, or from some respectable householder to whom he is well known in private life, and who is himself known to a district or sub-divisional magistrate or to the head of some Government office,—this last fact being certified by the countersignature of the officer in question.

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of the Governor General on the 28th October, 1904, and is hereby promulgated for general information:

ACT NO. XV OF 1904.

An Act further to amend the Indian Stamp Act, 1899.

II of 1899. WHEREAS it is expedient further to amend the Indian Stamp Act, 1899; It is hereby enacted as follows:

Short title and extent.

1. (1) This Act may be called the Indian Stamp (Amendment) Act, 1904.

(2) It extends to the whole of British India, inclusive of Upper Burma, British Baluchistan, the Santhal Parganas and the Pargana of Spiti.

Amendment of section 2, Act II, 1899.

II of 1899. 2. In section 2 of the Indian Stamp Act, 1899 (hereinafter referred to as "the said Act"),—

(a) after the definition of "lease" in clause (16) the following definition shall be inserted, namely:

"(16A) "marketable security" means a security of such a description as to be capable of being sold in any stock market in British India or in the United Kingdom;" and

(b) to the definition of "settlement" in clause (24) the following words shall be added, namely:

"and, where any such disposition has not been made in writing, any instrument recording, whether by way of declaration of trust or otherwise, the terms of any such disposition".

Addition of new section 23A after section 23, Act II, 1899.

3. After section 23 of the said Act the following section shall be added, namely:

Certain instruments connected with mortgages of marketable securities to be chargeable as agreements.

"23A. (1) Where an instrument (not being a promissory note or bill of exchange)—

(a) is given upon the occasion of the deposit of any marketable security by way of security for money advanced or to be advanced by way of loan, or for an existing or future debt; or

(b) makes redeemable or qualifies a duly stamped transfer, intended as a security, of any marketable security;

it shall be chargeable with duty as if it were an agreement or memorandum of an agreement chargeable with duty under Article No. 5 (b) of Schedule I.

(2) A release or discharge of any such instrument shall only be chargeable with the like duty."

Amendment of section 26, Act II, 1899.

4. In section 26 of the said Act, for the first proviso the following proviso shall be substituted, namely:

"Provided that, in the case of the lease of a mine in which royalty or a share of the produce

is received as the rent or part of the rent, it shall be sufficient to have estimated such royalty or the value of such share, for the purpose of stamp-duty,—

(*a*) when the lease has been granted by or on behalf of the Secretary of State in Council, at such amount or value as the Collector may, having regard to all the circumstances of the case, have estimated as likely to be payable by way of royalty or share to the said Secretary of State in Council under the lease, or,

(*b*) when the lease has been granted by any other person, at twenty thousand rupees a year;

and the whole amount of such royalty or share, whatever it may be, shall be claimable under such lease."

Amendment of section 29, Act II, 1899.

5. In section 29, clause (*a*), of the said Act, for the words and figure "No 6 (Agreement to Mortgage)" the words and figure "No. 6 (Agreement relating to Deposit of Title-deeds, Pawn or Pledge)" shall be substituted.

Amendment of section 40 (*1*) (*b*), Act II, 1899.

6. In section 40, sub-section (*1*), clause (*b*), of the said Act, before the words "ten times the amount" the words "an amount not exceeding" shall be inserted.

Amendment of section 55 (*1*), Act II, 1899.

7. In section 56, sub-section (*1*), of the said Act, after the word and figure "Chapter V" the following shall be inserted, namely:

"and under clause (*a*) of the first proviso to section 26".

Amendments of Schedule I, Act II, 1899.

8. In Schedule I of the said Act the following amendments shall be made, namely:

(*1*) for Article No. 6 the following Article shall be substituted, namely:

"6. AGREEMENT RELATING TO DEPOSIT OF TITLE-DEEDS, PAWN OR PLEDGE, that is to say, any instrument evidencing an agreement relating to—	
(1) the deposit of title-deeds or instruments constituting or being evidence of the title to any property whatever (other than a marketable security), or	
(2) the pawn or pledge of moveable property,	
where such deposit, pawn or pledge has been made by way of security for the repayment of money advanced or to be advanced by way of loan or an existing or future debt—	
(*a*) if such loan or debt is repayable on demand or more than three months from the date of the instrument evidencing the agreement;	The same duty as a Bill of Exchange [No. 13 (*b*)] for the amount secured.
(*b*) if such loan or debt is repayable not more than three months from the date of such instrument.	Half the duty payable on a Bill of Exchange [No. 13 (*b*)] for the amount secured.

Exemption.
